Demonstration Clubs Picnic Best Ever Held

Games, Dinner, and Ball Game Enjoyed at Eden House

Demonstration clubs of Chowan county last Thursday enjoyed the most successful picnic ever held, when a large number of members and friends gathered at Edenhouse Beach.

Mrs. M. L. Hoffer, county recreation leader, planned and directed contests which proved very enjoyable. Two potato races were held with William Privott winning the first one and Tom Davis the second. In the husband calling contest Mrs. Henry Goodwin was easily the winner, while for hog calling Wesley Chesson had no peer. Mrs. Paul Ober had little trouble in winning out in the watermelon contest.

The feature of the afternoon was a soft ball game with Mrs. Tommie Berryman's team defeated Mrs. O. M. Blanchard's aggregation. Both teams were from the Gliden section.

The affair was enlivened by music furnished by the Rocky Hook string band, and was featured by a picnic dinner during which everyone had plenty of the best food available.

10,000 Expected at Bridge Celebration

(Continued From Page One) and who was ever its proponent. Mr. Ehringhaus will deliver the speech of the day which will be followed by more music and an elaborate luncheon for the invited guests.

In the early afternoon there will be a water carnival on the shore front, and a lively boat regatta and race between small launches. An elaborate fireworks display planned for the evening has been abandoned as an unnecessary expense, which means that before dusk most of the spectators will be drifting off toward home again, this time once more through Edenton where all of them, or many, anyhow, if they wish, will find entertainment provided in the shape of a massive celebration ball that night at the new Edenton Armory.

All in all the celebration is expected to be the crowning end of a great engineering achievement that should prove of lasting benefit to Edenton and the surrounding sector. Of course the day has been declared a general holiday in the whole Albemarle in order to give everyone, merchants and customers, an opportunity to live up to the occasion.

Spire Traces Early Efforts Get Bridge

(Continued From Page One) was due to his broad vision and his intelligent planning that funds were made available for the freeing of all toll bridges and the construction of this great project across the Sound.

"Although we are proud of our ancestral achievements, we are not and must not be contented to rest upon the laurel leaves of victory attained by our founding fathers, but must likewise make history for our descendants.

"In speaking of our founding fathers, however, we must not forget our founding mothers, for they endured all of the hardships endured by the founding fathers and also endured the founding fathers."

Brown Lumber Co. Large Local Plant

Produces More Than Ten Million Board Feet of Lumber Annually

Probably one of the largest producers of lumber in the State is the M. G. Brown Lumber Company which cuts, mills and conditions more than 10,000,000 board feet of lumber annually.

Located in the eastern section of the city with both water and rail transportation, the company is a decided asset to the section and community as a whole, providing employment for a large number of people and a market for the timber grown and cut by the local land owners.

This concern has been famed for the beauty and excellence of its mill work, and its products are in demand, not only in the Albemarle section, but all over the country.

The plant is one of the most complete in the Albemarle section, turning logs into finished lumber, seasoning on its own yards and dry kilns, in addition to operating one of the most modern mill working plants in the Albemarle section of the State.

Officers of the company are F. P. Wood, president and treasurer; H. B. Chappell, retail sales manager; Geo. W. Capehart, Jr., assistant sales manager, and Gordon Blow, bookkeeper.

Five Brands Of Beer Distributed By Habit

Largest Distributor and Services Many Stores In Eastern Carolina Territory

One of the largest beer distributors in the eastern section of the State is the Albemarle Beer Distributors, headed by John Habit, serving the section with daily deliveries.

Among the lines the company handles is the famous and popular Free State brand which is being produced and bottled in one of the most modern places in America. According to information received by Mr. Habit the plant has recently installed an amazing new bottling system, the most modern in existence with the brewing laboratory controlled to insure uniformity of quality and flavor.

Brands of beer distributed by the company are the Free State, American Line, another high quality product. The company also purveys to the retail trade throughout the eastern section of the State, Arrow, Piel, and English Derby products.

