

## Dixie 17 Leading In Corn Demonstration

### Paul Ober's Corn, However, Making Good Showing

Dixie 17 seems to be leading in appearance and favor in Chowan County's corn demonstrations, according to comments made by observing farmers. N. C. 27 is a very close second and may eventually become first. Both are earing very nicely while Dixie 17 appears to be setting slightly more ears, many stalks with 3 and 4 ears.

Paul Ober's open pollinated corn in his own field in Rocky Hock looks about equal to Dixie 17 in many other fields. Mr. Ober does not have Dixie 17 on his farm for comparison.
