

AT ST. PAUL'S

By REV. C. AYLETT ASHBY
This is Holy Week. Holy Communion tonight at 8 o'clock. Good Friday service at 11 A. M. Easter, Holy Communion 7:30 and 11 A. M.; Sunday School celebration 4 P. M., Emily Howard and Betty Wales speakers on "What Easter Means to Me."

The vestry decided that the Easter collection should go towards a new furnace in the Church. The one we have is about worn out, the leak being only temporarily repaired. It is hoped that all will contribute as liberally as possible towards this cause that a good furnace may be bought. Envelopes will be mailed every one interested in St. Paul's, which place in the alms basins at an Easter service, or send to Church by then. We know what inconvenience the breaking down of the old furnace has caused this Lent, and while we may get through the cold weather on the repairs made by Brother Joe Vail, the days of the furnace are numbered. We like a comfortable building and must raise sufficient to have such at Easter. The Wardens, E. R. Conger and D. M. Warren and Joe H. Conger, are a committee to recommend the furnace we should install this summer.

The united Thank Offering, the blue envelope, will be presented at today's service. We hope all of our women have these envelopes and will present on that day, or send in if not able to get to the service. Mrs. Hathaway, custodian of this fund, has gotten the envelopes out. The Good Friday offering goes to the work of the Episcopal Church in Jerusalem.

Bishop Darst has put your minister in charge of St. Mary's Church, Gatesville, and Mr. Ashby is very happy to serve this field for the Diocese. There will be service in St. Mary's Sunday night at 7:30. The Rev. E. T. Jilson, of Hertford, is taking Sunbury.

A series of one-day conferences are to be held in each district of the Diocese, beginning April 6 and closing April 23. The theme of these conferences will be "Know Your Church." The program being arranged by the Diocesan Commission on Evangelism, in cooperation with the officers of the Auxiliary. Leaders to be announced later. Meetings will be held in Belhaven, Plymouth, Edenton and Ahoskie in this district. Our date is April 22. Lunch will be served at 1.

The mite boxes of the Sunday School will be turned in at the Easter Celebration at 4. General and Junior Senior Warden Billy Whichard is taking the service of the School. The General gives much promise of usefulness in the parish. He takes the service and his honors gracefully. We have a number of boys and girls growing up to take their part in the work of St. Paul's. Our junior choir has rendered good music on the Wednesdays of Lent. No Sunday School Easter morning. The junior choir will be used at the 4 o'clock service Easter. Bishop Darst will confirm any so desiring when he comes here for the conference April 22.

We know St. Paul's will be appropriately decorated Easter, and we wish all of you a glorious day. "Now is Christ risen from the dead."

The history of our old pewter Communion set, and maker of the later set of 1725, near solution.

Edenton Selected As Center For Holding Employment Exams

Edenton has been selected as the Albemarle center for a series of competitive examinations to be held here by the North Carolina State Employment Service on April 16 and 17. The same examinations will be conducted simultaneously in seven other state centers, but a high honor has again been shown Edenton in its selection as the one point in all of northeastern Carolina for holding the tests.

Nine pretty fine jobs in the service are to be allotted this summer to the winners in the examinations, the positions ranging in pay from \$1,440 to \$4,200 per annum, and centering about the selections of an office director, field supervisor, statistical supervisor, fiscal supervisor, district manager, branch office manager, senior and junior interviewers, and a junior counsellor.

Naturally these berths are of high standard of requirement, and the qualification blanks set forth that graduation from a four year high school and long period full time employment and extensive special experience, are necessary features of all applicants. In other words the examinations are not to be for those out of work but for those who seek some betterment in their employment.

Applicants, the advance publicity states, will only be considered for those positions which they list on their applications, and that from the examinations eligible lists, the same as in civil service, will be established June 15 next, after full inquiry and survey by the United States Employment Service in Washington.

It should not be assumed, it is said, that the jobs in question are all in this state. They may be scattered throughout the country, the examinations being conducted under the auspices of the North Carolina State Employment Service as a subsidiary of the federal and national reemployment service.

All applicants, however, must be bona fide residents of this state and have lived in North Carolina for at least six months prior to the examinations.

Application blanks for the examinations to be held here as well as in Asheville, Charlotte, Kingston, Raleigh, Wilmington and Winston-Salem, may be secured from R. M. Gruman, special representative of the employment service, located at the University of North Carolina, in Chapel Hill, and must be signed and returned postmarked before midnight March 31.

ROCKY HOCK CLUB MEETS WITH MISS LIZZIE WHITE

The Rocky Hock Home Demonstration Club met and held its March meeting on Friday afternoon with Miss Lizzie White.

After the singing of the "Open Country" and repeating the Club Collect in unison, both old and new business were discussed.

Talks were made by the Home Beautification leader and the Foods leader.

Misses Jessie Byrum and Lizzie White, House Furnishings leaders, gave a demonstration on "Slip Covers for Furniture."

The recreation period led by Miss Edith Bunch was enjoyed by all.

The hostess, assisted by Mrs. Paul Ober, served ambrosia and cakes to all present.

The April meeting will be with Mrs. Lloyd Parrish and Miss Sarah Parrish.

DON'T NEGLECT A COLD
Put nothing, warming Musterole well into your chest and throat. Musterole is NOT just a salve. It's a "counter-irritant" containing good old-fashioned cold remedies—oil of mustard, menthol, camphor and other valuable ingredients. That's why it gets such fine results—better than the old-fashioned mustard plaster. It penetrates, stimulates, warms and soothes, drawing out local congestion and pain. Used by millions for 25 years. Recommended by many doctors and nurses. All drug stores. In three strengths: Regular Strength, Children's (mild), and Extra Strong. Tested and approved by Good Housekeeping Bureau, No. 4267.

PLenty OF POTASH
Peanuts NEED Potash
PROPER fertilization is necessary to get high yields of well-filled peanuts, according to the North Carolina Agricultural Experiment Station. Peanuts remove large quantities of potash from the soil and unless they are grown with a fertilizer containing a high percentage of potash, the soil will be depleted of its available potash and the peanuts as well as the following crops will suffer. For best results be sure that your soil is well supplied with available calcium and fertilized with 300 to 400 pounds of a 2-8-8, or similar analysis, per acre. See your fertilizer dealer or manufacturer. You will be surprised how little it costs to get more potash in your complete fertilizers. Consult your county agent or experiment station for the right fertilizer for your own farm. Write us for further information.
