

it's no secret...

Notes And Comments

The man who loaf at his work doesn't need a vacation. A fanatic is simply an individual who knows that he is right. An individual is only as intelligent as he is curious. Many of the birds killed but not found are flying today. Children have to put up with a lot from adults these days. We see no excuse for most speakers, especially the long-winded ones. The way the law reads, it's pretty complicated to do anything, legally.

Legal Notice

NOTICE OF SALE

NORTH CAROLINA WATAUGA COUNTY Under and by virtue of an order of the Superior Court of Watauga County made in a special proceeding entitled "Scott Norris and wife, Oma Norris, Donley Church and wife, Rosa Church, James D. (Jim) Church and wife, Annie Church, Ben Church, Widower, Allie R. Church and wife, Colie Church and Enoch Church, widower, et al. The others herein referred to being listed in the petition and being the other heirs at law of Myra E. Church, deceased. Ex Parte

The undersigned commissioner will, on the 16th day of December, 1963, at 11 o'clock a. m. at the courthouse door in Boone, North Carolina, offer for sale to the highest bidder for cash all the remains of that certain tract of land lying and being in Township, Watauga County, North Carolina, and being particularly described as follows:

Said lands lying on Profits Branch and waters of Gap Creek, and being in Township, Watauga County, North Carolina. Beginning on a quit oak in George Greene's line, running south 45 west 124 poles to a chestnut tree; thence south 30 poles to a double chestnut oak tree on a small branch; thence north 70 degrees east 23 poles to a locust; thence south 32 east 40 poles to a white oak at the corner of a crop fence; thence north 71 east 32 poles to a water oak tree; thence south 67 degrees east 36 poles to a chestnut tree; thence north 75 east 36 poles to a white oak; thence north 30 east 48 poles to a white oak tree; thence north 15 west 56 poles to a hickory; thence north 60 west 16 poles to a chestnut; thence north 45 degrees east 20 poles to a hickory; thence north 57 west 38 poles to a white oak in Josiah Cowles line; thence 85 west 30 poles to the beginning.

EXCEPTED from the foregoing description is the tract of land sold to the Federal Government by the State Highway Commission of North Carolina for the Federal Parkway. Said lands having been mapped by the Appalachian Surveyors in November, 1963, and the following is the description of the two tracts lying on either side of the Federal Parkway as per the map of the said Surveyors made from Deed in Book K page 541 office of Register of Deeds of Watauga County: Tract No. 1 as shown on Map: Being on the South side of the Parkway. Beginning at a stake in the old Mrs. W. E. Church tract of land on the south side of the parkway where said line leaves the parkway the same being the original line between Mrs. W. E. Church and G. W. Smith and running south 45 degrees 00' West to a stake; then due south 495.00 feet to a stake; thence North 70 degrees 00' East 379.50 feet to a stake; thence South 32 degrees 00' East 660.00 feet to a stake; thence North 71 degrees 00' to the scenic parkway lands, same being approximately 500 feet; thence with the southern boundary of the parkway lands to a stake; thence North 22 degrees 50' minutes West 827.87 feet to a stake; thence North 24 degrees 40' minutes West 562.4 feet to a stake at the point of beginning.

It being the intention of the foregoing description to include all the interest of the parties of the Ex Parte proceedings have in and to the lands lying to the south of the Blue Ridge Parkway and to convey any interest they may have, if any, to any lands covered by the Blue Ridge Parkway easement lying south of the Blue Ridge Parkway. Tract No. 2 as shown on Map: Being on the North side of the Parkway. Beginning at a stake in the boundary line of the Blue Ridge Parkway. Said tract being located on the North side of said Blue Ridge Parkway lands and in the original line of G. W. Smith and Mrs. W. E. Church and running North 45 degrees East to a point East of the Blue Ridge Parkway Scenic Easement No. 13 in the Smith and Church line; thence running South 85 degrees 00' East 495 feet to a stake; thence South 57 degrees 00' East 627 feet to a stake; thence South 45 degrees 00' West 330 feet; thence South 60 degrees 00' East 294 feet; thence South 15 degrees 00' East to a point where the old Church line intersects with the Blue Ridge Parkway line; thence North 74 degrees 39' West 558.40 feet to a stake; thence South 43 degrees 37 1/2' West 597.54 feet to a stake; thence South 46 degrees 23 1/2' East

299.54 feet; thence South 43 degrees 35 1/2' West 267.08 feet to a point No. 450; thence North 46 degrees 25 1/2' West 76.96 feet crossing the spring branch to point No. 449; thence North 43 degrees 36 1/2' West 53.80 feet to Station 448; thence North 46 degrees 20' West 222.94 feet to point No. 447 on said map; thence South 1 degree 42' West 269.52 feet to point No. 446; thence South 24 degrees 16' East 275.50 feet to a stake or point at Station No. 445; thence North 77 degrees 37' East 114.22 feet to a stake; thence South 52 degrees 34' East 431.54 feet to a stake; thence South 11 degrees 29 1/2' West 328.78 feet to Station No. 442; thence South 62 degrees 33 1/2' West 148.07 feet to a point No. 441 on the map; thence North 40 degrees 38 1/2' West 543.58 feet with the parkway property to Station No. 440 on the map; thence North 47 degrees 05' West 187.95 feet to a point; thence North 29 degrees 54 1/2' West 572.74 feet; thence continuing North 35 degrees 00' East 263.50 feet to a stake; thence North 28 degrees 25' West 520.23 feet to a stake at the point of beginning.

