

From Both Sides Of Albemarle Sound -- To The Bridge

Construction of Highway Connecting U. S. No. 17

Section showing approach of highway to Albemarle Sound Bridge for U. S. 17. Left in from north and right is junction from the south being completed.

AND FROM HIGHWAY U. S. 64 TO U. S. 17

Are Roads You'll Appreciate

No company, or organization, which has contributed its efforts and energy toward making possible vehicular transportation from U. S. Highway 17 to U. S. Highway 64, thus shortening the distance by approximately 70 miles, takes greater pleasure in congratulating the fine people of the Albemarle than we do.

Now you are neighbors . . . a wonderful bridge, three and one-half miles across water, with a modern hard surface highway, from the bridge to both U. S. 17 and 64. That was our job. We congratulate the progressive people of all the Albemarle. The development of their bountiful store of resources created by mother nature has only begun, and it is with much pleasure that we have been privileged to have had a part in creating, and help build this wonderful piece of highway that will mean so much toward further progress, expansion and development for the entire section.
