

Prices For Cotton Drop Last Week

1947 Production Goals Released By Secretary Of Agriculture

Cotton prices declined during last week. Prices for Middling 15/16 inch in the ten spot markets averaged 31.30 cents on Friday, January 17. This compares with 32.29 cents a week earlier and 24.52 a year ago.

Final farm production goals for 1947 were announced by the Secretary of Agriculture. The final goal for cotton is 23.1 million acres. An acreage this large would be 27 per cent more than the 18.2 million acres planted in 1946. At average yields of 263 pounds per acre an acreage equal to the goal would produce about 12.6 million bales. This would be substantially more than the 8.5 million bales produced in 1946 and approximately equal to the 10 year (1935-44) average production.

MARKETING with Marjorie

Hello, I'm a newcomer here, but before long I hope you'll think of me as a neighbor. . . the good old-fashioned kind who passes her best recipes on to you, tells you about the bargains she finds, and shares her time-and-energy saving discoveries with you. That's what I want to do, and I'm looking forward to visiting with you here often from now on.

FLAVOR FAVORITES

Good news, coffee lovers! The 3 A&P blends are plentiful again! Will my family be glad to have BOKAK back! They love its vigorous, winy flavor. Plenty of people do, but many prefer mild, mellow EIGHT O'CLOCK, and loads like rich, full-bodied RED.

CIRCLE best. They all agree on one thing, though—you can't beat A&P COFFEE for freshness and flavor! That's because it's sold in the whole bean, and Custom Ground just right for your coffee-maker. Try it today!

SPLIT-SECOND SPAGHETTI

A mighty popular hurry-up meal at our house is delicious ENCORE PREPARED SPAGHETTI from the A&P. It's pepped up with a zesty tomato-and-cheese sauce that tastes as if you'd spent hours making it. . . yet all you do is heat and eat! What a wife saver!

SCOUTIN' AROUND

(Continue from Page 7) ing for, in addition to a wide assortment of personal items for men. The Betty Shoppe is featuring sweaters of every color imaginable, with skirts to go with them to make a handy knock-about getup. If you're looking forward to the Spring fashions, don't fail to look at their gabardine suits. The Byrum Hardware Company stands behind Funk's hybrid corn seeds as providing a much greater yield than other brands. The Albemarle Restaurant seems to be attracting a good bit of tourist trade. We were bragging about our Joseph Hewes Hotel being full with the exception of but five rooms out of 77 this past week. The Duke of Windsor Hotel said they were turning tourists away. (We didn't point out, however, to the manager that the Joseph Hewes Hotel had almost three times as many rooms).

Prices Move Upward On Peanut Market

The demand for farmers' stock peanuts at Eastern North Carolina and Virginia points improved slightly during last week. Prices ranged from Commodity Credit Corporation loan support levels for poorer quality up to 10 and 10 1/2 cents per pound for better quality. Canadian buying strengthened the demand for fancy stock. The market for extra large and medium grade shelled stock also showed some improvement.
