Overman Releases Garden Suggestions

County Agent C. W. Overman, this week, released the following suggestions relative to August gardens:

"Now is the time to begin preparing soil for the fall garden. Broadcast a liberal application of well-rotted stable manure or poultry manure and add to this broadcast a moderate amount of 5-7-5 or 4-8-4 fertilizer. Plow the soil thoroughly to pulverize the soil and work in the fertilizer. Rows, not too high, may be made for planting, although the weather is yet dry.

"As soon as you have rain, rake up the rows and plant the following seeds: Beets, Carrots, Mustard, Tender greens, Kale, Snap Beans, Winter Spinach, Leaf Lettuce, Onion Sets, Collards and Cabbage plants, Turnips and Irish Potatoes.

"Unless you have a convenient way of watering your garden, there is no use to plant seed until it rains. Prepare your soil now and be ready to plant a good fall garden when moisture is sufficient. A bountiful supply of vegetables for the home table means less doctor's bills, a healthier family, and a saving to the pocket-book. Let's plant for Victory."

Old Fire Bell May Be Again Put In Service

An old bell which for many years has been lying back of the Court House may be of some use, because of war-time conditions, having been loaned by the County Commissioners to the Chowan County Civilian Defense Council. The bell was, for many years, used as a fire alarm and was stored back of the Court House when the present fire alarm system was inaugurated.

E. W. Spires, County Civilian Defense Chairman, requested the loan of the bell, which will be used for air raid or black-out alarms in event the electric sirens go out of commission or the current is cut off. It is Mr. Spires' idea to mount the bell on the water tank at the power plant.
