

## Thanksgiving Dance For Benefit Of Band

### Roy Cole and His Orchestra Will Provide Music

Edenton's Junior Woman's Club will sponsor a dance on Friday, November 28th at the Armory from 9 until 1 o'clock with the proceeds to go to the band fund.

Mrs. John Kramer, chairman of the ways and means committee, has engaged Roy Cole and his orchestra from the University of N. C. to furnish the music for the occasion. Featured with the band is George Demas, vocalist.

Tickets will go on sale this week. Plans for table reservations will be arranged later.

## Edenton "B" Team Downs Hertford 6-0

Edenton High School's B football team reaped revenge Tuesday afternoon when the youngsters defeated the Hertford B team 6-0 on the latter's field. The Hertford boys won a previous game 7-0.

Mike Williams skirted end for 20 yards to score the touchdown. The Hertford boys threatened to score in the closing minutes of the game. They had the ball on the Edenton one-yard line, but in the four tries, still lacked six inches of scoring, so that the little Indians were forced to kick.

Coach Tex Lindsay says the boys played a very good game and is well pleased with their performance.

## Edenton Aces Meet Franklin On Friday

### Local Teams Have Won All of Three Games Played

Enjoying the taste of victory, Edenton's Aces will journey to Franklin, Va., Friday night to meet the Franklin High School football team in the eighth game of the current season. Getting off to a rather sluggish start, the Aces have greatly improved and thus far have won four games and lost three. They will, without doubt, endeavor to add another victory to the win side of the ledger and at the same time try to maintain an unbeaten record against a Franklin outfit.

To date the gridiron teams of the two schools have met only three times, all of which resulted in victories for the Aces. In 1936 the Aces won 7-0, in 1938 the score was 32-0, while last year the local boys threw a monkey wrench in the Franklin outfit's perfect record by taking the long end of a 26-0 score.

Little is known of the strength of Franklin this year, but Coaches Tex Lindsay and Nick George are expecting to run up against a rugged team and are drilling the boys accordingly. Members of the squad are in good shape for the game, so that the most optimistic fans predict the Aces will take the measure of the Franklin boys.

Coach Lindsay will no doubt start with his usual lineup, with Paul Hassell and Earl Goodwin, ends; Hector Lupton, Jr., and George Habit or Edgar Rogerson, tackles; Earl Menshew and Al Habit, guards Frank Habit, center; Andrew Whitson, Bobby Byrum, Jack Habit and Russell Wheeler, backfield.

## Hallowe'en Party Outstanding Affair

(Continued from Page One) Rawlinson "delving" into the past and future of the youngsters.

The talking with attracted a lot of attention, with Miss Hellig Harney having charge of this feature.

Bobbing for apples was enjoyed, as well as pop corn, peanuts and candy which was distributed during the evening. In all, the affair was an outstanding success, which has brought forth a flood of the most favorable comment.

## Commissioners Give \$500 To Band Fund

### Committee From PTA Makes Appeal at Meeting

In response to a plea from a committee from the Junior Woman's Club, the Chowan County Commissioners on Monday voted to make a \$500 contribution to the band fund. Comprising the committee were Mrs. L. A. Patterson, president of the PTA, Mrs. John White, Mrs. J. Clarence Leary, Mrs. Earl Goodwin and Mrs. Hector Lupton.

Mrs. Patterson was spokesman for the group and told the Commissioners that although the fund had reached around \$4,500, the canvassers had about exhausted prospective contributors and for that reason they were appealing to the County Commissioners and will enter a similar appeal to Town Council. She stated that the goal is \$6,000 and that the PTA does not want to see the project fail when realization is so near at hand.

Mrs. Patterson, for the benefit of the Commissioners, broke down the \$6,000 budget, stating that \$1,750 will be needed for new instruments, \$25 per month for rent of a room from Mrs. John Habit will take \$300, \$3,000 has been estimated for salary for a director and a certain amount will be necessary for repairing instruments on hand and other incidentals.

Uniforms are no problem at present, said Mrs. Patterson, for it will be some time after the band is organized before they will be advanced far enough to parade. Negotiations are now in progress to employ a full time director which is deemed essential rather than a part time director.

Mrs. John White told the Commissioners her group would like to see the Commissioners boost the "thermometer" 10 notches, which would have been \$1,000, but the Commissioners contributed half the amount, which brought a round of applause from the ladies.

## Gene Spruill Able To Leave Hospital

### Parents Have No Bad Feelings Toward Any Concerned

Gene Spruill, a member of the Edenton High School football team, who was accidentally burned during a Monogram Club initiation, was released from the Chowan Hospital Friday afternoon.

The parents of the young man, Mr. and Mrs. Will Spruill, requested The Herald to express their thanks and sincere appreciation to Dr. Frank Wood, nurses at the hospital, Edenton doctors, Mayor Leroy Hasket, John A. Holmes and a host of friends, both old and young, who visited their son while in the hospital and showed their interest in his welfare.

Mr. and Mrs. Spruill say they deeply appreciate everything that was done in behalf of their son, and that they and Gene have only the kindest feelings toward all who were concerned in the accident.

Mr. Spruill stated that he had been urged to bring suit as the result of the burning but, he said, he has lived in Chowan County all of his life, where he has many friends, and he doesn't intend to resort to a suit as a means of revenge for what was purely an accident.

### BEER LICENSE REFUSED

Chowan County Commissioners on Monday rejected issuance of a beer license to William Henry Daniels and Joseph Johnson, colored, who operate a filling station on the Sound bridge road a short distance from the city limits. The Commissioners based their action on evidence of disorder around the place recently. Sheriff J. A. Bunch was called to the place twice Saturday night.

## Edenton Flooded By Heavy Rain Monday

### High Tide Contributes To Sluggish Drainage Of Water

Aided by an unusually high tide, a torrential rain Sunday night and early Monday morning flooded several sections of Edenton to such an extent that some families were marooned and cars stalled in standing water, making it necessary to detour traffic in a number of cases.

So much water fell that the outlets to the various storm sewers and ditches leading to the Sound were unable to allow any more water to flow, so that it backed up and formed veritable lakes in several sections of town. The condition on North Broad Street along Hicks Field became alarming and one or two families expressed fear that they would be obliged to move furniture to the second floor. Some damage was also caused in a number of instances.

Albemarle Street near the cemetery was impassable with water a foot or more above the bridge. Groups of people on each side were prevented from proceeding to their destination.

Flooded conditions also prevailed on Granville Street near Route 32 and at the corner of Granville and Carteret Streets water accumulated for quite a distance, making traffic doubtful. On Court, Queen and Church streets water rose to a considerable depth. Flooded conditions prevailed at the cotton mill and near the hospital at the Naval Air Station, while many rural roads and fields were inundated.

Hertford, Windsor and other towns were also affected, it being necessary to detour traffic going to Hertford due to Route 17 being covered with water at several places.

Many say the rain was the heaviest ever experienced here, which, coupled with a high tide, prevented the heavy downpour to drain off. Conditions were not normal until about mid-day.
