

# Dance Climax To Bridge Celebration

## SPACIOUS EDENTON ARMORY EXPECTED TO ATTRACT LARGE CROWD ON AUGUST 25

### High Hatters of Norfolk Will Play For Dancers From Many Sections

Fireworks or no fireworks, rain or shine, not all of the closing celebration excitement will take place on the south side of the great vehicular bridge on the night of August 25, for right here in Edenton a mammoth dance, featuring one of the liveliest orchestras in this sector, is scheduled for the new national guard armory. It is to be termed "Bridge Celebration Ball," and in addition to Edentonians will be sponsored by enthusiasts from fifteen other main towns in the Albemarle.

Guy's "High Hatters" orchestra, of Norfolk, Va., under the leadership of Alfred R. Guy, and with ten associates playing all kinds of string and swing instruments, will be the main drawing card. Inasmuch as these orchestrians have been a leading factor in dance entertainment at the Monticello Hotel, Norfolk, the John Marshal Hotel, Richmond, and at Old Point Comfort, Virginia Beach, and has been frequently sponsored by the Junior League of Norfolk and a majority of other social organizations in the Tidewater territory, a good time is assured for those who have a chance to follow their leadership in Edenton.

The other towns on both sides of the Sound which have agreed to join with Edenton as sponsors for the forthcoming ball, are Belhaven, Columbia, Plymouth, Creswell, Roper, Robersonville, Williamston, Windsor, Ahoskie, Gatesville, Sunbury, Elizabeth City, Hertford, Murrefreesboro and Manteo.

Inasmuch as these communities are centering their daylight activities on August 25, on the ceremonies at the bridge and have made no plans for night entertainments at home, it is expected a great concourse will congregate here and make of the "Bridge Celebration Ball" in Edenton a huge success.

### VOCALIST

**JUNE VANN**  
Adding to the interest of the dance to be held in Edenton's Armory Thursday night, August 25, will be charming June Vann, who accompanies the High Hatters as their vocalist.

Dancing has always been a popular pastime in the Albemarle, and this year the various balls sponsored alone by Edentonians have always been well attended. The presence of Guy and his "High Hatters" will prove an added assurance of even a greater crowd than heretofore.

The customary \$1.50 dancing fee for couples will be in vogue again as will the half-fare price for spectators using the gallery seats. Special arrangements will be made for parking in the immediate neighborhood of the Armory, and those who attend, whether from far or near, are slated for an enjoyable evening under one of the best orchestras to be secured hereabouts and on the finest dancing floor in all northeastern Carolina.

W. A. "Spec" Jones will again be the ball's impresario.

## Small Amount Beef Cattle In Chowan

### Only Two Car Loads Fattened For Market During February and March

Most of the meat, poultry, eggs and dairy products consumed in Chowan County are produced locally, with some to sell. About one-half of our farmers have their own family cows and most all of them have enough poultry and hogs for their own needs.

Due to a higher price for hogs the past four years, our farmers have made a slight increase in the number raised for market, yet not as many were sold from the county as there was before and during the depression. Due to the waste soy beans and peanuts which are left in the fields after harvest, a good many hogs are fattened each fall from these soy beans and peanuts. Sanitation and hog cholera are among our problems here. Over 8,000 hogs were treated against cholera during the year. Sanitation is being practiced by a few leading farmers with good results. One farmer has built portable farrowing houses for the brood sows and provided lots for each sow and her litter of pigs. The pigs weaned from the sows kept under the above conditions made a more rapid growth than those from sows kept under ordinary conditions. The owner stated that the new houses and lots more than paid for themselves the first season.

Around 5,000 hogs will be shipped from Chowan County this year, in addition to the home needs.

Only a few farmers are raising beef cattle. Two car loads were fattened for the market and sold during February and March. Two silos were constructed, one a stave silo and the other a tile silo.

Poultry is to be found on most every farm and the income, if a record was kept, would be more than the entire cotton crop. In addition to supplying the needs of the local market here, our poultry and eggs are sold on the Norfolk and Richmond markets.

Here is shown the High Hatters of Norfolk, who will play for the big dance at Edenton's new armory Thursday night, August 25. The event will be the climax to the celebration in connection with official opening of the Albemarle Sound bridge. Dancers are expected from every section of the Albemarle and expectations are that the dance will be one of the largest and most successful ever held in Edenton.

sonnel, its owner and the general policy which is outstanding and unique, is serving to increase its patronage and clientele daily. Today it is one of the most popular establishments in this section. It is modern and up-to-date throughout.

Mr. J. L. Sutton, who heads the organization, is a man of long experience in the drug store and allied lines of merchandise which one expects to find in a modern store of this classification. Another successful unit is operated at Chapel Hill, N. C.

Sutton's carries a complete line of drugs, drug sundries, cosmetics, perfumes, candies and magazines. Also the store has a modern and well operated soda fountain under the supervision of Herbert Hollowell, fountaineer.

