Eligible Farmers Will Go To Polls Miss Rivers NCEA Editor To Choose Administrators For ASC

In just a few days it will be elec tion time-Monday, Sept. 11, in every one of the 10 designated communities in Watauga farm County.

These elections will give the eligible farmers in each of these communities an opportunity to vote for the farmer-committeemen they want to administer the pro grams of the Agricultural Stabilization and Conservation Service in 1962. Any farmer is eligible who, as owner, tenant, operator, or share-cropper, is participating or is eligiple to participate in any of the programs administered by

the County ASC Committee. And now just a word about these Committeemen. They are farmers They live in the community where they are elected. They are elected

by their neighbors. The delegates to the County Convention where the County Committee is elected are farmers too. The members of both the **Community and County Commit** tees have to be farmers to be eligible

Fallout Shelters Are Being Urged

The Board of County Commissioners met Friday night with Dr. R. H. Harmon, Civil Defense Director for Watauga county, and the group discussed the urgency of the world situation from the civil defense viewpoint and voiced their belief that citizens should construct fallout shelters without delay.

The commissioners, W. C. Lentz, Dr. Gene Reese and Bynum Greene, authorized the issuance of this statement: "In view of the present emergency and the realization

that the need will continue indefinitely, the Board of Commissioners and the Civil Defense Director go on record as urging all the people of Watauga county to build family fallout shelters as soon as practical." Dr. Harmon said that plans would be forthcoming to

aid in the construction of these shelters and that citizens should get in touch with him in this regard.

FROSH START ORIENTATION A.S.T.C. Enrollment Is **Expected To Reach 2,500**

Twenty-Four New Members In Faculty

The largest enrollment in the history of Appalachian State Teachers College is expected when figures are available from the influx of students and teachers which began last Tuesday. Registrar H. R. Eggers says the

latest figures show that 1051 new students will be on campus. Added to the approximately 1500 returning students expected, Mr. Eggers sees a final enrollment for the fall quarter of between 2,400 and 2,500 The first event of the new year

was the series of faculty meetings which began on Tuesday morning at ten o'clock. Covering almost all of three days, the faculty seminars were devoted largely to further facts about the self-duty in which the college is now engaged and which will continue throughout the coming year. A faculty picnic was given by the college at Camp

Broadstone on Tuesday afternoon. The faculty meetings were presid-ed over by Dean of the College, D. J. Whitener and Dr. W. H. Plemmons, president of the col-lege, extended the official wel-

The freshmen arrived on campus on Tuesday afternoon, and be gan their program of orientation on Wednesday morning. Included, for the remainder of the week for the freshmen, are tests of various

kinds, fellowship get-togethers and other social events, programs by the various churches in the town and a reception given by the college for the freshmen. Transfer students from other colleges will come to the campus

on Friday for a series of orientation meetings, and will register with the upperclassmen on Monday, September 11.

New faculty members, who have participated in the week's activi-ties, number twenty-four. They in-

seed and lime and phosphate for building up good pasture-for cover crops - and green manure. These are just examples. There are a lot of other conservation practices.

And the Committees help farmers use Price Support Programs to protect their market. They will administer Acreage Allotment and Marketing Quota Programs on to-bacco and wheat. They will also administer the Conservation Re-

serve Program, the Wool Program and the Feed Grain Program. These are all valid reasons for every eligible farmer to vote in the ASCS elections. Don't forget.

Don't let September 11 pass without casting your ballot.

216 Farms Added To ASC Program Two Hundred and sixteen farms were added during the month of August to the number of farms

tural Conservation Program. The total number now stands at 1530 farms, or 60.5 per cent of the total number of farms in the county

A small amount of funds is still available for new farms and own ers of such farms are urged to file for assistance at the ASCS office within the next two weeks. Season al practices now are the establishment of pastures and meadows

Postmaster At Reese

Effective at the close of b ness August 31, Donley G. Hagaman retired as postmaster at the Reese post office.

Mr. Hagaman had been in charge of the office since July 1, 1946. He had conducted the office in connection with a general store which he has been operating in the Beaver Dam community for many years.

Mr. Hagaman was succeeded by his granddaughter, Mrs. Ruth R. Braswelł. She was installed as acting postmaster by a postal inspector pending the likelihood of a Civil Service examination for the permanent position.

An honorary certificate was presented the outgoing postmaster by R. G. Greene, field services officer Post Office Department, Asheville, who was acting in be-half of the Post Office Department and Postmaster General Day, A certificate of designation as act-

ing postmaster was also presented to Mrs. Braswell by the field official.

The office will continue to be operated in the same location.
