Difficult Days Are Here For Hay Fever Sufferers

In a good many sections of the United States the hay fever season is in full swing. This is a difficult time of year for anyone suffering from this malady.

There are untold causes of even simple hayfever, but perhaps the most common cause is dust. This dust, lint from feather pillows, down comforts, wool blankets or clothing, or outside dust coming from such sources as an unpaved road in dry weather.

The main source of seasonal hayfever is pollen. Ragweed, golden rod, drying corn fields, oak tree pollen, and pecan tree pollen are just a few.

Many people have an allergic reaction to flowers; others to foods they eat. When you suspect that foods are causing a reaction, it is best to consult a doctor if the symptoms warrant.

Your home should be as dust free as you can possibly make it. Concentrate particularly on the personal room of the sufferer. Dust furniture, walls, ceilings, floors, drapes, rugs, lamp shades, and spreads. If the situation is bad enough, it is wise to do away with all unnecessary decoration in the room because such items

as "drapes, rugs and even lamp shades are great dust catchers.

Use kapoc or rubber foam pillows in place of feather pillows. The rubber foam is especially good because it can be washed in the washing machine, as often as you like, to remove any possible dust.

Have any fields of hayfever causing growth adjoining your home, cleared. You will be amazed at the difference.

These simple preventive measures can save you considerable amounts of money and afford relief to the members of your family suffering with hayfever.

Watauga Cattlemen Bring Home Prize Money From Caldwell Fair

Watauga County cattlemen came home last week with more than \$500 in prize money from the Caldwell County Fair.

L. E. Tuckwiller, County Extension Chairman, said the Tuesday night (Sept. 10) show unveiled several blue-ribbon \$20-winners in Watauga entries in the Hereford and Angus shows.

The Teams Brothers posted the first place entries in four classes in the heifer division of the Hereford show. The classes were junior heifer calves, winter heifer calves, senior heifer calves and late summer yearling heifers.

The Teams Brothers' winter heifer entry became the grand champion heifer while their late summer gal took the reserve championship. Another Watauga County owner, B. W. Stallings,

posted a first-place winner with his Diamond-S entry in the late junior yearling heifer class.

In the Hereford bull judging, blues went to Stallings, the Teams Brothers, Lonnie Isaacs and Council Henson, A Caldwell County owner named Adair posted the grand champion bull, but Stallings had the reserve champion in his corner.

In the following group classes, first-place rosettes and sec-

ond and third place ribbons were awarded in the order listed:

Get-of-sire—Teams, Isaacs and Teams again; calf get-of-sire—Teams, Isaacs and Adair; pair of calves—Isaacs, Teams and Stallings; and best six head—Teams, Adair and Stallings.

The rosette for the title, premier exhibitor, went to the Teams Brothers according to Tuckwiller.

Bobby Shore and his son David

and John Hollar and John Jr. "just about took the Angus show," in Tuckwiller's words.

David Shore won the rosette for the heifer calf champion and the Shores also posted the junior champion female and reserve grand champion female.

The Hollars showed the winners of the senior bull and summer yearling bull classes and from their barn came also the bull calf reserve and grand champion winners.

Tuckwiller said most of the winning cattle are consigned to the 26th annual Watauga Purebred Hereford Sale, which will begin at 1 p.m. Wednesday, Sept. 25.

The annual Hereford Show will be held at 6 p.m. the night before at the Watauga Livestock Arena on Highway 421 east of Boone.

In Fashion

Crepe will be a favorite for dresses this coming season. It drapes beautifully and is warm enough for cold climates.

The jumper style, as we have said before, is a popular style this season but some of these garments are fake jumpers, having sewn in bodices and sleeves.

And word comes from Paris that it is to be a black year with the little black dress in the ascendency again. Black suits and coats are also being featured.

JUST ABOUT REACHED Doctor— This medicine I left for the baby is all gone. What's become of it? I hope you didn't give it all to that baby.

Mother—No. In order to get the baby to take a spoonful of it his dad had to take one and I had to take one and little sister and big brother and Aunt Sue all had to take one.