It is the purpose of these detailed descriptions to more effectively delineate the boundaries of these lands. Attention is called to the fact that the Blue Ridge Parkway has a scenic easement No. 13 over 22.2 acres of these lands. That there is located outside of the scenic easement a cemetery. It is the purpose of the commissioner to convey the interest of Donley Church in the above described lands and the interest of the heirs of law of Myra E. Church and George W. Church in said lands as set out in the petition and the detailed description is given for the purpose of showing the portion that the Blue Ridge Parkway has taken out of said lands and such easements as they now have thereon.

The tract of land will be sold separately and may be combined as a whole upon the request of a bidder who desires to increase the individual tracts by 5%. The successful bidder will be required to make a down payment as evidence of good faith on the date of sale. Said sale will remain open for 10 days for up-set bids. If up-set bids are filed, the 5% down payment will be returned to the successful bidder at the sale. Otherwise said 5% will be applied on the purchase price upon compliance with the bid. On failure to comply with the bid, the 5% deposit will be forfeited to defray the expense of an additional sale.

This 15th day of November, 1963.

INA V. MYERS, Commissioner 11-21-6c

EXECUTOR'S NOTICE

Having qualified as the Executor of the will of Laura Fletcher Moody, late of the County of Watauga, State of North Carolina, this is to notify those having claims against the estate of the said deceased to present them to me within six months of the date hereof or this notice will be pleaded in bar of their recovery. Those indebted to the estate are asked to make immediate payment. This November 8, 1963.—PAUL BROWN, Executor, Zionville, N. C. 11-14-6c

NOTICE OF ADMINISTRATION

Having qualified as the administrator of the estate of Edgar Wade Moretz, late of the county of Watauga, State of North Carolina, this is to notify those having claims against the estate of the said deceased to present them to me within six months of the date hereof, or this notice will be pleaded in bar of their recovery. Those indebted to the estate are asked to make immediate payment. This Oct. 23, 1963.—RALPH D. MORETZ, administrator, Deep Gap, N. C. 11-21-4p

NOTICE

Having qualified as the executor of the estate of Lindred C. Thurber, late of the County of Watauga, North Carolina, this is to notify all those having claims against the estate of the said deceased to present them to the undersigned executor, c/o Holshouser and Holshouser in Boone, North Carolina, within 6 months of the date hereof or this notice will be pleaded in bar of their recovery. Those indebted to the said estate are asked to make immediate payment to the undersigned executor. This 6th day of November, 1963. Marie L. Thurber, Executrix of the Estate of Lindred C. Thurber. 11-7-4c

BEE CAUSES CRASH

Watertown, Conn. — Truck driver Steven Stack swatted at an annoying bee and lost control of the truck he was driving, causing it to crash into a pole and knock down 4 fence posts and a highway sign.

He received a ticket for failure to stay in his proper lane. Stack had one consolation — he wasn't stung by the bee.

NBC favors curbing of FCC power.

Doctor Talk

The number of deaths yearly for all disease processes have been declining, thanks to modern "know-how" and the "antibiotic era"—but, the yearly number of deaths due to accidents have been rapidly increasing.

The chief cause of accidental deaths, of course, is highway. Most readers will say that it is true that "speed" kills, but this is an erroneous concept—it certainly plays its part in many deaths, but speed is not the chief cause of highway deaths.

The great killer of persons riding in automobiles involved in an accident is that of "ejection" of the passenger on impact. It is estimated that the probability of receiving serious injury, if ejection could be prevented, would run about one-fifth less in accident cases.

Ejection on impact can be prevented in most cases if auto safety belts are used. The chances for a road smash-up are increasing daily in America and increased law enforcement by cracking down on speeders is not the answer.

With approximately 70 million cars on the roads today the number of serious injuries does not depend upon the violent smash-ups—many are killed following the relatively minor accident of being "bumped" from behind. Such minor accidents often eject the passenger forward resulting in minor or serious "whiplash" injuries to the spine or fatal blows to the skull.

Many groups are now investigating every possible means of decreasing the ever-increasing death rate from auto accidents. To date, statistics show that safety belts installed in cars provide great safety, with the shoulder loop belt providing the most satisfactory restraining device for injury protection. But from all experiments done to date, it is apparent that the solution will require more than some type of safety belt—it will require public method of eliminating the obnoxious to the problem, some viciously unfit driver and the chronic accident repeater from the highway, requiring the installation of safety belts in automobiles and the redesigning of automobiles to meet safety requirements, and in many cases, the redesigning of hazardous roads.
