Comment On Sports

By PETE FRITCHIE

Washington, D. C.—The pennant races in the two Major Leagues should be interesting this year. There is a chance that a runaway will take place in the American, as usual, but whether there will be any similar show in the National is highly doubtful.

In the younger circuit—and now the larger—the Yankees have plenty of power. If their pitching comes out smooth, they will be hard to stop. The best bets to give them a good run are Chicago and Baltimore.

Chicago will have to come up with superb pitching, and Senor Al Lopez hopes Herb Score, Cal McLish and one or two others will give him the class on the mound he usually manages to exhibit. Last year Lopez finished third, his lowest finish in years, and he is not satisfied with that.

If Score and the two new acquisitions, and rookies, come through for Lopez, his strong pitching might put him in there. These are the 1959 league champions but they couldn't handle the Yanks last season and they will have to learn how, if they are to win this year.

Baltimore has the young pitching talent and Paul Richards is counting on newcomers to supply him power and fielding class, to some extent. He let Gene Woodling go, and this will hurt. But he may have even more pitching strength this year than last, especially if Skinny Brown can come around, again.

Baltimore was going great guns until last September, in the 1960

JFK BANKS ON UPTURN

President Kennedy has told leading congressional Democrats he is banking on an upturn in the economy to hold next year's budget deficit to \$1,500,000,000.

Kennedy's hope of holding down next year's red ink spending is reported to be based on the belief of Administration officials that business will pick up about mid-year and provide revenues at a faster pace than they are now coming into the Treasury.

Elsewhere in the American League there is no challenger in sight. Maybe Cleveland Jimmy Dykes might get them into the fight. But that's a guess. Minneapolis and Detroit appear too far away, though The Twins have tremendous power and in a new park might just catch fire. Detroit has a new manager (that's no longer news), great front-line pitching (they need one more strong man), and a good outfield.

Ralph Houck is the new manager of the Yankees. If he knows anything at all it's that he must make good, or get the brush. So he will have the Yankees pressing from the start this year. They may be tougher as a result, too.
