

## Mrs. Tuttle Again Elected President Of Cemetery Group

### Annual Meeting Held Thursday at Home of Mrs. W. S. Privott

At the annual meeting of the Beaver Hill Cemetery Association, held on March 30, at the home of the treasurer, Mrs. W. S. Privott, the following officers were re-elected: Mrs. R. F. Tuttle, president. Mrs. E. S. Norman, vice-president. Mrs. C. E. Kramer, secretary. Mrs. W. S. Privott, treasurer.

The financial report was presented by the treasurer and approved by the Association, as were also other reports of officers and committee chairmen.

After due consideration, it was decided to hold the annual meetings somewhere around the first of the year, instead of in March, as heretofore.

The collectors for 1944 are: Miss Lou Brown, Mrs. X. E. Copeland, Mrs. J. M. Elliott, Mrs. R. C. Holland, Mrs. E. S. Norman, Mrs. D. M. Reaves and Mrs. L. W. Stallings.

As the condition of the cemetery depends entirely upon the contributions of the lot holders, it is hoped that all who possibly can will become members of the Association or else undertake the care of their lots themselves.

Mrs. R. F. Tuttle and Mrs. E. S. Norman are in charge of the work in the cemetery and have been active in this since, through their efforts, the Association was founded in 1914.

Only those who recall the condition of the cemetery at that time can appreciate their efforts.

Mrs. J. C. Dail has agreed to serve on this committee and will assist Mrs. Norman during the summer months.

The Association is very fortunate in securing Mrs. West as superintendent of the cemetery. For she sees that it is well-kept and takes a real personal interest in the work there.

## Veterans Urged Apply For Jobless Insurance

W. R. Curtis, acting chairman of the Unemployment Compensation Commission, has issued a notice to all veterans returning after a discharge from military service that in order to establish their benefit rights they must apply for unemployment insurance within six months of release from the armed forces. These claims must be filed within six months of the military discharge.

Not all returning veterans will have wage credits available for unemployment insurance. The only way a veteran may determine the status of his account is by filing a claim with the Unemployment Compensation Commission.

"Veterans should look to the future," Curtis said. "Regardless of whether or not a veteran has occasion to draw unemployment insurance benefits within the six months following his discharge, or whether he is employed or not, or whether or not he is able to work at the time of his discharge, he should file a claim for unemployment insurance during this six-month period."

Claims in the Edenton area can be filed every Friday morning between the hours of 10:30 and 12 in Room 206-208, on the second floor of the Citizens Bank Building.

#### IN MEMORIAM

In loving memory of our husband and father, Alexander Copeland, who departed this life one year ago today, April 4, 1943.

Our wandering thoughts take us back  
To this day, one year ago,  
When you were called from us  
And we had to let you go.

We often sit and think of you,  
And of the way you died;  
That you could not say good-bye,  
Before you closed your eyes.

The blow was hard, the shock severe  
Although we knew your death was near.

Only those who have lost can tell  
The pain of parting without farewell.

Although your soul is now at rest,  
And free from care and pain;  
This world would seem like Heaven,  
If we had you back again.

You will never be forgotten,  
Never will your memory fade  
Sweetest thoughts will always linger  
Around your new and peaceful grave.

We pray that you are in that  
Heavenly home on high,  
And we are hoping to meet you there  
In that sweet bye and bye.

—Wife, Son and Daughter.

## That Nagging Backache

### May Warn of Disordered Kidney Action

Modern life with its hurry and worry, irregular habits, improper eating and drinking—its risk of exposure and infection—throws heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood.

You may suffer nagging backache, headache, dizziness, getting up nights, leg pains, swelling—feel constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

Try Doan's Pills. Doan's help the kidneys to pass off harmful excess body waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere. Ask your neighbor!

## Daniel Reeves Sent Back To United States

Daniel P. Reeves, son of Mr. and Mrs. D. M. Reaves, has been returned to the United States after four months overseas with the Navy's Seabees and is now enrolled at the University of Miami, Coral Gables, Fla., where he is taking a basic course in preparation for a commission in the Naval Reserve.

The former Seabee, so named from the initials of the service, Construction Battalion, passed examinations for the Navy's V-12 program and was ordered to the university. Now 22 years old, he enlisted April 29, 1943.

He is a graduate of Edenton High School and attended North Carolina State College and the University of North Carolina. While in high school he was a member of the band in which he played the bass horn.

## SEED PEANUT SHELLER NOW OPERATING FOR THE PUBLIC

This new and modern cleaner and sheller has proven to be satisfactory and a money-saver.

We invite Albemarle section farmers to inspect and give our machine a trial.

Natural nitrate of soda shipments from Chile are arriving on satisfactory schedule. Close to half a million tons are already here, delivered or ready for delivery. Another 200,000 tons are expected and every effort is being made to get it here in time for this season's crops.

If shipping estimates hold, there will be about as much Chilean nitrate for top and side dressing as last year. But because all of it is being distributed under the government's allocation program, it may be impossible to supply all sections in the same proportions as last year.

If you cannot get Chilean nitrate when you want it, remember the inconvenience is only temporary—one of many dislocations due to war.

Chilean nitrate is here in substantial quantity, but, like every good soldier, it goes where it is told and when it is told by the government.
