

1948 Expected To Be A Prosperous Year

Agricultural Conditions Satisfactory, Says Dr. Forster

North Carolina farmers can look forward to a prosperous year in 1948, according to Dr. G. W. Forster, head of the Agricultural Economics Department at State College, who said the national economy is in a highly satisfactory condition, and the immediate future is bright.

This means, he believes, that agricultural conditions, with a few possible exceptions, will also be satisfactory.

Explaining his reasoning behind such a prediction, Dr. Forster says that farm prosperity depends almost directly on the condition of the national economy. Therefore, a close relationship exists between the prosperity of farming in North Carolina and America's industrial activity.

As Dr. Forster sees it, this industrial activity will remain high during the next several years, and as a consequence, the agricultural income of this state will remain in a favorable position.

Miss Anna Mae Perry Weds Ervin Saunders

Mr. and Mrs. Lawrence B. Perry of Hertford announce the marriage of their daughter, Anna Mae, to Ervin Roger Saunders, son of Mr. and Mrs. John Saunders of Tyner.

The wedding took place at six o'clock Saturday afternoon, June 7, at the home of the bride's parents. The Rev. W. C. Francis performed the ring ceremony.

The home was beautifully decorated with summer chrysanthemums, fern and candles in tall standards.

Belmont Perry, brother of the bride, lighted the candles, while Miss Marjorie Perry, sister of the bride, played "I Love You Truly." She then played the traditional wedding marches and "To a Wild Rose" was softly played during the ceremony.

The bride, who was given in marriage by her father, wore a street length dress of navy blue crepe and a corsage of white gardenias.

Miss Mary Lee Perry of Norfolk, sister of the bride, was maid of honor. She wore a dress of pink butcher linen and a corsage of white carnations and fern. Ralph Saunders, brother of the bridegroom, was best man.

Mrs. Saunders is a graduate of Perquimans County High School.

Mr. Saunders is a graduate of Chowan High School and a veteran of World War II.

The ceremony was followed by a wedding supper for those attending.

The couple will make their home at Route 1, Tyner.

Colored Junior Choir Seeking New Robes

In an effort to secure robes for members of the junior choir of Providence Baptist Church, a drive is now in progress to raise the necessary funds. According to William Arthur Reeves, president of the choir, it is the purpose to purchase 22 robes, which will cost approximately \$200.

The Rev. W. H. Valentine is pastor of the church.

SERVING ON USS ALBANY

James W. Perry, electrician's mate, first class, USN, son of Mr. and Mrs. J. E. Perry of Tyner, is serving aboard the heavy cruiser USS Albany, which has returned to the United States after a Naval Reserve training cruise to Hamilton, Bermuda.

In July the Albany will carry 450 midshipmen from Naval Reserve Training Corps units of eastern universities to the Caribbean area on a summer training cruise.

Whatever befalls in the course of nature should be considered good. —Cicero.

Umbaugh Speaker For Farm Bureau

Group Votes For Forest Fire Control Program In Chowan County

Raymond Umbaugh, who is conducting research work on egg transfers and artificial breeding of cattle at the Naval Air Station, was the principal speaker at the Chowan County Farm Bureau meeting held Friday night in the Community Building at Cross Roads. Mr. Umbaugh presented a very interesting discussion of his work in connection with breeding activities.

President J. E. Baker discussed with the group the possibility of having Chowan County participate in the State forest fire control program and after the matter was thoroughly considered, the group voted unanimously to request the County Commissioners to make the necessary appropriation to participate in the program. A committee was subsequently appointed to convey the expression of the Farm Bureau to the County Commissioners.

During the meeting County Agent C. W. Overman discussed briefly the correct method of applying sulphur dust to peanuts for controlling leafspot.

Boll Weevil And Thrips Attacking Cotton And Peanut Stalks In County

Several farmers in Chowan County have reported the appearance of some trouble with their peanuts, some thinking it to be an early infection of leafspot. Upon examination of these fields by County Agent C. W. Overman, the trouble was found to be injury by thrips. Thrip injury was controlled to some degree last year in the Holland, Va., area by using a DDT dust, according to reports made by E. T. Batton, assistant agronomist at Holland. County Agent Overman has written Mr. Batton for dusting recommendations.

No appearance of leafspot was found in any of the fields. Several cotton growers have also reported the appearance of a considerable number of boll weevils in their fields. Some are beginning to use a poison mop, making their first application now.

Demonstration Club Meets At Center Hill

The Home Demonstration Club of Center Hill met Wednesday, June 11, at 3 o'clock with Mrs. J. Cameron Boyce.

The meeting was called to order by the president, Mrs. J. T. White, and the group united in singing "The Old North State." Mrs. White then read part of the fourth chapter of John.

Poems were given as follows: The Love of Home—Mrs. Medlin Belch.

A Good Friend—Mrs. J. C. Boyce. A Mother's Love—Mrs. J. N. Boyce.

Love In the Home—Mrs. W. C. Francis.

The secretary called the roll and read the minutes.

Mrs. E. L. Belch gave an instructive talk on "It's Good Business to Keep Well."

CAMPEN'S JEWELERS

Colwell, Mrs. R. N. Smithson gave a very interesting talk on the things that make a happy home, ending with a prayer for parents repeated in unison.

During the social period Mrs. W. C. Francis led the group in a garden game.

Mrs. Boyce served very refreshing punch and sandwiches.

Sentinels of Health

Don't Neglect Them!

Nature designed the kidneys to do a marvelous job. Their task is to keep the flowing blood stream free of an excess of toxic impurities. The act of living—life itself—is constantly producing waste matter the kidneys must remove from the blood if good health is to endure.

When the kidneys fail to function as Nature intended, there is retention of waste that may cause body-wide distress. One may suffer nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feel tired, nervous, all worn out.

Frequent, scanty or burning passages are sometimes further evidence of kidney or bladder disturbance.

The recognized and proper treatment is a diuretic medicine to help the kidneys get rid of excess poisonous body waste. Use Doan's Pills. They have had more than forty years of public approval. Are endorsed the country over. Insist on Doan's. Sold at all drug stores.
