

Foxhole Ballet Well Received In Concert

Drive For Next Series of Concerts Will Begin March 31

Edenton High School's spacious auditorium was practically filled Friday night when the Foxhole Ballet presented the final in the current series of concerts sponsored by the Community Concert Association. The group included first class artists, who delighted the large crowd with their performances.

The program was divided into two parts during which difficult numbers were presented. During intermission Victoria Crandall and Moreland Kortkamp, pianists, rendered outstanding numbers played at the same time on two pianos. These two artists, like those on the stage, were greeted with rounds of applause.

In anticipation of another series of concerts, memberships were sold at Friday's concert, and the response was very encouraging. The drive for members for the next series of concerts will be held the week of March 31 to April 5, and it is hoped more will join than was the case for the first series, thus enabling the scheduling for local appearance of even better talent.
