

Robert D. Oliver Is On Aircraft Carrier In Antarctic Circle

Edenton Boy Charter Member Order of Penguin

Robert D. Oliver, seaman, first class, son of Mr. and Mrs. John Oliver, who is serving aboard the aircraft carrier USS Philippine Sea, has been made a charter member in the Order of the Penguin, an order created by Rear Admiral Richard E. Byrd especially for the 4,000 men of Task Force 68, who crossed the Antarctic circle while participating in "Operation Highjump."

The Philippine Sea, under the command of Capt. D. S. Cornwell, USN, is the only aircraft carrier to have penetrated below the Antarctic Circle. Her mission with "Operation Highjump" was to carry Rear Admiral Byrd, technical commander of the expedition, and six transport planes within easy flying distance of Little America. These DC 3 transports became the largest planes ever launched from a carrier deck.

During her six day sojourn at a rendezvous area in the Ross Sea 600 miles from Little America, the ship transferred 100 tons of cargo, 100,000 pieces of mail and additional personnel to three ships, one from each group of Task Force 68; and delivered mail to a submarine operating in those waters. Among those taken aboard the Philippine Sea, the first ship to return to the States from the Antarctic Expedition, were five of the six survivors of the December patrol bomber crash.

Approximately 300 icebergs were counted in the ship's vicinity and she came within 10 miles of the forbidding ice pack. The two month, 19,000 mile cruise, which made Naval and aviation history, took the crew of 1,800 through a gauntlet of weather ranging from torrid to frigid.

Nutrition Spotlight In 1947 Observance Of Demonstration Week

The importance of planning meals for good nutrition will be one of the keynotes of the 1947 observance of National Home Demonstration Week in North Carolina, according to Miss Verna Stanton, assistant state agent for the State College Extension Service.

The week of May 4-11 has been set aside as a period when the state's 2,221 Home Demonstration Clubs will tell their communities what they have done to further better farm living during the past year, according to Miss Stanton, who cited figures to show that in nutrition phases alone, more than nine thousand Tar Heel families were assisted in improving their home food supply by making changes in home food production.

During a time of high prices and many shortages, rural women have learned how to extend limited supplies of sugar, fats and meats, she said. "They realize," Miss Stanton declared, in discussing the work of more than fifty-six thousand enrolled club women, "the importance of planning meals for good nutrition, and are working out ways to provide both children and adults with the right foods to keep them well."

Theme of the second annual national observance in the United States, Alaska, Hawaii and Puerto Rico, will be "Today's Home Builds Tomorrow's World". Some three and a half million rural women will plan and direct the week's events.

Telling Secrets

The Major—You know, I have not seen your husband since he returned to civil life.

The Ex-Captain's Wife—You mean since he was released from the Army, don't you? He never was very civil.

J. H. Conger, Jr., And Ruth Waters Bond Married In Tarboro

The marriage of Miss Ruth Waters Bond, daughter of Mr. and Mrs. Lyn Bond, of Tarboro, to Joseph Harold Conger, Jr., of Edenton, son of Mr. and Mrs. Joseph H. Conger, took place Saturday evening at 8:30 o'clock in St. James Methodist Church, Tarboro. The ceremony was performed by the Rev. M. W. Maness, pastor of the church, and the Rev. Robert M. McNair, rector of Calvary Episcopal Church, Tarboro. The church was decorated with greens, white flowers and lighted candles. Brookes Frye played the wedding music.

The bride was given in marriage by her father. She wore a wedding gown of candlelight duchess satin, fashioned with a net yoke edged with a wide berth of hand-made Brussels lace, pointed basque bodice with long tight sleeves tapering to points at the wrists, and a bouffant skirt ending in a circular train. Her full length veil of imported illusion fell from a coronet of heirloom lace from her mother's wedding dress, and she carried a shower bouquet of white orchids and freesias. Miss Martha Conger, sister of the bridegroom, was maid of honor, and Mrs. E. C. Winger, Jr., of Chambersburg, Pa., was matron of honor. The bridesmaids were Mrs. T. E. Bass, III, of Hornsbyville; Mrs. William Chisolm, of Savannah, Ga.; and Mrs. James Alexander, III, of Raleigh. All the attendants wore gowns of American Beauty silk faille fashioned alike and carried bouquets of shell pink callias. They wore camellias in their hair.

