Mrs. Joyce Littleton Walker of Charlotte, sister of the bride was matron of honor and Miss Jane Snyder of Leaksville was maid of honor.

A color scheme of yellow and white was further carried out in the attendants dresses which were identical and of matize taffeta with white head dresses. They carried yellow and white bouquets. Little Diane and Kim Rowland were flower girls and Master Robert Littleton, brother of the bride acted as ring bearer. Mr. Joseph Mitchell of Hickory, uncle of the groom was best man and the ushers were Mr. Robert Plyler of Statesville and Mr. Sherrill Parks of Statesville.

Mr. Charles Isley and Mr. Walton Cole of the music department of ASTC furnished the nuptial music; Mr. Isley rendering several traditional vocal selections with Mr. Cole at the console of the Hammond organ.

Mrs. Plyler is a graduate of Appalachian High School. She attended Catawba College and was graduated from the Presbyterian School of Nursing in Charlotte in August. Mr. Plyler is a graduate of Statesville High School and of Appalachian State Teachers College in Boone.

## Welfare Topic Of Home Life Department

The HomeLife Dept. of the Worthwhile Womens Club met Sept. 14th in the assembly room of the Methodist Church.

Meeting was called to order by the chairman, Mrs. Dempsey Wilcox. Mrs. Lona Qualls gave the club collect, after which business was taken up, gardens were discussed briefly and two or three members offered to go and prune dead flowers from plants and perhaps pull out some of the large weeds. There was no new business so the need for help with guests in the various rest homes so far as some form of recreation, hobbies, etc. for them was brought up from last meeting.

Mrs. Harmon asked that we postpone discussing that until another meeting was held with operators of these homes and a more definite program could be outlined for them, after which we would know more about the need of the people and what we as a club can do to be of service.

The meeting was turned over to Mrs. R. H. Harmon from the Welfare Dept. for Watauga county, who gave much needed information and brought the members up to date on what is being done for various groups of children and older people who are in need of assistance. She also told of institutions now in service over the state as well as some that are now under construction to be used for this service to the handicapped people. The information mentioned routine required to place such people with the State agencies after getting the parents or guardians consent. Much can be accomplished with many of these children in an institution with trained personnel that can never be accomplished in the home.

Mrs. Harmon was proud of North Carolina's program to assist these unfortunate people such as the mentally retarded, cerebral palsy, visual handicapped, crippled children and the emotionally disturbed child. Better facilities are now being provided for the first four classes of handicapped children than is done for the emotionally disturbed child which at the present time are being neglected. We should all be proud of our service clubs for the financial aid they provide for helping all of these indigent children. With the institutional care given these children by trained people many of them can be made into useful citizens while others can be raised to a self-sustaining level which is a great help to the family. Such work cannot be accomplished in the homes.

After Mrs. Harmon's informative discussion, Roy Isley from the Agricultural Stabilization County office showed a film, The Caswell Story, which showed in pictures the work being done at that institution for various groups of handicapped people, both children and adults. Every parent with a handicapped child should see this informative picture and they would be willing for their child to
