Ferneyhoughs Are Honored

The Reverend and Mrs. W. Todd Ferneyhough were honored on Sunday with a reception given by the Canterbury Club of St. Luke's Episcopal Church in Boone, when some 400 guests from Boone, Blowing Rock, Watauga and surrounding counties attended between the hour of 2:30 and 4:30 p. m.

Dr. and Mrs. W. H. Plemmons graciously opened their home for the occasion, and assisted the Canterbury members in entertaining. Members of the congregation of St. Luke's also assisted.

An arrangement of yellow and white chrysanthemums and gladioli formed the centerpiece of the dining room table. On either side were silver candleholders holding pastel yellow candles. A beautiful compote arrangement of purple, red and green grapes centered the buffet, with small clusters of the same draped on each side.

Dr. G. K. Moore and Mr. C. A. Price greeted the guests at the door, and Miss Lillian Sherman presided at the guest register. Mr. and Mrs. B. G. Ray conducted the visitors to the receiving line, which was composed of Rev. and Mrs. Ferneyhough and Jimmy Hartin, president of the Canterbury Club.

Miss Betty Carnes and Miss Carol Martin ushered the guests into the dining room where Mrs. Mont Glover, Mrs. Bert Ellis, Mrs. Howard Madison and Mrs. R. E. Agle presided at the tea and coffee table during the afternoon.

Mrs. G. K. Moore and Mr. C. A. Price, Miss Janie Price, Miss Patsy Alexander, Mrs. R. A. Wellborn, Miss Linda Darby, Miss Betty

Bally and Miss Ann Sharpless assisted in directing the guests into the living room and bidding them goodbye.

The Rev. W. Todd Ferneyhough came to St. Luke's Episcopal Church several weeks ago as Priest-in-Charge from the parish at Baton Rouge, La. He is a native of Reidsville, N. C. and his wife is the former Miss Dot Cable of Greensboro. They have one son.

Miss Mullins, Mr. Reardon Wed

Mr. and Mrs. James Albert Mullins of Boone announce the marriage of their daughter, Rachel Virginia, to Karl Anthony Reardon of Alberta Canada. Miss Mullins has been working for Aircraft Tools, Inc. at Los Angeles for the past year. Mr. Reardon holds an executive position with the same company in Los Angeles, where the couple will make their home.

Blue Bonnet Club Meets

By BARBARA BARNETT
The Blue Bonnet Junior Garden Club met for its regular meeting Saturday, November 12.

New officers presided for the first time. Business taken up was how to make some money for the club, and it was decided to make miniature Christmas corsages to sell for a small price.

The project for the month of November was bird houses. This was solved by painting gourds in gay colors. We then cut an opening in the gourds, and they will be used for wren houses.

Refreshments were served by the leader, Mrs. Dewitt Barnett, at the close of the meeting.

Club Enjoys Coffee Break

The Boone Junior Woman's Club held a coffee break at Appalachian Elementary School on Teachers Day, Monday, November 14, serving cookies and coffee to the teachers.

A Thanksgiving theme was used and each teacher was wearing a lovely corsage which the children in each class had presented to her.

Hostesses for the coffee were Mrs. Johnny Barnett, chairman, Mrs. Ken Shaeffer, Mrs. Billy Foutz, Mrs. John Hollar and Mrs. W. J. Rowland.

Other members of the club made cookies and participated in various ways to make Teacher's Day a success.

"OUT OF ODOR"

Des Moines, Iowa—In the women's lounge off the lobby of a Des Moines hotel stands a perfume-dispensing machine, which, for a dime, will spray any one of four popular scents.

The machine went on the blink and up went a sign saying: "Out of order."

An unidentified girl, using her lipstick, scratched out the words and revised them to say: "Out of Odor."

Miss Aurelia Cannon Presents Recital Friday

AURELIA CANNON

On Friday evening, November 11, the ASTC Music Department presented Miss Aurelia Cannon in her senior piano recital. The program was held in the Fine Arts Building Auditorium at 8:00 o'clock.

The daughter of Mr. and Mrs. F. W. Cannon of Lancaster, S. C., Miss Cannon has studied under her four years at Appalachian under Walton Cole.

Miss Cannon has been a member of the ASTC chorus for four years, a member of the Methodist Church Choir and MYF, a member of the Music Education Club; and has played in summer school band.