Elton Forehand, Jr., of Edenton, was best man, and the ushers were John Wood Foreman, of Elizabeth City; Meredith Jones, of Edenton, and Edward Bond and Lyn Bond, Jr., brothers of the bride, of Tarboro.

The bride's mother wore a gown of sapphire blue crepe with matching coronet of tulle and a corsage of white orchids. The bridegroom's mother wore a taupe soirette gown and a corsage of purple orchids.

After the ceremony, a reception was given at the home of the bride's parents. Later, Mr. and Mrs. Conger left for a wedding trip to Sea Island, Ga., and upon their return will reside in Edenton. The bride traveled in an Aldrich original two-piece wool suit in bachelor button blue fashioned with a cut-away jacket, and cloche of natural tuscan trimmed in blue bachelor button flowers.

Colored Fund Now Clarified By Receipt

All Money on Hand to Make Refunds to Students

Following a story in The Herald last week relative to refunding money given to buy physical education uniforms for colored school children, the teacher involved, Miss Emma P. Hodnett, has clarified the situation in producing a receipt for \$100 which she turned over to the treasurer of the school. The money is in the hands of the treasurer, he having given a receipt for it, but in some manner it was not clearly designated on the records, and for that reason the transaction was not clear.

However, since Miss Hodnett produced a receipt for \$100, the records have been cleared up and the amount is in balance.

Since the receipt was produced and an investigation made, Principal D. F.

Walker made the following statement early this week:

"We have interpreted our records and checked our account for physical education uniforms and on April 21, began to make refunds to all students who, according to our records, have not received a complete uniform. "Parents are requested to notify their children to call for the refund, which will be paid in cash, unless otherwise notified."

Seed Corn Delivered To 4-H Contestants

Assistant County Agent Robert Marsh last week delivered 10 pounds of Funk's G-714 hybrid corn to each of the 25 4-H Club members who have a corn project this year. In all cases except two, the Club members are using hybrid seed. In these two cases the Club members' dads prefer their sons to use a regular variety of open pollinated field corn.

Mr. Marsh is especially interested in these two projects and believes the two boys and their dads will be convinced of the merit of hybrid corn when the winners of the corn contests are announced.

A Just Demand
The Patron—Lookahere, I paid an amusement tax of ten per cent of the price of my seat.

The Box Office Man—Well, The Patron—Hand it back. I was not amused.

Terrible!
"She suffered in silence."
"I'll bet she suffered!"

We love 'em in December as we do in May

REMEMBER the day you first romped away in that Buick of yours? How those eight Fireball cylinders fairly floated you over the hills—how those road-steady two tons of lively car answered sweetly every light touch of your hand on the wheel—how you glided along with foursquare Buicoil springing smoothing every wrinkle in the road?

That's what your Buick was built to do. Years and years of that kind of driving are in it—especially when it gets the interested, informed car care this fine an automobile should have.

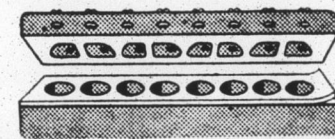

That doesn't mean just periodic

lubrication, a body wash, battery check or bolt-tighten. It means thorough attention by competent Buick men—attention that keeps a Buick always a Buick.

Buicks are our babies. Even the smallest details are handled the way they should be for a Buick. We have Buick tools that do jobs better and quicker. We have men who know Buicks best. We have Buick-engineered parts that are precisely right for your car.

Put that all together and it's Buick car care.

Pretty clear, isn't it, that here is where your Buick will receive the best attention? After all, we love 'em heart and soul.

"TOP" SECRET

One of the things that play a part in Fireball snap is Buick's wafer-thin steel cylinder gasket. Just 15 thousandths of an inch thick, it's a "must" for the high compression this powerful straight-eight is designed for. Other kinds that are thicker cut down the compression and the car's liveliness.

In carbon and valve jobs, or any other where this gasket must be replaced, only this Buick gasket will assure the fit Buick engineers intended. No wise Buick owner would have any other in his engine.

Just another example of how you get more for your money—in major adjustments, tune-ups, lubrication or anything your car needs—when you make sure it gets Buick car care.

For Treasurer

This is to inform the voters in Edenton that I am a candidate for re-election as Treasurer in the May Primary. I again solicit the vote and support of the entire citizenry, which will be greatly appreciated.
