

We care

REMEMBER WHEN PRESERVES WERE DIFFICULT TO BUY?

You do, if you remember the 1920's. In those days preserves were a seasonal item. Not enough berries were grown because producers didn't know how to keep them.

So, we sent an expert to the Northwest (that's great berry country!), who assisted the growers in developing a method of freezing the berries as soon as they were harvested.

We experimented for a year. The results were great. Now, at last, we could buy enough quality berries to make Ann Page Preserves available to everyone—all the time.

Today, we buy berries by the train-load. We have to. Our Ann Page Preserves are that popular. As a matter of fact, if you took a year's production of Ann Page Preserves, Jams, and Jellies, they would cover a piece of toast ten square miles in size.

Are Ann Page Preserves a good reason for shopping A&P? They're one of many.
