

Taylor Chairman Easter Seal Sales In Chowan County

Drive for Crippled Children Continues Until Easter

County chairmen for the annual Easter Seal Campaign for the North Carolina League for Crippled Children have been announced by Senator T. O. Berry, president of the League, and Miss Ethel Honeycutt, executive secretary.

Among the appointments in 78 of the 100 counties in the State is W. J. Taylor, who will again serve as chairman in Chowan County.

Mr. Taylor announced that Geddes B. Potter will direct the campaign in Chowan County and in accepting the appointment Mr. Potter said:

"The purchase of Easter Seals will help the Chowan County Society to meet the needs of many handicapped persons in our own community. The society seeks to supplement rather

than duplicate the service of other public and private agencies for the handicapped."

Mr. Potter in turn named as members of the committee J. A. Curran, A. E. Jenkins and Earl Harrell, treasurer.

During its 14 years of service to the crippled and handicapped of Chowan County the society has aided over 35 crippled children and adults.

Funds raised will be used for corrective shoes, braces, crutches and wheel chairs; transportation to clinics; hospital, surgical and convalescent care; camping programs and other services for crippled children in Chowan County.

Both Taylor and Potter hope the county will raise \$400 through the sale of the seals. Last year \$361 was raised.

(Continued from Page One) distress at the untimely death of Judge C. E. Thompson, whom I admired as a jurist of high calibre and a fine Christian gentleman.

"The elevation of the Hon. Chester Morris to the Bench is certainly a well deserved recognition of his character and ability, and I wish to pledge him my sincere cooperation.

"To the people of the First District I wish to express my deepest appreciation for their support of my appointment, and assure them of my every effort to carry out to their satisfaction the duties of Solicitor."

Mr. Graham, 39, is a son of Mrs. Anne Shepard Graham and the late William A. Graham. After graduating from Edenton High School he attended Woodbury Forest School and later the University of North Carolina securing his AB degree in 1930 and LL.B. degree in 1933. INTERNATIONAL HARVESTER says:
"Any price is too high if it can be reduced."

We second the motion We'll do our part!

International Harvester has reduced prices to save users of its products \$20,000,000 a year. The reductions apply to a selected list of various products made by the Company.

In making its announcement to the general public last week, International Harvester said:

"We believe there is nothing more important to this country than to lower the prices of goods people buy."

"The American people have insisted that the government withdraw from its attempts to control prices in peacetime. That places the responsibility where it belongs—in the hands of business and industry."

"Because we believe price reduction is vital, we are willing to assume the risks involved."

As International Dealers we will do our part. We will pass International Harvester's price reductions to our customers.

And now a word of gratitude to our friends who have patiently waited for the new machines they need. As most of our customers are aware, International Harvester has done everything possible—and some things that seemed impossible—to maintain and increase production.

The outlook is somewhat better. Soon we hope to supply equipment to all of those who have cooperated so faithfully with us.

Meanwhile, the same top-quality International Service and Parts that have kept equipment operating for our customers during the difficult years are available from us. We urge our friends to continue to use these facilities to obtain maximum operating economy.

International Harvester is doing its part with quality, increased production and reduced prices.

We will do our part in this territory
