Howard Lawrence and his son, Gerald, are constructing the \$13,000 building to be occupied by a congregation of 85 resident members. The roll also has some 30 non-resident members. The new church will seat 200 and provide four Sunday school rooms and Deacons say that lack of space for classes was a prime consideration in launching a building program.

The oldest deacon and oldest member of the Doe Ridge Church is Walter Cullers, seen leaning on a spade at ground-breaking ceremonies in late July. He also helped construct the original church. But the abandonment of the old church will not mean its destruction. It will be kept up in tribute to long-time members of a congregation that got its start 74 years ago.

Immunization Data To Be Gathered Here

Families in this area will be asked about immunizations against smallpox, polio, diphtheria, whooping cough, tetanus, measles and mumps by Census Bureau interviewers during the week of Sept. 16, 1968, Director Joseph R. Norwood of the Bureau's Regional Office in Charlotte announced.
The interviewers will inquire about immunization of adults against smallpox and polio and the immunization of children against all these diseases. This is an annual survey sponsored by the U.S. Public Health Service, he added.
Questions about immunization will be in addition to the Bureau's monthly survey of employment and unemployment for the U.S. Department of Labor.
The survey will cover a scientifically selected sample of households throughout the U.S., and the identity of the households is confidential. Information obtained in the survey will be used only for statistical purposes.
Census interviewers who will visit households in this area during Sept. 16-21 are: Mrs. Hilda C. Hamrick, 134 E. Boulevard, Lenoir, N. C. 28645.
