

Edenton Students Tour Williamsburg

28 Boys and Girls Enjoy Trip Wednesday of Last Week

Twenty-eight Edenton High School students on Wednesday of last week toured Williamsburg, Va., one time colonial capital city that has been restored to its appearance of the 18th century by John D. Rockefeller, Jr.

The students were given a special escorted tour of several of the buildings that have been restored or reconstructed to the way they looked two centuries ago and saw the setting in which many significant acts in the struggle for independence took place. Referred to by educators as a "living laboratory" of early American history, Williamsburg is annually visited by more than a half million persons.

He who wishes to exert a useful influence must be careful to insult nothing. Let him not be troubled by what seems absurd, but consecrate his energies to the creation of what is good.
