

Two Edentonians To Attend National Peanut Convention

Over 400 Delegates Expected From 22 States

A. B. Harless of the Albemarle Peanut Company and James E. Wood of the Edenton Peanut Company are among the more than 400 delegates from 22 states who will attend the annual meeting of the National Peanut Council to be held at Galveston, Texas, May 11-14. Mr. Wood is president of the Council and Mr. Harless is a delegate member.

Peanut production in 1946 topped the two billion pound mark for the fifth consecutive year and indications are that 1947's production will be only three per cent less than in 1946, still well above that two billion pound figure. With peanuts back on a competitive market again—vying for their share of the nation's food dollar—the leading representatives of the peanut industry will discuss improving the product and attaining greater production at lower cost through research, as well as acquainting the American public through advertising and publicity with contributions peanuts make to the diet. Peanuts are one of the top ten agricultural products of our country, bringing farmers approximately \$200,000,000 yearly.

The first session of the convention will be an open government industry conference on Sunday afternoon, May 11, at which W. T. Parker, Chief, Peanut Section, Oil Seeds Division, Commodity Credit Corporation, will preside.

Miss Charlotte Bunch In Recital May 15th

Miss Charlotte Bunch, daughter of Mr. and Mrs. Maurice Bunch, will give a piano recital Thursday night, May 15, at 8 o'clock, in the school auditorium. Miss Bunch, a senior, is a pupil of Mrs. L. L. Lewis. The public is invited to attend the recital.

Harrell and Marsh Report On Meeting Of Farm Bureau

One of Best Meetings Ever Witnessed Say Local Men

W. A. Harrell and Robert S. Marsh, who attended the meeting of the Farm Bureau board of directors in Raleigh last week, report that the meeting was one of the most interesting and informative that they have attended.

The meeting was opened by President W. W. Eagles of Macclesfield, who presented R. Flake Shaw, Executive Vice-President, and member of the National Board of Directors, who reported on the fight that is now in progress to maintain the 90% of parity formula in price support programs. Mr. Shaw called for an organization of at least 100,000 members in North Carolina to give the necessary strength to demand more attention to the N. C. Farm Bureau's stands on national and state issues to maintain and improve the condition of Agriculture.

County membership quotas were presented, along with the Edward A. O'Neal Club plan for obtaining memberships, a detailed plan of action for the membership drive to be conducted in districts one through four from September 15 through October 1, and a poll conducted of the members which resulted in the group's agreement to travel to the National Convention in Chicago December 14-18 by train.

J. B. Hutson, Director of the newly formed Tobacco Associates, Inc. discussed the export and domestic market situation with the group.

Also appearing on the program were A. C. Edwards of Greene County, who as chairman of the Membership Committee sketched the need for and the prospects of reaching the membership quota accepted by the directors, and Carl T. Hicks of Walstonburg, chairman of the Tobacco Committee, who reported on the meeting with the National Association of Tobacco Distributors in Chicago, Illinois. Dean I. O. Schaub, Director of the North Carolina Extension Service, called attention to the coming tobacco referendum and stated that the Farm Bureau leaders in the counties should be making their plans to see that it was run off in a satisfactory manner. Mr. Shaw called attention to several problems that are now confronting the National Farm Bureau Federation. Among these were finding markets for surpluses that are sure to develop, the price support laws and parity formulas referred to above, the national fertilizer bill, the Secretary of Agriculture's charity distribution plan for surplus farm products, and others.

Blue Mold Striking Chowan Tobacco Beds

Blue mold struck several tobacco beds in Chowan County last week, according to County Agent C. W. Overman. "Where beds were sprayed with Fomate and started at the proper time, we have observed no infection," says Mr. Overman, "while a few beds where sprayings were begun about a week or ten days ago some blue mold is appearing."

26 County Women Make Up Tour To Gardens In Virginia

Number of Historical Sites Visited Near Norfolk

Twenty-six Chowan and Perquimans County women, accompanied by Miss Rebecca Colwell, home agent for Chowan County, Miss Frances Maness, home agent for Perquimans County and Miss Hazel Shaw, assistant agent for both counties, left by special Norfolk Southern bus driven by Harry Crumney Thursday morning of last week to visit historical homes and gardens near Norfolk.

The first stop was to pick up Mrs. Potter, the guide, then going down to the Great Neck section of Princess Anne County to visit Broad Bay Manor, now owned by Mr. and Mrs. John B. Dey. Both the inside of the house and the gardens were visited. The first house was built about 1640 and the present home added to this in 1770. It is surrounded by age-old boxwood bushes, sweeping lawns and broad fertile fields.

The second visit was the home of Mr. and Mrs. Melchior, a beautiful summer home and garden.

The third visit was the old Donation Church and then on to Ducking Point where the witches were ducked. Old Donation Church, first built before 1694, was used until 1854 and then abandoned. In 1882 it was partially destroyed by fire, but is now restored and services are held regularly.

The fourth stop was at Sea Breeze Farm, owned by the Misses Hill. The gardens are located on a point overlooking historic Lynnhaven River.

The next stop was White Acres. In these gardens are planted many camellias and azaleas.

The sixth place visited was the Azalea Gardens, where the group had a picnic lunch and enjoyed the gardens. In its lakes are reflected approximately 70,000 blooming azaleas, also a magnificent display of camellias, rhododendrons, mountain laurel and Japanese iris.

The last stop was Holly Lodge, a man's garden, an example of successful transplanting of plants and trees from warmer climates.

After spending a very enjoyable day, the group arrived home about 8 o'clock.

When Your Back Hurts

And Your Strength and Energy Is Below Par

It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood. You may suffer nagging backache, rheumatic pains, headaches, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with smarting and burning is another sign that something is wrong with the kidneys or bladder. There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won countrywide approval than on something less favorably known. Doan's have been tried and tested many years. Are at all drug stores. Get Doan's today.

Diarrhea Is Cause Of Many Disorders Among Youngsters

Dr. Roland H. Vaughan Presents Timely Advice

"Diarrhea is often a serious disorder among newborn infants and was the cause of 25 deaths among babies in Philadelphia, Pa., recently," the Edenton-Chowan Chamber of Commerce Health Committee said in a health reminder issued today.

Dr. Roland H. Vaughan, chairman of the Health Committee, stated that the cause of many cases of diarrhea is not always easy to determine, and that a number of different germs have been suspected. He also said that because the germ responsible for the disease is difficult to identify, treatment is often difficult and for this reason prevention is the best means of protecting infants from this ailment. "Proper handling and thorough washing of soiled diapers, also care in the sanitary handling of formula utensils is necessary in the home to provide protection of infants from diarrhea and other diseases," concluded Dr. Vaughan in his Chamber of Commerce Health reminder.

Berryman Will Fill Pulpit At Warwick Church Next Sunday

W. J. Berryman will fill the pulpit at Warwick Swamp Baptist Church on Sunday, May 11, for the Rev. W. C. Francis, pastor. The service will be held at 11 o'clock and the public is cordially invited.
