

## Chowan 4-H Clubs Plan Hold Meetings In Summer Months

### Last Regular Meetings Held at Schools Last Week

The last regular scheduled 4-H Club meetings were held at schools last week with attendance reduced by the fact that some of the club members were having examinations or reviews for examinations and could not be present.

It was decided by club members of the Chowan Senior 4-H Club that members of both clubs will all meet together at least once a month during the summer.

According to Assistant County Agent Robert S. Marsh, plans are now under way to take all the Senior club members on a tour and show them the projects which each of the Senior club members have. It is expected that this will stimulate interest and create a competitive spirit between the club members.

## 107 In Chowan Receive Old Age Aid In May

One hundred seven persons in Chowan County received old age assistance during the month of May,

\$1,982.50 being distributed. Seventeen cases of aid to dependent children received \$579 and \$204 went to 10 aid to blind cases.

According to the monthly report of Mrs. J. H. McMullan, Superintendent of Public Welfare, \$116.88 was spent for general relief and \$82.63 for hospitalization for five persons.

During the month the Welfare Department had seven prison parolees under supervision, 15 children received individual service, six adults mental cases on probation under supervision, 12 calls received from VR in cooperation with DPN, and seven child labor certificates issued.

## Allen-Chappell Vows Spoken On May 25

The marriage of Miss Joyce Rebecca Chappell, daughter of Mr. and Mrs. Titus Edward Chappell of Tyner, to Samuel Decar Allen, Jr., son of Mr. and Mrs. Samuel Decar Allen of Norwood, N. C., took place Sunday morning, May 25, at 9 o'clock in the Center Hill Methodist Church at Tyner. A double ring ceremony was performed by the Rev. E. R. Meekins.

The church was beautifully decorated with lighted candles and spring flowers from the garden of the bride's parents. Mrs. C. H. Ellis of Norfolk, the bride's aunt, played the wedding music and accompanied Miss Elizabeth White of Tyner and Guilford, N. C., who sang "I Love You Truly" and "The Sweetest Story Ever Told."

The bride wore a semi-formal dress of white rayon net with ruffled yoke, fitted bodice, full tiered skirt and a shoulder length veil attached to a tiara decorated with pearls and pale pink rose buds. Her bouquet was a nosegay of pale pink rose buds and white sweet peas. The bride's only attendant was her sister, Miss Melba Chappell, of Tyner and Washington, D. C., as maid of honor. Her costume was light blue marquisette with bouquet of pink and white sweet peas.

Jim Allen of Stanley, N. C., served his brother as best man and the ushers were Vernon Lee Perry of Hertford, cousin of the bride, and Carlton Goodwin of Tyner.

Following a wedding breakfast at the home of the bride's parents, the couple left for a trip by the Skyline Drive, after which they will make their home at 905 Granville Street, Edenton.

## 1947 Combine And Thresher Records Must Be Provided

### Operators Required to Secure License From Register of Deeds

Operators of combines and threshing machines are reminded that they are required to obtain permits to operate their machines in North Carolina. The permits are to be obtained through the Register of Deeds office in each county of the State. There is rarely any charge for these permits, although handy daily record books are provided along with forms on which to report the acreage threshed and bushels obtained from this acreage.

Farmers and business men need information resulting from these records to make their plans for better and safer farming. Also, county agricultural leaders need county totals and averages for their general program planning. The State Threshers' Law is the means for getting such information on small grains.

The purpose of this law is for information and not for revenue. It seeks cooperative aid and interest and not compulsion or resentment. Reliable plans must be developed from information originating at the farm; thus, the threshers' records provide the best basis for county grain statistics for program planning usage. The source and usage is within the county itself. Operators must obtain from the Register of Deeds: (1) Permit or license card; (2) Daily record book; and (3) Report blanks upon which to report their entire operations for the season. Private and public machines, alike, are no exception or exemption, even for those outside the State if they operate inside North Carolina.

## Edenton Lions Win Attendance Award At State Meeting

### President Griffin Calls For Reports of Various Chairmen

West Leary, in making a report of the State Lions Convention held last week in Asheville, told the Lions Monday night that the Edenton club won the attendance prize for clubs having a membership between 30 and 70. The prize was awarded for having the most members present from the farthest point in the State. There were 11 Edenton Lions at the convention, and the award is the third one won by the local club.

At Monday night's meeting President Wallace Griffin requested every chairman of a committee to be ready to report on activities of his group thus far during the year. These reports are to be presented at the meeting on Monday night, June 16.

# Put yourself on EASY Street

gentle softness always. They need no greasing or attention. They are unaffected by dirt, wear or the weather, and breakage is practically unheard of.

The net of it all is that you put yourself on Easy Street when you seat yourself in a Buick. You make every road a better road—every ride an adventure in smooth and buoyant comfort.

Why not drop in and learn more? Whether you have a car to trade or want to talk on a "clean deal" basis, you'll always find a warm welcome here.

possible for each wheel to step over bumps as they came along, leaving the frame and body to pursue their level way undisturbed.

Buick's coil springs keep their

THESE DO IT

— four big-but-gentle coil springs permit each wheel to "step over" bumps as it reaches them. It is this independent action of each wheel that gives Buick its matchless buoyancy on any and all roads.

SKIP styling for a moment—it's pretty well admitted by now that Buick has called the turn on the shape of cars to come.

And for the present, slide over performance—with that big bonnetful of Fireball power, nobody's going to challenge you much on the open road.

What else has the trim Buick got that others can't quite come up to?

You find one big answer where the cobbles are plentiful, the car tracks tangled, the bumps big.

This brawny traveler has a ride—a smooth, level, easy stride that makes you think of a canoe drifting in quiet waters.

One reason: It was Buick that first introduced the American public to soft, gentle coil springing on all four wheels.

It was Buick that first made it