Edenton Struck By Electrical Storm

Colored Farmer Loses Two Mules By Lightning Bolt

Edenton was visited by a severe electrical and wind storm Tuesday afternoon playing havoc with trees and resulting in current being off about an hour. Many trees and large limbs were broken throughout the city and the debris scattered about the streets, causing the street department to be pressed into service until 7 o'clock clearing up the large trees. Practically all day Wednesday was devoted to clearing up after the storm.

Possibly the greatest loser by the storm was Isham Lowther, colored farmer living on the Poplar Neck road. Lowther's barn was struck by lightning, killing two mules and burning the barn to the ground.

Several Changes In Family Residences In Near Future

Three residential changes were reported this week when it became known that Captain James L. Pettus and family will give up the 150 year old Woodard home on Colonial Square which they have occupied for many years, and will move into the Dixon dwelling at present occupied by Mr. and Mrs. George W. Lassiter and run in recent years as a home for tourists. To meet the emergency the Lassiters purchased the dwelling, filling station and store and small farm of James Davenport on the Hertford Road on the northern outskirts of the town. It is understood they will conduct their rooming venture there. Mr. and Mrs. Herbert Leary, who were bequeathed the present Pettus residence by the late J. A. Woodard, expect to give up their apartment in the Hotel Joseph House this fall and transfer into their

Littleton Plant Offers Four Popular Drinks

Popularity Has Caused Business to Spread All Over 13 Eastern Carolina Counties

Four soft drinks which have ever been popular as thirst quenchers in all of Northeastern Carolina and especially in this sector of the Albemarle have been Orange Crush, Pepsi-Cola, NuGrape and 7-up, all bottled, handled and served for delivery by the Orange Crush Bottling Company, Inc., of Littleton, and with other stations at Ahoskie and Elizabeth City.

Thirteen counties are covered at least twice a week with deliveries by the Littleton concern, and in larger communities like Edenton deliveries are made three times or more every seven days so great is the demand for the four products. The 13 counties are Vance, Warren, Halifax, Northampton, Hertford, Bertie, Gates, Chowan, Perquimans, Pasquotank, Camden, Currituck and Dare and the popularity of the beverages in each is attested by the volume of sales by the Littleton firm.

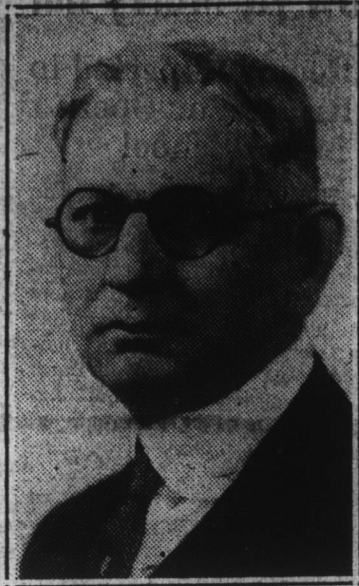

Recently the Orange Crush Bottling Company, Inc., has moved into a brand new plant in Littleton. The plant has all the modern conveniences for manufacture and bottling and is always a source of wonderment and admiration to the horde of visitors who get to Littleton and visit it. All bottling is done with the newest machinery, and the health giving qualities of the bottled products is proven by the fact that Littleton has one of the best water supplies obtainable in all North Carolina.

J. E. McPherson is president of the Orange Crush Bottling Company, D. W. McPherson is vice president and treasurer, and W. C. Jones is secretary. All three are men of excellent experience.

Worth Trying

Rail unions argue that roads could increase wages and make a profit by cutting capitalization.

Head of Big Store

JAMES H. HOLMES
For years the J. H. Holmes Company has had the reputation of being one of the largest stores in the Albemarle, with Mr. Holmes at the head of the firm. He is also a member of the Edenton Rotary Club.
