TROOP 170 Truman Daughtridge
Troop 170 met as usual on Tuesday night. The meeting was started with the Pledge of Allegiance and the Scout Oath. A question which has not yet been decided on was brought up, the question being "What are we going to do about camp?" It had already been decided not to go to Camp Leach as it is a little too expensive. This question has not yet been settled.

The Troop decided to go outside and play some games, so "Capture the Flag" was played until it became dark, after which the boys went back into the house and played "Old Grady Says."

The meeting was then adjourned. Members of the Troop were sorry that their Scoutmaster, Chief J. R. Tanner, could not be present at the meeting.

Treatment Of Seed Popular In Chowan

71 Farmers Attend Ten Method Demonstrations Last Week

According to County Agent C. W. Overman, 71 farmers last week attended 10 method demonstrations on proper treatment of cotton seed and seed peanuts throughout the county. In view of the fact that very few growers had all of their seed peanuts shelled, regular seed treatment days for peanuts are being held during this week. A total of 710 bushels of cotton seed and 6,750 pounds of seed peanuts were treated last week.

Seed treatment of cotton seed and seed peanuts has grown very valuable to growers in Chowan County. In view of the necessity for maximum production in the war effort, it is felt that these demonstrations and this service is most valuable.
