

Speaking Of Golf

By JOE MAPLES

The first hole in one scored by a lady on the local course this year took place this past Thursday on the third hole when Mrs. Faye Palko of Lexington, Kentucky hit her tee shot into the cup. As luck would have it, she failed to watch the ball long enough to see it drop in. She was nevertheless, quite excited about the perfect shot. She was playing with her husband at the time and he was more excited about it than she. These nice people spent several days in the Boone area and played the local course quite often.

Some of our local ladies have started off the 1963 season by winning some prizes in the Foothills League tournament played recently on the Lenoir course. Jo Joines, Lib Robertson, Fern Hunt, Teresa Greene and Fran Weber made the trip with three of them bringing back some of the bacon. Teresa Greene won the hole in one contest and Jo Joines and Fern Hunt also won prizes. Each won a new golf ball.

The annual two day Foothills League tournament is scheduled for the local course May 20 and 21st with an estimated one hundred or more ladies from the Western North Carolina area expected to participate. They will tee off on number one tee in the morning, leaving the course open for local players and guests after about 10:30 or 11:00 o'clock.

Billy Joe Patton has won the North and South Amateur Tournament for the second year in a row and one of the fine players he defeated on the way to this victory, Mr. Tom Draper of Detroit, Mich., shot a 71 on the local course the day after losing to B. J. A group of us were watching Mr. Draper on the fifteenth hole, as he lofted a nice shot from out of the fairway trap onto the green about ten feet from the hole.

The flag at the time was located on the front of the green close to the creek, but it didn't seem to disturb him at all. This was the same hole that cost Billy Joe the 1961 Carolinas Open title when he made two double bogeys on it during the three rounds of the Open. Mr. Draper lost to Billy Joe on the final hole in a quarter final match after coming from behind on the thirteenth hole, into a tie on the seventeenth.

Who needs muscles?

Do you know how easy it is to take a corner with a Corvair or park one? Turn this newspaper sideways and it will give you a pretty good idea. The wheel handles just about that easily.

The Corvair's engine is in the rear, for not only greater traction, but more balanced weight distribution. And that's what makes the steering so completely effortless.

The engine is air cooled, too. No radiator. No water or antifreeze. No boiling over or freezing up to worry about. It takes the weather and the terrain as it comes.

So think about those trips to the beach this summer, those bright sunny days and balmy moonlit nights.

And besides, looking at it from a very practical point of view, it's Trade 'N' Travel time right now at your Chevrolet dealer's. He's got some beautiful buys.

But you had better hurry before somebody muscles in ahead of you. Spring's here. Summer's coming fast. And with these sporty good-looking Corvairs selling the way they are, he who hesitates will want to kick himself.