Assisting Miss Cannon in the program was Kenneth Adams, vocalist, accompanied by Miss Faye Davis, pianist.

About Your Home

There should be a place in every home to keep, in orderly fashion, important papers. Wills, insurance policies, deeds, with certificates and such should never be kept scattered through various desk drawers.

A safety deposit box at your bank is an excellent place for those papers that are vitally important. When you are building a home—if the expense does not prohibit it—you could include a built-in wall safe. This convenience in your home can be used for jewelry, as well as important papers. It should be fireproof and well concealed from sight.

There are a number of filing cabinets on the market that will fill the bill very well. A cabinet for this purpose should lock and be, at least, partially fireproof. For papers, this type of storage has an advantage over the wall safe. The papers can be filed in alphabetical order.

A filing cabinet makes an ideal storage place for easily lost items such as: extra keys, patterns, addresses, seldom-used phone numbers—the list could be endless and made to include all those bits of gardening lore, etc., you always mean to save for future reference.

A filing cabinet need not be an unattractive piece in the home. There are many ways to redecorate the exterior. It can be painted and embellished with prints or a Chinese pattern.

Try wallpaper. One of the new marbled prints usually works out very well. If you are building you may think about having a filing cabinet built into a wall.

Yule Contest Is Announced

The Boone Junior Woman's Club will sponsor again this year a Christmas decoration contest. Other clubs will be co-operating.

Club members urge that every family in Boone enter this contest.

More details concerning the contest will be given in the Democrat at a later date.

Mrs. Isaacs Rites Friday

Mrs. Addie Matheson Isaacs, 82, of Rt. 1, Sugar Grove died Wednesday, November 9.

Funeral services were held Friday, November 11 in the Henson Chapel Methodist Church at 2:00 p. m., conducted by Rev. W. Alvin Wilson.

Surviving are three sons, Bud and Lonnie Isaacs, both of Vilas, Roy Mutheson, Elizabethton, Tenn.; three daughters, Mrs. Charlie Greene, Sherwood, Mrs. Earl Teague, Boone, Miss Carey Isaacs, Sugar Grove, and one sister Mrs. Callie Shull, Sugar Grove. There are 19 grandchildren and 17 great grandchildren.

Weed Cards Are Available

Burley tobacco marketing cards will be available at the county ASC office Monday, November 21. Operators who wish their cards mailed should advise the county office, and those who wish their cards delivered to someone else should send written request by such person.

Delivering cards in person will allow farmers to make performance reports and discuss any other matters of importance with the office personnel.

Organize Club At Blowing Rock

The Blowing Rock Dramatics Club was organized November 6th. The purpose of the club is to develop the appreciation and the presentation of plays.

The club serves a three-fold purpose—it provides fun, socials, and learning experience for its members.

The officers elected are as follows: President, Betty Martha Triplett; vice-president, Bill Dotson; secretary, Jeanette Storie; treasurer, Edwin Isaacs; reporter, Ann Moody.

A Professor brought a copy of his final exam to be mimeographed. The secretary looked at it and said, "But Professor, this is the same exam you gave last year." "I know," replied the Prof., "but I've changed the answers."

Doctor Talk

By JOHN B. REMBERT, M. D.
During the past year this writer has mentioned the great waste by millions of Americans each day purchasing special vitamins of fers, over the counter home remedies, and fat reducing foods—millions of dollars are wasted yearly in this manner.

To focus the attention of the American public on this yearly waste on worthless health care, the American Medical Association has launched a comprehensive study and action program aimed at guiding the consumer in spending his health care dollars wisely.

The first step taken by the A. M. A. was the formation of a Commission on Medical Care Costs. The purpose of this new commission is to find answers to many questions being raised about medical care costs and to present the findings frankly and forthrightly to the medical profession and to the public.

The second phase of this program launched by the A. M. A. calls upon the nation's physicians to provide the leadership in alerting the public to the ineffectiveness of a vast number of non-prescription or over-the-counter drug products currently being used by the public in great quantities and at a cost running into millions of dollars annually.

The food-faddism phase of the program is merely a continuation of an earlier nationwide campaign against door-to-door peddlers—the self-styled health and nutrition experts—who promote "cure-alls" for everything ranging from "that tired feeling" to arthritis and cancer.

