## COACH HOLTON FORECASTS SUCCESSFUL SEASON FOR EDENTON HIGH GRIDDERS

### Though Young Material, Mentor Expects Win Majority of Games

David Holton, coach of Edenton High School's football team is grooming his charges these days for another stig season on the gridiron.

Although his players are young and inexperienced, Coach Holton thinks "we will win the majority of our games".

They may do just that, too, for they have a habit here of winning and turning out smooth piskin talent for the colleges of the South.

In 1934, with only 15 men on the squad, the Aces, in utter disregard of the strong competition facing them, and in spite of a plague of injuries in their ranks, won the North Carolina Class B championship. They came near repeating in 1935, but lost in the final game at Chapel Hill to Mt. Airy.

Again in 1936, though green and light, the Aces lost only one game during the year, to Elizabeth City, in a heart-breaker, 7-8.

Last season the Aces swept through every line in this section, downing Elizabeth City 19-0, and moved on to take all comers until Hamlet pulled an upset to rob them of the Eastern North Carolina championship.

Paul Spencer, who is being groomed for the fullback job on Alabama's Golden Tornado eleven this fall, was initiated into the gridiron wars with the Aces, this section's football incubator. On the same team with Spencer was Calvin Sexton, who is now one of the outstanding flankmen with the University of Tennessee Volunteers. They were both freshmen last fall, showing up well in spring workouts this year. Large, shifty, homefolks are expecting big things from them during the next three years.

Vernon Spruill, hulking 200-pound guard, handy with his toe, was pulled from the line to do the punting for the Wake Forest Deacons last season. Indications are that he will get a first string post this year. Spruill graduated here in 1935.

Melvin Layton, experienced, fast, a triple-threat, described by Wake Forest Athletic Director Jim Weaver as "the biggest little man I ever saw," played first call quarter for the Deacons, North Carolina champs last fall, and will no doubt be in there handling the signals for the varsity this season.

Bill Harrell will roam the backfield for Syracuse. Harrell won his letter there last year and left Edenton to report for first practice sessions a week ago. Richard Rogerson will take care of an end position for Coach Kid Brewer at Appalachian this season.

They have been doing it in Edenton for the past decade, this incubating of players for the big time, until now scouts make this one of their main ports of call in passing through Northeastern North Carolina. It's on their "must list."

Edenton is known as a "football town," and even though Coach Holton modestly asserts he doesn't have

much this year, local gridiron followers are inclined to go along with him in his prediction that "we will win the majority of our games."

#### DO YOU KNOW—

That nearly 15,000,000 dollars is spent annually in the United States for popular songs. Most of this amount comes from the pocketbooks of American women who buy 5 times as many songs as men. Waltz songs are far more popular than any other rhythm.

#### IT PAYS TO ADVERTISE.

### Watch Your Kidneys!

Help Them Cleanse the Blood of Harmful Body Waste

Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.

Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength.

Other signs of kidney or bladder disorder may be burning, scanty or too frequent urination.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor!
