

Speaking Of Golf

By JOE MAPLES

Balmy week-end weather, very much out of season, kept play on the local course very active with around sixty players Saturday and Sunday. Our players realizing that we were closed this time last year sought to take advantage of this fine weather and get in all the golf they could.

There will be a meeting of the Board of Directors next week at which time a definite closing date will most likely be set. The grass on the greens though still somewhat green, isn't growing much thus ball mark damage and footprints are starting to show up pretty much and will get even worse as time goes by from now on out.

The water line ditch that has bothered the players on the ninth hole has now been covered up but is and will be still be messy until

late spring when we hope to have grass cover on this area. This work was necessary in order to provide city water for the club house and the development properly overlooking the course.

We have arranged to have another team match with the Oakwood Country Club at Wilkesboro Sunday December 16th. Since this is only a nine hole course and the days are still getting shorter, we will only take thirty players this time, so the first thirty to sign up will make up the team. Starting times will be assigned as usual and the first group will tee off shortly after eleven o'clock, so those of you that wish to play in this match, call the golf shop and get your name on the team. Only the first thirty that sign up will be put on the team. Please don't sign unless you are absolutely sure you will make the trip.

Blue Devils Split Pair In Opening Games

By THURMAN JOHNSON

North Surry rolled over the Blue Devils 60-32 in the basketball season opener for both teams. North Surry jumped off to an early lead, never to be threatened by the Blue Devils. With the score 24-11 at halftime, the Blue Devils made little effort to overtake the raging Greyhounds. In the final quarter, the AHS boys started hitting a few shots to narrow the margin somewhat.

In the scoring department, Matheson accounted for 15 of the Blue Devil points, followed by Strake with 7; T. Taylor, 6; Grass, 2; Fletcher, 2; also playing were Hagaman, Hunt and Wilson. For the opponents, Wilson scored 16, Williamson 15, Young 9, Clifton 8, Adkins 6, Johnson 4, and Hawks 2.

The scoring by quarters was as follows:

AHS	5	6	12	9-32
NS	10	14	22	14-60

The Blue Devils are expected to improve as the season progresses; some of the boys had been out for practice only one week, because of football season.

Girls' Game

The Blue Devilettes were more fortunate than the boys and won their season opener by 35-31. The girls took an early lead on layups by Carolyn Coffey and had a 9 point spread at the end of the first quarter. North Surry, however, outshot the Devilettes 2 to 1 in the second quarter to narrow the lead to 20-17 by halftime.

After halftime the AHS girls came back all fired up and scored 10 points in the third quarter to make the score 30-26. Great defensive play by Peggy Cook, Jerel Dean Johnson, and Gwyn Michael

stalled off North Surry during the fourth quarter.

This is the Devilettes second win in as many seasons. According to Coach Schell, the season looks promising for her girls.

Scoring for the Devilettes were Carolyn Coffey with 30 points, and Hayes with 5. For the visiting team Lowe had 10, Williams 10, Priddy 9, and Wilson 2.

Points scored each quarter were as follows:

AHS	15	5	10	5-35
NS	6	11	9	5-31

Local Cagers To Try For First Win Tonight

The Appalachian State cagers shoot for their first Carolinas Conference win of the season here Thursday night, Dec. 7, when the Pfeiffer College quintet invades Boone.

Tip-off times is 8 p.m. in the Appalachian State Gymnasium.

The Mountaineers were somewhat less than impressive in a season-opening loss to Guilford last Saturday and hope to even their conference record at 1-1 Thursday. However, the Falcons from Misenheimer seem to be improved this year, as evidenced by a hard-fought 75-70 loss to Lenoir Rhyne recently.

Pfeiffer defeated Catawba by 18 points earlier while losing to Elon by three points. Key man for the Falcons is 6-8 center Bobby Frank, senior from Greensboro. Another man that could prove troublesome for the local quintet is Bill Claypoole, a 6-2 senior from Mt. Holly, N. J.

The Pfeiffer contest is the second of two home games this week for Coach Bob Light's charges. Tuesday night they went against East Tennessee State.

In the opening loss to Guilford, floor mistakes by the Apps played a large part. The Apps lost the ball 12 times during the first half because of faulty ball handling, passing, and dribbling.

ASTC Matmen Open Season

The Appalachian State matmen will take their second of two trips this week when they journey to Tennessee for two matches Friday and Saturday, Dec. 8 and 9.

Friday night the grapplers go against the Knoxville YMCA while Saturday they will meet the Maryville College mat team. The Knoxville YMCA has a return match here Jan. 27 while the match with Maryville is the only one of the season with that team.

Tuesday the App matmen went against Norfolk Branch, William and Mary in the Virginia city.

Coaching the Appalachian grapplers this year is Frank (Dutch) Meyer, who came to Appalachian from Presbyterian Junior College in Maxton. Myer is a native of Nebraska.

Making up the starting team for the Apps will be the following:

123-pound class—Tom Crouch; 130-pound—Gerald Swain; 137-pound—William Cook; 147-pound—Joe Yatsko.

157-pound—Mike Lassiter; 167-pound—Bill Mayhew; 177-pound—Greg Van Orden and heavyweight—Bob Rollins.

157-pound—Mike Lassiter; 167-pound—Bill Mayhew; 177-pound—Greg Van Orden and heavyweight—Bob Rollins.

First home match for the Apps comes on Jan. 6, when Pfeiffer College comes here.

Know The Weather

By EDWARD H. SIMS

What is the normal path of high pressure areas across the United States? Do you know whether your home is one one of the "main routes?"

With fall coming on and more high pressure areas expected, it is good to know the path of these fair-weather systems. Generally speaking, they always travel east. They move in over the United States from California, or that vicinity and move almost due east, in the southern part of the country.

Some cross in near the Washington-Oregon border and that vicinity and cross out to the east

between Washington and Philadelphia. Others come in over the Great Lakes region and move out to sea above New York.

Cold systems, unlike warm fronts, move generally downward, slightly, as they cross the country. Their center seldom crosses lower Texas or the Florida peninsula. From now through the winter you will experience more and more of them.
