Cards of thanks, obituaries, resolutions of respect, etc., will be charged for at regular advertising rates.

THURSDAY, DECEMBER 5, 1946.

### THIS WEEK'S BIBLE THOUGHT

WE HAVE FREEDOM TO CHOOSE SIDES: But he that denieth me before men shall be denied before the angels of God.—Luke 12:9.

### Meeting Many Should Attend

No little amount of publicity has been given by newspapers and radio to the proposed program of the North Carolina Good Health Association in an effort to lift North Carolina from the embarrassing low position among other states regarding health conditions.

In every forward movement there is bound to be some objection and the proposed program is no different than other urgent movements in that there are and will be those who object to the idea.

Not much comment either for or against has been heard in Chowan County, but on the eve of opening a hospital, which has been in the minds of many Chowan County people for many years, there should be reason for our people to become health conscious.

J. Clarence Leary, chairman in Chowan County for the Good Health Association, has arranged for a meeting to be held in the Chowan Court House Wednesday night of next week, which should attract a capacity house. The principal speaker for the occasion will be Harry B. Caldwell, who is executive secretary of the North Carolina Good Health Association. Mr. Caldwell is well acquainted with health conditions in the State and is well posted on the plans and purposes of the Good Health Program, so that he should be able to pass out first hand information.

There is no argument that every person should be interested in better health conditions, so that if there are those who are not in sympathy with the proposed program, they should attend next Wednesday's meeting and become enlightened on some phases which may not be altogether clear.

A great deal of interest has been aroused throughout the State and Chowan should, especially in view of the long local hospital struggle, have a large crowd on hand to learn as much as possible about what is being proposed.

### Shooting Stopped, But—

This week a large group of canvassers are at work in the interest of raising Chowan County's USO quota of \$1,500. This amount is less than half of what was raised in the County last year, but there is some belief that the smaller amount will be much harder to raise this year.

It is true that actual fighting has ceased but, nevertheless, there are still millions of men and women in the armed forces whose lives without doubt become more monotonous by the very fact that they are not occupied with the business of actually fighting. They deserve some consideration and USO services will, without doubt, make life happier for many of them.

Of course, the need is not as great now as it was before millions were discharged, but neither is the amount of money asked. Chowan County met every previous quota and it should not fall by the wayside now in failing to raise the \$1,500.

E. W. Spires, just as busy as many other people, agreed to serve as chairman, and is hopeful that conditions will make it unnecessary to conduct another drive next year. He, naturally, hopes Chowan will meet its quota and that it will be done in record time. This can only be accomplished if everybody does his or her share, which will not place a burden on any particular person and will result in realization of the goal in record time.

Yes, the war is over, but that does not mean that our interest and obligations should have terminated with the shooting.

Those solicited, therefore, should be ready to make their contribution, thus saving time for the canvassers, who are sacrificing their time and energy, so that the drive can be completed in very short order.

### Duty To Vote

Attention is called to the election to be held throughout the county next Saturday, when AAA committeemen will be chosen. This should be a matter of vital interest to every farmer in order to name men who have the confidence of all. All too often no part is taken by some in such affairs, and these very people are first to criticize what is done by those who are put in charge of affairs.

It is not only a privilege but a duty falling on all farmers and they should go to the polls and vote for the men they think are best fitted for the place.

# HEARD & SEEN

By "BUFF"

Old Man Weather played a Dr. Jekyll and Mr. Hyde stunt the early part of this week, for on Sunday it was plenty warm enough for folks to sit out on front porches, but by Monday morning it turned so cold that "the sunny South" felt more like a winter day up Canada way. In fact the mercury dropped to around the freezing point, so that a lot of people hurriedly put on their long-handled drawers. And if the truth were known, I expect even Miss Lena Jones dug up her red flannels.

For several days now it has been sort of difficult for me to recognize Bob Marsh, assistant county agent. It's all because Bob "mowed" off his moustache. Well, maybe with the scarcity of so many things he doesn't need a soup strainer these days. Anyway, it's funny how much different a few hairs make on a person's face. Gosh, it reminds me that I need a shave myself.

Josiah Elliott was rather surprised Monday morning. Apparently, he makes his initial stop at The Herald office on his monthly round to collect bills for Byrum Hardware Company. "What do you want in here?" I asked as he poked his nose in the door before I got started to argue with a typesetting machine. "What do you think I want with this hand full of bills?" he replied. "These are not press passes to a college football game, you know." All of which meant that I had to stop and write a check before Joe was willing to leave. Ain't these bill collectors persistent?

Mayor Jerome Flora of Elizabeth City was among the officials attending the district meeting of the League of Municipalities in the Court House Monday, and was telling about a stop he made on the way over. He stopped to watch a peanut picker in operation and after looking at the thing for a while, asked a man standing nearby, "How far is it from here to Edenton?" The fellow replied, "Well, it used to be 20 miles, but now that everything else has gone up so bloomin' much, I reckon it is about 25 miles." Where's the OPA?

A. S. Hollowell on Monday took his seat as a County Commissioner, succeeding the veteran commissioner, A. C. Boyce. Mr. Boyce, incidentally, was at the meeting when it opened to wind up a matter to which he was appointed to attend some time ago. Chairman West Byrum had a few kindly remarks to make regarding both, telling Mr. Hollowell that he was filling the shoes of a very good commissioner and that he (Byrum) felt satisfied that Mr. Hollowell would in turn also make a good official. Friend Hollowell is rather warm-natured, but he had jumped into his long-handled drawers before coming to the meeting, and I expect the other commissioners did the same thing.