With the purpose of giving prompt service at all times on drug prescription work, Sutton's has two registered pharmacists, F. O. Garren, of Asheville, N. C., who joined the organization in July 1938, and J. L. Sutton. Both are licensed pharmacists thus giving the store a registered pharmacist on duty at all times.

### NEW RECORD

Army planes recently set what is believed to be a world-new transcontinental speed record in making a flight from San Francisco to Mitchell Field, New York, in nine hours and 55 minutes.

## Edenton Laundry Serves Wide Area

### Expects to Make Service Available to South Albemarle Section With Opening of Bridge

Under the management of Charles P. Wales, who came to Edenton from the State of New York in 1931, to build and open the Edenton laundry, the business has shown a steady growth each year, practically doubling, and some years more than a doubled previous volume passing through the plant.

Beginning in a small way, Mr. Wales soon discovered that his plant was too small to handle the demands that were being made upon it. The capacity of the plant was reached within the first 12 months after opening and starting operations. Additions were built, new and more machinery was added, and only recently, or within the past year, the laundry purchased additional land and erected another building, installing the latest equipment.

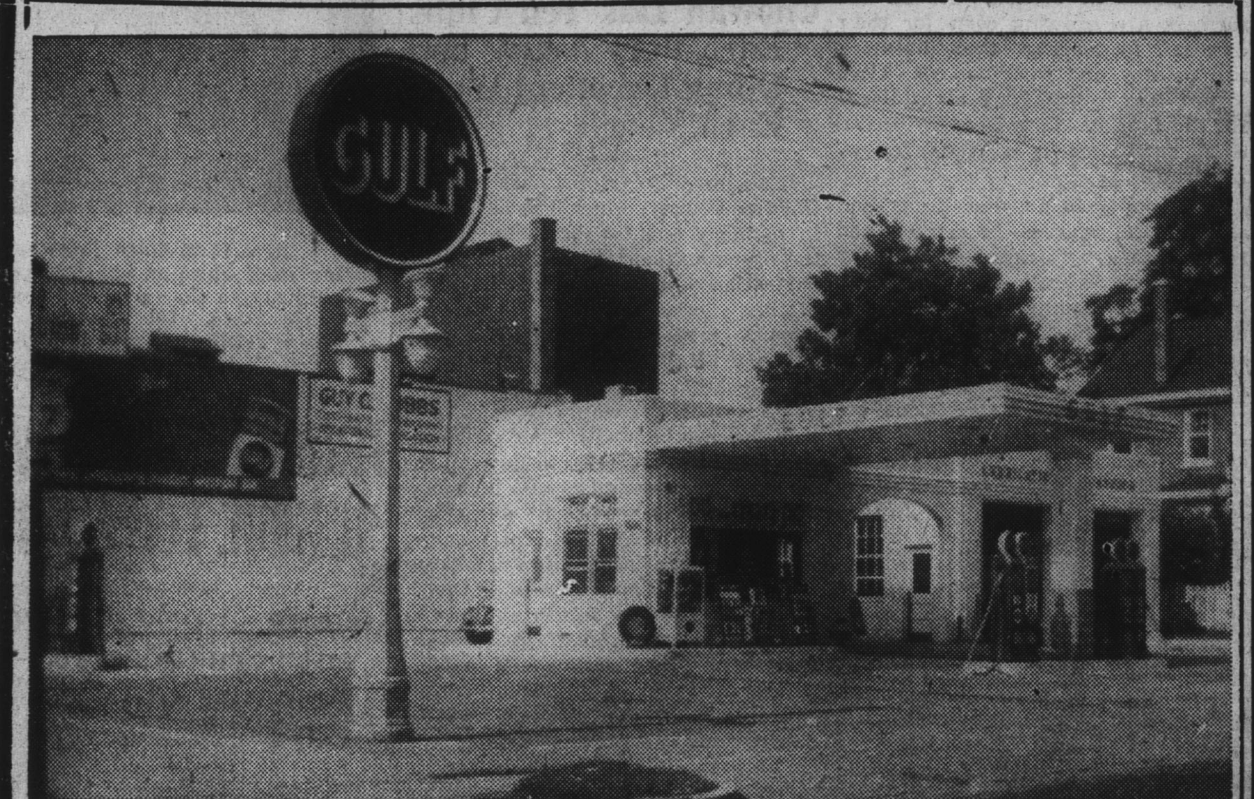

The laundry operates three trucks, and in addition to daily service in Edenton, maintains service within a radius of 10 to 100 miles from two to five times per week. With the opening of the bridge, however, this mileage will be considerably reduced in serving Plymouth, Columbia and other points south of the Sound.

Mr. Wales is proprietor of the laundry. Joseph P. Rowlett is plant superintendent, and W. C. Hollowell is assistant. The plant employs regularly from 30 to 35 people.

## Sutton's Drug Store Is Progressive Firm

### F. O. Garren of Asheville Appointed Manager of Business Last July

Sutton's Drug Store of Edenton, the youngest retail drug business of its kind in Edenton was opened in 1934, and has made exceptionally fast progress in establishing itself as one of the most popular businesses of its kind in the whole Albemarle section. The progressiveness of the per-
