# **Marines Win Two Games In Opening Baseball Season**

## Leathernecks to Tie **Game Sunday**

their debut by defeating Merry Hill June will be lowered to 1 cent over by a score of 22-2. Mahlikowski, Marine pitcher, limited the opposition will be reduced to the old base and will be reduced to the old bas to four hits, while striking out nine.

Before a good-sized crowd Sunday afternoon a double-header was play-ed, the first between a picked Edenton team, while the night-cap oppon-ents were Consolidated Aircraft of Elizabeth City. The first game developed into a pitchers' duel between Lester Jordan, local pitching ace home on furlough, and Chinnis. Jordan limited the Marines to one hit, while 11 went out by the strike-out route. Chinnis allowed four hits. The game was called after the seventh inning with the score 1-1 in order to begin the second game. The highlight of the game was a double in the sixth by Chinnis, which ruined Jordan's chances for a no-hit game.

In the second game the Marines had little trouble in defeating Consolidated Aircraft, the final score being 9-0. The Marines opened the first inning with a 4-run lead which was never seriously threatened under the masterful pitching of Stevenson, who allowed only four safe bingles and fanned 15 batters. Two circuit clouts were made during the game, one by Platt and the other by Mahlikowski. The Marines hit safely 14 times and made only one error.

Batteries for the first game were: Edenton, Jordan and Phipps; Marines, Chinnis and Londergan; second game, Marines, Stevenson and Kaisin; Consolidated Aircraft, Evans and May.

Don't Neglect Them!

Nature designed the kidneys to do a marvelous job. Their task is to keep the flowing blood stream free of an excess of toxic impurities. The act of living—life itself—is constantly producing waste matter the kidneys must remove from the blood if good heath is to endure. When the kidneys fail to function as Nature intended, there is retention of waste that may cause body-wide distress. One may suffer nagging backache, persistent headache, attacks of dizxiness, getting up nights, swelling, puffiness
