Carolina Open Coming! Bulletin!

The 1961 Carolinas Open Golf Tournament will definitely be held at the Boone Golf Club June 6, 7, 8, and 9, with a Pro-Am warm-up event to be played on the 6th. It is announced by Joe Maples, pro at the local club.

The information came Sunday to Mr. Maples that the proposal of the local club had been accepted, and that the tournament would be held on the dates requested.

This is the first time the open has been held in the mountains, and club members and other citizens of the area are already expressing their interest in lending full cooperation to the end that the tournament will be the very best in its history.

The large number of golfers who will be attracted to Boone, as well as the spectators, will provide one of the outstanding events ever to come to this area, and already tentative plans are being made for a program of entertainment for the visitors. A Tweetsie trip has already been arranged through the courtesy of Grover C. Robbins, Jr., and other features will be proposed later on.

In announcing the event, Mr. Maples states that a group of sponsors are to be thanked for this event. They are: Tweetsie Railroad, A. G. Jonas, Newton Truck Line of Lenoir, and Broyhill Furniture of Lenoir.

Michigan Girl Scouts, Leaders Take Annual Journey To Carolina's Hills

By JOE C. MINOR
 Fourteen Girl Scouts and their leaders from Ypsilanti, Michigan, and Bluefield, West Virginia, were in Watauga county last week for three of their twelve-day camping and sightseeing tour. Known as the Girl Scout Mountain Camping Caravan, this is the fourth year girls from these areas have made the Caravan, which included overnight stops in Ohio, West Virginia, North Carolina, Tennessee, and Kentucky.

Three nights were spent at Mrs. Florence E. Boyd's, on U. S. 221, between Blowing Rock and Grandfather Mountain.

In fact, it was through a conversation with Miss Boyd five years ago that the caravan was instigated. Here's the story as related to the Democrat:
 Five years ago, three girls, traveling from Florida to Michigan, stopped at a little store on U. S. 221. Their objective was only to purchase some sourwood honey. In the group was Miss Priscilla Newell, district director, Huron Valley Girl Scout Council, Ypsilanti, Mich.

In the conversation with Miss Boyd, the proprietor, they were invited to return anytime—and to bring their girl scouts with them. Before the three girls had gone very far up the road, they began to talk about Miss Boyd's invitation, and to wonder if she really meant it.

Anyone who knows Miss Boyd, would know that she meant it, and because these three girls took her at her word, 64 scouts have enjoyed the trip in the past four years. Indications Friday were that this would not be the last year either.

Anyway, before the honey-buying girls had reached home they had the entire trip planned out. In the spring of 1957, they had planned the construction of a trailer that would carry sleeping bags, tents, food, and cooking equipment—enough to accommodate 12 people for two weeks of primitive camping.

Letters went out to State parks, chambers of commerce, food packing houses and various Girl Scout councils, requesting information about overnight camp sites, sightseeing spots, and anything to do that would be of interest to girls in the 14 to 17 year age group.

Every year since 1957, Miss Newell has planned, organized and camped with the group. For the past three years she has had the help of Mrs. Robert McCutcheon, who was with them on this trip also.

The trip this year was planned to visit the Bluefield, W. Va., Scout Council, where two senior Scouts joined the Caravan.

The Scouts stayed three nights at Miss Boyd's. They always make this their longest stop, and it would have been hard to decide who was having the most fun—Miss Boyd or the girls.

They visited with the Yonahlossee girl campers, at the Moses Cone Mansion and estate; they saw "Horn in the West"; they climbed Grandfather Mountain via the Daniel Boone Boy Scout trail; they rode "Tweetsie"; they had three full days of fun in Holiday Highlands.

After leaving Watauga, their itinerary included camping in the Smokies, a visit to the Atomic Energy Museum in Oak Ridge, (continued on page five)

League Women Voters Being Organized Here

A local League of Women Voters is being organized in Watauga County.

Any woman who has gone to the polls to exercise her right and her duty to vote and then felt baffled by a long ballot containing many unfamiliar names and offices has felt the need of this organization.

While the League is nonpartisan and does not support or oppose specific candidates or parties it does take action in support of or in opposition to selected governmental issues and on election day there's usually one thing that the Republican and Democratic parties can agree on: millions of people will be better informed voters because of the League of Women Voters.

The League is an outgrowth of the National American Woman Suffrage Association. It was founded in 1920, upon ratification of the 19th Amendment giving women the vote.

The purpose of the League of Women Voters is to promote political responsibility through informed and active participation of citizens in government.

Members are encouraged to work as individuals in the political party of their choice. All women citizens of voting age who believe in representative government are eligible for membership. Dues are kept low so that anyone interested in the League's purpose is able to join.

Mrs. Raymond Smith of Greensboro, a member of the state board of the League of Women Voters, will meet with those who are interested in learning more about the League on Sunday afternoon, July 24th, at 4:00 o'clock in the courtroom located upstairs in the courthouse. All who are interested are urged to attend.

Watauga County is fortunate in having the services of this prominent League member and it is hoped there will be a large turnout. Those who are unable to attend (continued on page five)

Week end visitors with Dr. and Mrs. Jack Martin were Dr. and Mrs. Hugh Armstrong and son, Rankin, of Monroe.

TRAVEL BOOST IS SEEN

Federal Highway 321 To Reach To Johnson City

New Route Is Added To Many Touching City

Federal highway 321 is to be extended to Johnson City, Tenn., when the number is added to 421, 603 and Tennessee 67 and 91 from Boone to Johnson City.

Highway 321 has its beginning at Savannah, Ga. and the designation has been ending at Boone. Traffic on 321 at Johnson will be able to proceed directly to Savannah, making connections at Allendale, S. C. with 301 for travel through the heart of Florida. The heaviest grade on the route is between Blowing Rock and Lenoir.

Civic leaders feel that this will mean much for Boone since it will complete a network of Federal roads, flowing traffic in every direction, and providing easy access to every part of the country.

The extension has been approved by the American Association of State Highways and it is expected that signs will be placed on the route as quickly as possible.

Speaking of the new highway designation, Herman W. Wilcox, president of the Boone Chamber of Commerce gives credit to the following for the consummation of this new route: James H. Council, at that time Division Highway Engineer; Ralph L. Howland, Commissioner; W. F. Babcock, director of highways; W. R. Winkler, former Highway Commissioner, along with Carl Jones of Johnson City Press-Chronicle and the Johnson City Chamber of Commerce.

FREAK ACCIDENT.—Ernest Hampton Travis, of Dallas, N. C., suffered a sprained back, when his station wagon, passing the Greene Motel on Highway 321, was hit by a runaway car that had been parked in front of the motel rolled down the lawn and into the highway. Travis was thrown from his vehicle by the impact before it turned over and went down the embankment. The Florida car is in the foreground, with the station wagon shown where it tumbled from the highway. The accident happened about 5:30 p. m. Thursday. Travis was a student at the college summer school.—Photo Flowers' Photo Shop.

Polling Places Announced For 'Nickels For Know How' Voting

The polling places for the Nickels for Know How election, to be held Friday, September 30, have been announced.

The Nickels for Know How is a program that has been in effect in North Carolina for several years, and has to be voted upon periodically to determine if feed and fertilizer users desire its continuance. Any person buying feed or fertilizer may vote. One of the projects now under way is an effort to find a suitable control of the alfalfa weevil.

Two other states patterned similar programs after that of North Carolina, according to L. E. Tucker, county agricultural agent.
