

## Mer Edenton Boy Experiences Thrill On Ship Sam Destroyer

### Ship Carrying Arabian King to Meet President

James Ralph Johnston, 18, a seaman, was a crewman of an American Fleet destroyer that carried King Ibn Saud from the Arabian Gulf to Jiddah to his historical meeting with President Roosevelt.

When the destroyer reached Jiddah, the destroyer had to pass through the Suez Canal into the Red Sea. When the royal party persons embarked, American sailors were treated to a sight reminiscent of Biblical times.

A huge tent was erected on the deck, completely covering the ship's gun mount. In it the King served a banquet for the ship's crew, and saw the new film "Fighting the Navy."

Food for sheep, brought along with the ship, was piled on the deck. The King's household and guards—rugs, great trunks and stores of food and rice. Charcoal fires kept burning night and day and their glow the topside party prepared food and thick Arabian coffee proved impossible for the ship's crew to eat after sunset. An Arabian destroyer resembling nothing so much as an Arabian camp in the desert was a new experience for the American sailor.

Johnston was graduated from the Edenton High School, but his mother lives in Elizabeth City. His father, Ralph E. Johnston, is a chief keeper in the U. S. Navy.

### Kidneys Must Work Well

**For You To Feel Well**  
24 hours every day, 7 days every week, never stopping, the kidneys filter waste matter from the blood. If more people were aware of how the kidneys must constantly remove surplus poisons, excess acids and other waste matter that cannot stay in the blood without injury to health, there would be a better understanding of why the whole system is upset when kidneys fail to function properly. Burning, scanty or too frequent urination, sometimes warns that something is wrong. You may suffer nagging backache, headaches, dizziness, rheumatic pains, getting up at night, swelling. Why not try Doan's Pills? You will use a medicine recommended by the doctor. Doan's stimulate the function of the kidneys and help them to flush out poisonous waste from the blood. They contain nothing harmful. Get Doan's today. Use with confidence. At all drug stores.

"I'm helping them get what Joe died for!"

Mike and Tony are too young to remember their father.

Joe died in Africa, at Kassarine Pass, in a battle that already seems long, long ago...

Died for his country—though Joe might have put it differently. What America meant to Joe was mostly Mike and Tony: the opportunity it meant for his kids.

A college education. A real start in the world, and freedom to grow in.

And they're going to have it! I'm buying War Bonds—and keeping them.

They're the safest investment on earth.

In less than ten years now, I'll have four dollars for every three I put in. That's as good as a 33% pay raise! That money will go a long way to educate the kids, to establish them in life the way Joe wanted.

And it's comforting to know the money's there, if I need it—against any emergency that may come.

Joe did his part for our children. I'm going to do mine. I'm keeping my War Bonds—and buying as many new ones as I can.
