City Of Edenton Takes Over Little Response To State Built Electric Line **Connecting Chowan Bridge**

Contract Signed at Special Meeting of Town Council Tuesday

FOR FIVE YEARS

Councilmen Also Vote To Tax Offenders **Arrest Fees**

At a special meeting of Town Council Tuesday night a contract was signed whereby the Town will take over the electric line from the city limits to Chowan River Bridge, over which the town heretofore furnished power for the operation of the drawbridge. The line was erected by the State Highway and Public Works Commission, the town charg-ing the State for electricity measured by a meter at the city limits.

The agreement entered into Tuesday night, which will become effective after July 1, provides that the Town of Edenton will take over the line, and at its own expense move the present meter to the bridge, furnish and install necessary transformers and equipment to change the voltage of the line from 2,300 to 6,600 volts. The State will, however, change equipment at the bridge to take care of increased voltage.

The Town will assume all maintenance of the line to the bridge and will assume full responsibility for all present and future service connections to the line serving private con-sumers of the electric current.

The contract also provides that the Town will charge the State Highway and Public Works Commission a rate of 21/2 cents per K.W.H. for electric current used in connection with operation of the bridge, with a mini-

mum charge of \$20 per month.

The contract with the State is for a period of five years, but if during that time the wholesale rate of power paid by the Town is either ineased or decreased, the rate charged the Highway Commission shall be adjusted in proportion, but in no event shall the minimum charge be

Appeal For Funds

Chairman Quite Concerned at Lack of Contributions

MAY CANVASS

Only Nine Persons Give \$36 Toward County's Quota of \$500

Mrs. J. N. Pruden, chairman of the Chowan County chapter of the Red Cross, reported Tuesday that contributions for relief of refugees in Europe were coming in very slowly. Up to that time she had received only \$36, when the county's quota has been set at \$500. Mrs. Pruden expressed some concern at lack of response to the appeal for funds, and expressed the hope that contributions will be made without resorting to personal canvasses.

Mrs. Pruden says that more than a million dollars have been contributed by Americans to the war relief fund drive and that by the end of last week this total had been raised to more than \$2,100,000 as more and more chapters reported their quotas had been exceeded. She expressed the hope that Chowan would rally to this urgent call for funds and thereby maintain its splendid record of extending its hand of sympathy in time of need.

Contributions may be made to Mrs. Pruden, the Bank of Edenton or at The Chowan Herald office.

Up to Tuesday only nine persons had made a contribution, these being J. L. Wiggins, Mrs. H. G. Wood, Mrs. O. M. Elliott, Miss Sophie Wood, Miss Carrie Coke, Mrs. J. N. Pruden, Mrs. Bertha Halsey, Miss Nettie Cowand and J. Edwin Bufflap.
