

A. Houston Edwards Is Associated With Farm Loan Group Policy to Render Ample Service to Farmers Of Section

R. R. Pearson, secretary-treasurer of the Ahooskie and Albemarle National Farm Loan Associations, has announced that A. Houston Edwards has accepted employment with the associations.

Mr. Edwards was formerly employed by the Farmers Home Administration, but resigned as of June 30, 1947, to accept his present position. He is a native of Dossville, Miss., and has been living in Hertford since 1940.

Mr. Edwards will be stationed in Hertford, but will operate from the Ahooskie office.

Secretary-Treasurer Pearson says that the employment of Mr. Edwards is in keeping with the policy of the bank to render ample and adequate credit facilities to the farmers of this section, as it has always been the desire of the National Farm Loan Associations and the Federal Land Bank to serve the farmer to his best benefit.

The employment of Mr. Edwards also assures the farmers of North-eastern North Carolina that they will have a specialist in farm credit and farm loans easily accessible to them at all times.

Loans made through the associations are upon 4% interest with 20 to 30 years time. At present the Albemarle association has outstanding in mortgage loans in Chowan County \$261,280. The two associations loaned through the Ahooskie office \$529,510 for the year ending June 30, 1947, which led all offices in the Third Land Bank District consisting of North Carolina, South Carolina, Georgia and Florida.

We have a degree of delight, and that no small one, in the real misfortunes and pains of others.

Edmund Burke.

Edenton Sluggers Win Three Straight Games

Edenton's Sluggers, local colored baseball team, won three straight games, Plymouth, Winton and Gatesville being the victims.

Wednesday night of last week the local outfit nosed out the Plymouth All-Stars 10-9 in a seven-inning game which was held up due to arrival of the Plymouth players. Lawrence Collins started on the mound for Edenton but was replaced by John T. Brickhouse about mid-way of the game.

Friday night before a large crowd of fans, the Sluggers staged a ninth inning rally to down the undefeated Winton Bees by a score of 5-4. The Bees were leading 4-3 in the seventh, and at bat for the last time the Sluggers managed to knot the score and later scored the winning run.

The Gatesville Braves were defeated on the Gatesville diamond Sunday afternoon 10 to 3. John T. Brickhouse was on the mound and had very little trouble in turning in the victory.

Edenton's lineup Friday night included Banks, p; Harris, c; Riddick, 1b; Williams, 2b; Ricks, ss; McPherson, 3b; Johnson, 1f; L. Burke, cf; Floyd Burke, rf.

Playing Sunday were: Brickhouse, p; Harris, c; Riddick, 1b; Williams, 2b; Ricks, ss; Askew, 3b; Johnson, 1f; Mayo, cf; F. Burke, rf.

The Sluggers have a game scheduled for tonight (Thursday) on Hicks Field, when they will face the Williamston Bears at 8 o'clock. On Sunday afternoon at 3 o'clock the Sluggers are scheduled to meet the Hertford Tigers on Hicks Field.

MASSES NEXT SUNDAY IN WINDSOR AND EDENTON

The Most Holy Sacrifice of the Mass will be offered Sunday, July 27, at 8 A. M. in Duke of Windsor Hotel convention room, Windsor, and in St. Ann's Catholic Church, Edenton, at 11 A. M., each including sermon on "Thou Shalt Not Covet Thy Neighbor's Goods," Holy Communion, concluding in 45 minutes, followed at once by Sunday School, with confessions in Windsor 7:45 to 7:55, and in St. Ann's 10:30 to 10:55 A. M., stated Father F. J. McCourt, rector, who invites everybody to all services.

Week-mornings: Mass, Communion and Rosary in St. Ann's.

BIRTH ANNOUNCEMENT

Mr. and Mrs. H. H. Harrison of Norfolk, Va., announce the birth of a son, Heath Hartwell, III, on June 25. Mrs. Harrison is the former Miss Ruth Sexton of Edenton.

Weather Favorable For Peanut Growing

1947 Acreage Estimated 26% Above 1936-45 Average

A reduction of about one percent from last year is indicated for this year's acreage of peanuts grown alone for all purposes. Estimated at 3,873,000 the 1947 acreage is 26 percent above the 1936-45 average. On the basis of the usual relationship of the picked and threshed to the alone acreage, the 1947 acreage picked and threshed would reach approximately 3,150,000. This would be slightly more than 1946, and the sixth consecutive year that the acreage has exceeded 3 million. The 1947 acreage of peanuts interplanted with other crops is estimated at 505,000 acres, 2 percent reduction from last year. This method of planting has declined rather sharply during the

past several years, present acreage being less than half what it was a decade ago. Revisions of the 1946 acreage, yield, and production, based on final millings show one percent less acreage picked and threshed and two percent lower production than published in December, 1946.

Growing conditions continued fairly favorable in the Virginia-North Carolina section, although during the past week there was a little too much rain and cool weather for best development of the crop. Very few peanuts remain in cleaners and shellers hands. The market was firm on the light offerings of cleaned fancy and held about steady on shelled stocks. Sales f.o.b. shipping point—per lb. Virginias, cleaned, fancy few 20-21c; with one car reported high as 22c; shelled extra large, no sales reported; mediums 20½-21c; No. 1s 18-18½c; No. 2, 14½-15c.

Sentinels of Health

Don't Neglect Them!

Nature designed the kidneys to do a marvelous job. Their task is to keep the flowing blood stream free of an excess of toxic impurities. The act of living—life itself—is constantly producing waste matter the kidneys must remove from the blood if good health is to endure. When the kidneys fail to function as Nature intended, there is retention of waste that may cause body-wide distress. One may suffer nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feel tired, nervous, all worn out.

Frequent, scanty or burning passages are sometimes further evidence of kidney or bladder disturbance. The recognized and proper treatment is a diuretic medicine to help the kidneys get rid of excess poisonous body waste. Use Doan's Pills. They have had more than forty years of public approval. Are endorsed the country over. Insist on Doan's. Sold at all drug stores.