It is estimated that approximately \$350 million dollars is being spent annually by the public on self-prescribed vitamins alone. It has been stated months ago in this column that if a healthy individual's diet contains the key food groups in sufficient amounts, nutritional supplementation is not needed. The A. M. A.'s Council on Foods and Nutrition has recently reiterated this same statement. The council did point out, however, that vitamin preparations are valuable when used properly.

Vitamin preparations are not the only way in which Americans waste their health dollar; last year more than 148 million dollars was spent on laxatives; more than \$68 million dollars was spent on aspirin; \$250 million a year is being spent by arthritis patients on uranium-ore pads, super aspirin, alcohol and herb roots, and other nostrums.

Retires After 20 Years Army

Sgt. Carson McNeil, son of Mr. and Mrs. Grady McNeil, has returned from Hawaii, upon his retirement from the Army, after twenty years service.

Sgt. McNeil spent about half of the twenty years out of the States, and served in Europe during the last war. He has served in Hawaii, Siam, and Korea.

Mr. McNeil will reside in Watauga, where he will engage in farming activities.

Several years after moving out of town, a lady came back to visit and ran into a neighbor who said, "I didn't know you. You look so much older."

The lady replied, "I hardly knew you either except for your hat and dress."

WE WILL SELL AT

Know The Weather

By E. H. SIMS

What is "football weather?" Do people really feel better in the fall, when football is played?

There is such a thing as football weather, not because of football but because of the time of the year football is played in the United States.

This sport comes when high pressure systems begin to push down from the north with greater regularity, bringing with them cold, dry air. It is the beginning of the trend toward winter, and there is less rain in the fall than in summer.

Since high pressure usually makes people feel good (low pressure sometimes has a depressing effect), this—combined with cooler weather, and resulting invigoration—combines to produce an energetic feeling, or that "football weather" in the fall when appetite and energy seem to return after a hot summer.

TO HEAL RED SPLIT

Western diplomats are convinced that the Soviet and Chinese Communists are working overtime to try to patch up their differences. Yet the evidence to date suggests that they have not had any conspicuous success.

It is widely believed that the Soviet and Chinese officials have been closeted—in Moscow, Peiping or elsewhere—for some time, to discuss and try to end their differences.

WARNING FROM F. B. I.

J. Edgar Hoover has called on business men and the general public to join forces with the police throughout the nation in fighting "a veritable plague of bad check passers."

The director of the Federal Bureau of Investigation said "these callous scavengers" will take advantage of the holiday season and heavy shopping crowds.

This Ford Fairlane costs even less than some compacts

Save and Save Again with the Trend-Setting '61 Fairlane!

Save on initial price! The full-size '61 Fairlane actually costs up to \$84.48* less than some new-name compacts. Yet it offers more room, more luggage space, more beef, more brawn, and more built-for-people comfort than ever before!

And save even more on operating costs! The '61 Fairlane offers many new built-to-take-care-of-itself features that keep you out of repair shops. Come in today and see the '61 Ford Fairlane—the car that gives you the most for the least!

*Based on a comparison of manufacturers' suggested retail delivered prices, not including optional whitewall tires shown.

and only the '61 FORD is beautifully built to take care of itself

HERE'S HOW THE '61 FORD TAKES CARE OF ITSELF!

Lubricates itself—You'll normally go 30,000 miles between chassis lubrications. Then a quick, inexpensive Ford Dealer lube job (which costs less than \$4.00!) will get you set for another 30,000 miles.

Cleans its own oil—You'll go 4,500 miles between oil changes with Ford's Full-Flow oil filter.

Adjusts its own brakes—New Truck Size brakes adjust themselves automatically.

Guards its own muffler—Ford mufflers are double-wrapped and aluminumized—normally will last three times as long as ordinary mufflers.

Protects its own body—All vital under-body parts are specially processed to resist rust and corrosion, even to galvanizing the body panels beneath the doors.

Takes care of its own finish—New Diamond Lustre Finish never needs wax.

COME IN FOR YOUR FREE COPY OF "LET'S COMPARE OPERATING COSTS" AT YOUR NEAREST FORD DEALER'S!

*Based on 18 minutes' service cost.
