

RAMBLING WITH THE Rambler

By "LITTLE BUFF"

Edenton High School . . . It's All-Time Honor Roll

Wozelka Chosen at Center; Backfield Is Made Up Of Paul Spencer, Joe Webb, Whitehurst And William Sexton

First Team	Positions	Second Team
Edward Wozelka	Center	Carroll Goodwin
Edward Cullipher	Guard	Curt Vincent
Wade Leary	Guard	Rusty Haste
"Tiny" Taylor	Tackle	Carlyle Webb
Vernon Spruill	Tackle	Lloyd Hobbs
Tom Hoskins	End	Bill Wells
"Firpo" Stokeley	End	Lance Bufflap
Paul Spencer	Quarterback	Bud Cullipher
Joe Webb	Halfback	Monk Everett
Bill Sexton	Halfback	Worth Spencer
Whitehurst	Fullback	Jule Wilder

Although Edenton High school football team of last year played better than any other squad in the school's history, the fact is that this object was acquired by team coordination, with few men being outstanding, the whole team clicking as one unit. Without a doubt the 1929 team contained more stars than any other year but these men were not able to combine their efforts in the proper way, hence their season was not as successful as '34 from the standpoint of won and lost games.

Nevertheless, after seeing the majority of the E. H. S. teams in action, I find that competition of many of the outstanding players makes choice for certain positions extremely difficult.

Take the tackles—Taylor, Spruill, Webb and Hobbs—four of the best both on offense and defense. Picking the best two caused a lot of worry, but "Tiny" Taylor and Spruill were finally selected. Taylor was 210 pounds of pep and had an excellent charge for his weight, while Spruill, who made the All-State team last year, shades Dummy slightly.

At center, I ran into more trouble. But the selection was Wozelka over Goodwin. "Cal" could have been much better during his high school career, but he knew he had his position cinched and therefore got lazy at times. You remember, Coach Suttentfield had about thirteen men on his squad, as there were just enough boys to go around. Wozelka seems to have the ability, driving power and the knack of passing the ball between his legs that Goodwin did not show all the time. In this group let me remind you that Guy Hobbs deserves special mention also.

In picking Ed Cullipher and Wade Leary for my guards, over Vincent and Haste, I did so because Ed Cullipher was the outstanding lineman during his career while Wade made his name later on. Wade Leary, without a doubt, was the best interference man Edenton High School ever produced and although he was light in weight, he was great at making a hole for the backs. All of these guards were dependable and there was very little difference in their ability.

The two outstanding flankmen were Firpo Stokeley and Tom Hoskins, boys who stopped end runs and reverses like a stone wall. At pass receiving both were sensational. Bill Wells and Lance "the Kid" Bufflap, although not as outstanding as Firpo and Tom were in there fighting all the time, Wells being the first man down under punts, and the Kid, according to many fans, was able to lay a biggest tackle on their backs. But as a whole, Edenton has had fewer outstanding men at ends than any other position on their teams.

And now, getting into the backfield, I find more stars than I know what to do with. At the quarterback job I think Paul Spencer has a decided advantage over Bud Cullipher, although Cullipher was a great leader and made few mistakes in calling the plays. Nevertheless Paul Spencer has proven to be the spark-plug of the State championship team and hence that post goes to Paul.

Halfbacks Joe Webb and Bill Sexton—Joe, the runner who picked his holes with the eye of a veteran, and Bill, the blocker and punter who performed with the skill of a college athlete—are picked over Monk Everett, a good passer, and Worth Spencer, who would have been one of Edenton's greatest broken-field runners, had he not been handicapped with injuries. Worth has shown promising speed and deception at times, and I may be wrong by placing him on the second team, but I still pick Webb and Sexton for halves.

Whitehurst, the boy good for a gain through the line against any and all opposition, deserves the fullback post. Built like a battering ram and with the drive of a locomotive, Whitehurst was practically unstoppable as a line plunger. Jule Wilder, who showed he had the goods and could deliver them, played as hard as he could every minute he was in there and thus rates high in my opinion.

So, there it is, the team of

teams, a team made up of boys who gave Edenton High School a brand of football which should cause Edenton fans to burst with pride. Boys who played, who gave all they had, boys who are still suffering from internal injuries they received while fighting for their school—I take off my hat to them and give them fifteen big rahs!

Too Much For Me

And a lot of others, as far as that goes. Leading teams all over the country fell the victim of wet balls, and muddy, slippery fields. The Rose Bowl situation seems in more of a mixup than it was at the beginning of the season.

After Carolina let me down like they did, I think I'll have to stick to Coach Brogden and his Edenton Aces.

And speaking of the Aces, my hat's off to them and their coach, Leon Brogden, who was more or less on the spot after Henry House's sensational record last year. They've been scored upon this season, but here's hoping they again turn out to be the State's Class B champions. And, dear fans, don't fail to support the boys . . . come over to Rocky Mount Friday afternoon and either see them win the eastern championship from Sanford or go down fighting hard.

PERRYTOWN BIRTH

Perrytown—Mr. and Mrs. DeFord Pierce announce the birth of a daughter, Ruth Carol, on November 11, in the Windsor Hospital. Mrs. Pierce was before her marriage Miss Nettie Ruth Harrell.

YEOPIM

Mrs. J. S. Jackson is visiting with friends in Norfolk, Va.
Mrs. Roscoe Kirby and children spent the week-end with her mother, Mrs. J. E. Brabble.
Mr. and Mrs. Charles Ward were dinner guests of Mr. and Mrs. W. R.

V-8 LEADERSHIP

On October 31 of last year, Henry Ford announced his intention to build a million Ford V-8s in 1935. We are pleased to report that this goal was reached in exactly ten months instead of a full year.

One million cars and trucks is an impressive total. But figures by themselves mean nothing. It is what they represent that counts. Selling a V-8 at a low price has brought a new kind of automobile

within reach of the people. Producing it has provided steady work for hundreds of thousands of men in the Ford plants, in associated industries and on the farm.

These million Ford V-8 cars and trucks have helped to make things better all around. In the first ten months of 1935 the Ford Motor Company paid out in the United States alone, \$140,119,326.00 in wages and \$523,111,389.00 for materials.

FORD MOTOR COMPANY