And speaking about the commissioners, they were paid off for a whole year's work Monday. Of course, Friend Hollowell was paid for only one meeting, so it will be a long time until he gets another check. Four bucks per meeting they get, plus mileage. If I'd be West Byrum and A. S. Hollowell, I'd walk or drive around the block a number of times before going to the meeting and then collect mileage.

It looks as though Santa Claus has been hanging around the fire station. In the rear of the place a whole gang of toys are scattered about a table and on the floor. All of which means that Captain Dick Hall, has had some response for old toys to be painted or repaired for distribution among poor children for Christmas presents. Cap'n Dick derives a lot of pleasure in tinkering with the old toys, so if you have any around the house of no more use, let him have 'em and he'll do his part to help make some youngster happy on Christmas morning.

Since receipt and printing of this week's High School News, which has to do with speeches on the Good Health Program, I've been informed that two colored students, Theophilus Parker and Lula Kelly, have prepared very good papers on the subject. The papers will, no doubt, be read at various meetings of colored people.

Which is a reminder that a meeting will be held in the Court House Wednesday night of next week, when every person interested in better health conditions is urged to attend. Harry B. Caldwell, executive secretary of the North Carolina Good Health Association, will be the principal speaker, and will present facts and information which should be of interest to all.

J. E. (Fats) Blades of Elizabeth City didn't suffer by arriving a little late at the barbecue dinner for town and county officials attending the League of Municipalities meeting Monday night. Fats put in his appearance at the Presbyterian Church at just about the time almost all had finished eating. The ladies hurriedly fixed him a warm plate to replace the cold plate at the table, and before he had gotten started good, about half a dozen unused plates began to head his way. Gosh, it looked as though he might have been a big eater, but before he finished the first plate, he said, "I've got enough, please bring my ice cream."

Oh, yes, don't forget that Christmas Seals are now on sale to raise funds with which to fight tuberculosis. The things cost only a penny each. Have you bought your share? It's a very easy and inexpensive way in having a part in combatting this disease, which is no respecter of persons. Buy some today!

## Governor Of Rotary On Official Visit To Edenton Club Today

### Purpose of Meeting to Advise and Assist Club's Officers

Edenton Rotarians will welcome I. M. Bailey, Governor of the 189th District of Rotary International, at the regular meeting of the club today (Thursday). Mr. Bailey succeeds John A. Holmes as district governor, his district now including 36 Rotary clubs in Northeastern North Carolina. Governor Bailey is a member of the law firm of Bailey, Holding, Lassiter & Langston in Raleigh, and is a member of the Raleigh Rotary Club.

Mr. Bailey will visit the Edenton Rotary Club to advise and assist President C. W. Overman and Richard N. Hines, secretary, and other officers of the club on matters pertaining to club administration and Rotary service activities.

He is one of the 157 District Governors of Rotary International who are supervising the activities of some 5,800 Rotary Clubs with more than a quarter of a million members in 73 countries and geographical regions throughout the world.

Today, this world-wide service organization continues to grow in numbers and in strength. During the last fiscal year, 404 new Rotary Clubs were organized in 12 countries of the Americas, and in Australia, Belgium, Burma, China, Czechoslovakia, Denmark, England, Federated Malay States, Finland, France, Greece, Hong Kong, India, Ireland, Luxembourg, New Zealand, Norway, Portugal, Straits Settlements, Sweden, The Netherlands, The Philippines and Wales.

Wherever Rotary Clubs are located, their activities are similar to those of the Rotary Club of Edenton because they are based on the same general objectives—the promotion of better understanding and fellowship among business and professional men, community betterment undertakings, raising the standards of business and professions, and fostering the advancement of good will, understanding and peace among all the peoples of the world.

### Ed Bond Post Plans To Remember Vets In Hospitals With Gifts

Members of Ed Bond Post of the American Legion, at their meeting Tuesday night, decided to send Christmas presents to veterans in hospitals rather than make a contribution to the Red Cross for the same purpose. The Post also decided to send flowers to all Gold Star Mothers in the county.

In order to reach all Gold Star Mothers, as well as veterans now in hospitals, their names should be forwarded to Walter Holton at once. It is hoped none will be overlooked, so anyone knowing of a Gold Star Mother or veteran now hospitalized should let Mr. Holton have the names and addresses.

### IS YOUR LIVER CRYING FOR HELP

because of constipation or faulty digestion? If you feel bilious, sour, bloated with gas, headachy, blue, grouchy, you may be putting too big a burden on your liver. Retained undigested food becomes putrefactive, causes toxins, which overload the liver, keeping it from working properly. Then is the time to relieve your tired liver by letting Calotabs help nature sweep the putrefactive and partially digested matter from your stomach and intestines. Nothing acts just like good old Calotabs. Use as directed. 10c and 25c at your druggists.

Take **CALOTABS**

### Appointment Of 1947 Tax Listers Approved

Chowan County Commissioners on Monday approved the appointment of tax listers for the county as recommended by Tax Supervisor P. S. McMullan, all of whom will receive the same salary as last year.

In the First Township Mrs. Annie McMullan will be the lister, the salary being \$200; T. A. Berryman will serve in the Third Township at \$100, and C. W. Parker in the Fourth Township at \$85.

No lister was named for the Second Township Monday, but Mr. McMullan will make an appointment within a few days.
