May I say, as a Sherlock Holmes enthusiast of many years' standing, that this is one of the handsomest editions of the Holmes tales I have ever seen... The illustrations are excellent, and the marginal notes are a wonderful idea for the student... The cover is especially effective. N. B., New York, N. Y. These books are truly wonderful. My daughter has spent hours reading the series so far. As she is only seven, she will have years of reading enjoyment ahead of her. Mrs. S. P., Maryland

I have just read "20,000 Leagues Under the Sea" and enjoyed it very much. I have several books of Yezens—they are very interesting and of great advantage—my life has been an interest of books and travel and I read considerable on these subjects. S. B., Bayland, Michigan When my father saw the set, he was so impressed that he asked us to please get him a set... Our compliments to the Classics staff for a truly remarkable job. P. M., Martin, Texas
