

Finals At Merry Hill School Start May 23

Senator Chas. H. Jenkins Graduation Speaker

Commencement exercises will begin at Merry Hill High School Sunday, May 23, when the baccalaureate sermon will be preached by the Rev. R. L. Councilman.

When shoes have that round-down look and feeling it's time for our modern-method shoe service. We give them new life. And, for real sole wear, we use specially tanned "Steerhead" Soleather.

W. M. Rhodes
Shoe Repair Shop
429 South Broad Street
EDENTON, N. C.

Class night will be observed Wednesday, May 26, at 8 P. M., when the valedictory address will be made by Jerry Phelps, with Faye Asbell as salutatorian. Ruth Pierce is the historian; Nora Taylor, giftingian; Euna Belle Hughes, class prophet and Mae Taylor will present the last will and testament of the senior class. The class night exercises will be featured by a play entitled "The Past Is Now." Music will be furnished by the 11th and 12th grades.

Commencement exercises will be held Thursday night, May 27, at 8 o'clock, when the principal speaker will be Senator Charles H. Jenkins.

Members of the graduating class are Edward Cullipher, Jerry Phelps, Irma Faye Asbell, Euna Belle Hughes, Ruth Pierce, Hazel Smithwick, Mae Taylor and Nora Taylor.

It is about the time for vacationists to arrange itineraries which they will not follow this summer.

IN MEMORIAM
In loving memory of my dear husband, our loving father and grandfather, B. F. Britton, who passed away three years ago today, May 17, 1945:

We have lost the joy of home, A life linked with our own, And day by day we miss you more As we walk through life alone.

The memory of those happy days When we were all together, Your cheerful smile and loving ways Will linger in our hearts forever.

Dearest one, when our days are over, And we meet you on the other shore, Sorrows will cease and joy begin As we will be together again.

—Wife, Children and Granddaughter.

Minutes Of County Board Of Education

The County Board of Education met in regular meeting May 8, 1948. The following members were present: D. H. Berryman, G. E. Nixon, Carey Evans, J. I. Boyce, Lloyd Briggs and J. E. Wood.

The secretary read the minutes of the April meeting, and upon motion being made and seconded, same were approved as read.

The report of the County Treasurer on school funds was read and upon motion being made and seconded, same was approved as read.

The following items of business were considered:

The secretary presented the three copies of the auditor's contract for approval. After motion was made and passed, the secretary was authorized to contract with A. T. Allen and Company to make the 1947-48 audit.

The superintendent stated that the Warrens Grove School had completed the wiring of the building for lights, and that the Rural Electrification Corporation had been authorized to make the proper connection for service to this school.

In connection with this item, the superintendent stated that the Britts school had \$25.00 on hand toward wiring their building and lacked \$25.00 having enough to complete the job. The contractor will proceed in the wiring if the Board of Education will pay the balance of the wiring cost on or after July 1. A motion was made and seconded and passed authorizing the superintendent to have the wiring job completed and to pay the balance of \$25.00 from the next year's budget on or after July 1, 1948.

The superintendent reported that it was necessary to have the Chowan High School heating plant inspected to see if the boiler could be repaired, or whether a replacement was necessary. After a motion was made and

passed, the superintendent was authorized to have the boiler inspected for the purpose of having same repaired or replaced, and to have the cost of either one that was necessary before the Board at its next meeting.

The superintendent reported that the wood work on the Chowan High School building, the lunch room and the agriculture buildings needed to be painted, in that same had not been painted but once during the past 13 years, the last time being almost seven years ago. The Board of Education made a motion, and the same was seconded and passed, authorizing the superintendent to proceed to have these buildings painted and the necessary repairs done.

The White Oak school building, as reported by the superintendent, was badly in need of inside painting and plaster patched. The Board made a motion and same was seconded and passed to have this repair and inside painting done.

The Board of Education heard a delegation from the Center Hill colored school relative to getting an extra teacher for the next school term, in that the enrollment was more than one teacher could handle. It was pointed out by the superintendent that the enrollment for the eighth month was 56, and that the average daily attendance was exactly 45, the average for two teachers. It was also pointed out by the superintendent that the average daily attendance in the other five colored schools was more than enough to hold the number of teachers allowed, and that the State might allot an extra teacher on the basis of the total average daily attendance for the entire school unit. He stated that no individual school could have a State allotted teacher on the basis of the individual school, but that the entire unit would have to average enough pupils in order for an extra teacher, and that it might be that this term's average for the unit might be high enough for an extra teacher, and that in the event an extra teacher was allotted, Center Hill school would be the Board of Education's first consideration in teacher placement.

The Board had Mr. Frank W. Benton, architect, before it with plans and specifications of the Chowan High School physical education and garage building, together with proposed alternatives. After the plans and specifications were studied, and the alternatives considered, a motion was passed authorizing him to draw up advertisement for bids to be opened June 7 in the Court House at 11:30 A. M. The advertisement would cover the general construction, plumbing, heating and wiring. Motion made by D. H. Berryman and seconded by J. I. Boyce.

The bills for the month of April in the amount of \$2,404.77 were approved as follows: Vocational teachers' salaries and travel, \$479.00; Veterans farmer training program, \$1,150.76; lunch room program, \$201.12; capital outlay, \$30.85; Chowan High School teachers fund, \$27.93 and general expense, \$515.11.

There being no further business, motion to adjourn was made and passed.

J. E. WOOD, Chairman,
W. J. TAYLOR, Secretary.

PONTIAC

A FINE CAR
MADE EVEN FINER

Not a single thing lacking!

A Product of General Motors

To be completely satisfactory, a motor car must give you many things—and Pontiac gives them all!

It is big and beautiful—so big and beautiful that you can drive it anywhere, on any occasion, with pride and confidence.

It performs magnificently—and is the lowest-price car with General Motors Hydra-Matic Drive.*

It rides and handles so well that the longest journey is a distinct pleasure.

It has a record for dependability that is unsurpassed in the entire industry. And it is amazingly economical, both to own and to operate. In fact, if you can afford any new car, you can afford a Pontiac.

Truly—from luxury to economy—there is not a single thing lacking in a Pontiac. And this is always true of Pontiac, year after year. So, regardless of when you expect to get your next car, make it a Pontiac—and be completely satisfied!

*General Motors Hydra-Matic Drive and White Sidewall Tires optional at additional cost.
