

# Scoutin' Around

By PETER CARLTON

ONE of the best written articles concerning the way the radical changes of the length of women's dresses will affect many families deeply was written by Josephine Ripley, Washington correspondent for the Christian Science Monitor. Quoting in parts, we read:

"Such a drastic change in fashion seems poorly timed for the common good. It comes at a time when world production of the five major apparel and household fibers—cotton, wool, silk, flax and rayon—is one-quarter below the 1934-38 average."

"It comes at a time when the women of Britain, still tightly rationed on clothing, are forced to wear hand-me-downs and shabby made-over dresses they would have discarded long ago under normal circumstances"

"It comes at a time when many nations are impoverished and many without even the necessary clothing for minimum warmth and comfort."

"It comes at a time when the people of this nation are barely able to keep pace with the high cost of living, and a complete wardrobe for the family would put a severe strain on incomes already weakened by the inroads of inflation."

"Under these circumstances, the reaction of American women to these new dictates of fashion will be watched with something more than just an indulgent smile this year. The non-conformist movement in Texas shows that many women were quick to see this as no time for expensive furber-

lows and took their stand for common sense."

Eddie Bufflap has been called many names including "Burlap," and now from Hernando, Mississippi comes a letter addressed to J. E. "Buffalo."

Does anyone know of a John Byrd of Chowan County, N. C., who lived here around 1775. If so, Miss Rebekah E. Dean of the above mentioned place, who wrote to Mr. "Buffalo" wants to know about Byrd or his family "desperately." If anyone can furnish any information, please communicate with Miss Rebekah E. Dean at Hernando, Mississippi.

The Edenton Band has been invited to play in Swanquarter. We were notified recently and requested to have our "famous" band on hand for some festivities.

## That Nagging Backache

May Warn of Disordered Kidney Action

Modern life with its hurry and worry, irregular habits, improper eating and drinking—its risk of exposure and infection—throws heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood.

You may suffer nagging backache, headache, dizziness, getting up nights, leg pains, swelling—feel constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

Try Doan's Pills. Doan's help the kidneys to pass off harmful excess body waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere. Ask your neighbor!
