*It's a fact...*

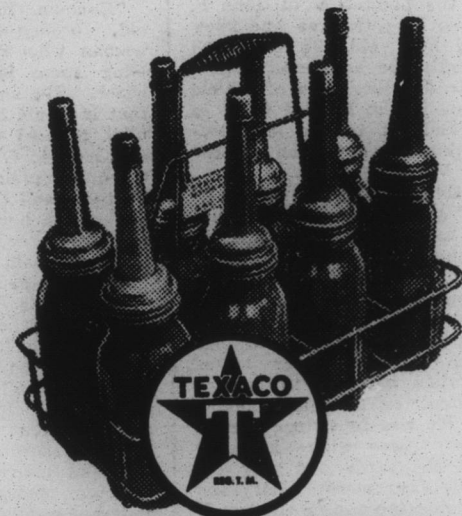

Cars are better. They last longer . . . and continue to give greater satisfaction. But the lubrication of these high-powered, faster engines is more important than ever before.

Let us drain and refill your crankcase with Texaco Motor Oil.

Texaco Motor Oil lubricates freely no matter how cold the weather. That's one "plus" you get with every quart of Texaco. And when your

engine's warmed up, Texaco Motor Oil, because it's "crack-proof," again gives full protection to every engine part.

See for yourself how much better it is for your engine . . . those easier starts on cold days; freedom from unnecessary battery drain; quieter action and the lessened maintenance attention it will need. Try it. Drive in today for a fill of Texaco.

**TEXACO Crack-proof MOTOR OIL**

Change to  
**TEXACO**

and you'll drive a better car all winter long!

**COME IN NOW**

**J. H. CONGER**

**Agent**

EDENTON, N. C.

Let us drain your used oil — put in winter grade Texaco—the oil that will flow in coldest weather. And with Texaco Fire-Chief Gas in the tank to give you instant starts, you'll know what carefree winter driving really is.

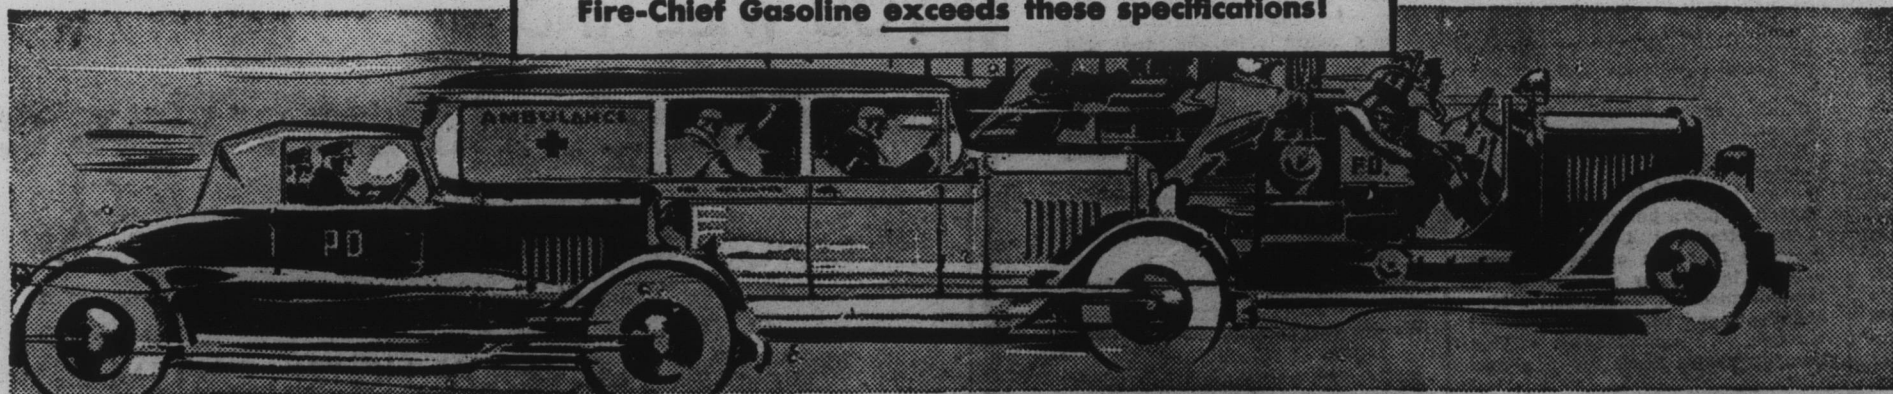

**The U. S. Government specifies for its emergency use:—**

"... a grade of motor fuel which is suitable for ambulances, fire engines, military and naval equipment, and other emergency vehicles under adverse conditions of starting and acceleration—"

(excerpt from U. S. Gov't. pamphlet FF-M-571)

**Fire-Chief Gasoline exceeds these specifications!**
