Dail, chief of police, and also a member of the Lions Club, gave an interesting and helpful talk on traffic safety and interpreting traffic regulations. Many questions were asked the chief in an effort to clarify misunderstandings concerning traffic on highway 17 and 32. Mr. Dail pointed out that often if one endeavored to enforce his legal right of way in some instances, he might end up with some property damage or physical injury, due to the fact that so many do not understand or purposely disregard the traffic regulations.

To The Voters Of Edenton

I wish to state that I will be a candidate for the office of Mayor of the Town of Edenton in the May Primary. I am seeking this office at the solicitation of a large number of citizens, who have requested me to do so solely in the interest of efficient and economical city government. They assert that my record and past experience as Mayor, together with my abiding and continuing interest in the welfare of the Town will justify my candidacy.

If elected, I can give the office practically all of my time, and if the voters desire my services, I will be glad to render the best of which I am capable.

Tobacco Growers Find FERMATE VERY LIMITED

Tobacco growers in Chowan County are searching every nook and corner for FERMATE with which to spray their tobacco beds for controlling Blue Mold, says County Agent C. W. Overman. The fact that stands of plants are quite light in the beds is giving growers considerable concern in trying to do everything possible to save all their plants. The supply of FERMATE is very limited and growers are encountering considerable difficulty in obtaining the material.

Two FERMATE spraying demonstrations are being conducted with B. T. Boyd and V. D. Hare of Cross Roads Community.
