Entered as second-class matter August 30, 1934, at the Post Office at Edenton, North Carolina, under the act of March 3, 1879.

THURSDAY, SEPTEMBER 9, 1948.

Hail The Champions!

Edenton baseball fans without doubt are proud of this year's edition of the Edenton Colonials, who handily won the Albemarle League pennant, then went on to win the semi-final playoff by an edge of 4 to 1 games from the Hertford Indians, with the climax coming last Saturday night when the Colonials won the fourth straight game from the Windsor Rebels to claim the undisputed championship of the Albemarle League for the 1948 season.

The splendid Colonial baseball team did not happen by accident, but in it is reflected no small amount of interest and untiring effort on the part of somebody. Most fans were primarily interested in going to the games just to see a group of young men play the national pastime, but back of this group of boys was another group whose interest and ability is just as essential as players in making the present season a success both in number of games won as well as financially.

At least four men, and possibly others, were not in uniform, but played a very important part in the showing made by the Colonials. To mention names, they are Marvin Wilson, president of the Edenton Club; Bill Elliott, who attended to a multitude of duties, all of which went toward a smooth working aggregation of ball players; David Holton and L. S. Byrum.

This quartet, all of whom are lovers of the great American sport, contributed of their time, energy and advice in an untiring effort to provide Edenton fans with good baseball. Their efforts have not been in vain, and while they have made sacrifices in the interest of baseball, they have the satisfaction of knowing that the sport has been enjoyed not only by Edenton fans, but many living elsewhere as well. There is no question that Edenton's baseball team has attracted more people to Edenton than any other one thing in recent years, and as a result the various baseball games, while packed with competition, have gone a long way to creating a more friendly feeling in the several towns in the league.

The Edenton Colonials and officials of the team have hung up a splendid record for the season, both in way of victories won and sportsmanship. The Town as a whole is proud of their record, and The Herald joins in saluting them as a real group of champions. They have won the Albemarle League championship, but what should be more important, they have won the hearts of a large group of fans in Edenton and elsewhere.

Opportunity To Help

Attention is called to a letter appearing on the front page of The Herald, written by Mrs. Carolyn McMullan Grant, who is now living in France. Mrs. Grant has an opportunity to witness first hand the needs of many poor French and other European children, so she is appealing to any person or group of persons for contributions of shoes which she will distribute among needy children.

To be sure, many people in Chowan County throw away shoes which would be a godsend to many unfortunate European children. If anyone is interested, Mrs. Grant, who is the former Miss Carolyn McMullan, daughter of Mr. and Mrs. J. H. McMullan, will be glad to hear from them. Her address is: 8 Avenue Eugenie, Seine et Oise, St. Cloud, France.

HEARD & SEEN

By "BUFF"

Of course, everybody knows the living costs are sky-high, but it didn't worry me one morning this week, so far as breakfast is concerned. Mrs. Haywood Phthisic called me on the phone about 6:45 one morning, asking me to fix up an advertisement, and added that she was sending my breakfast, and she did. It included a tray of the fast-selling Phthisic sausage meat and three eggs, which in reality were about six eggs. They were laid by some of Mrs. Phthisic's pullets and were as large as about two regular size eggs. Anybody else want me to fix up an advertisement?

Mrs. George Byrum was one of the Edenton Colonials' faithful feminine baseball fans this season and when playing away she couldn't wait until the team returned home to learn the score, so she called the telephone operator. "What's the score?" she asked on one occasion, and the operator replied 2-2. In her excitement, Mrs. Byrum hurriedly asked "Who's favor?" The operator didn't answer, but Mrs. Byrum heard a giggle and joined in herself after she realized she misused.

I had something to say a short time ago about employees being obliged to be mind readers. Well, the same thing applies to newspaper folk. For instance, Frank Muth has been living at Charlotte for several months and apparently he recently returned to Snow Hill. The reason I know that is because Frank dropped me a letter the other day giving me hail Columbia for not getting his Herald at Snow Hill, when he didn't even let me know he left Charlotte. Frank also said in his letter that on a recent visit to Edenton he heard Peter Carlton's program over the radio and the announcer said "Eatington". The "eat" caught Frank's attention, saying that maybe all of the people in Edenton are like a certain editor who also specializes on "eat".

But speaking about "eats", I'm slipping. West Byrum had all of the County Commissioners at his home for dinner Wednesday noon and I was especially invited to join 'em. But darn it all, at about the time they were enjoying a meal prepared by Mrs. Byrum, I was busy as could be writing this mess, as well as the adjoining column. At any rate, I understand a good cook enjoys seeing guests eat, and unless I miss my guess Mrs. Byrum had this pleasure when that crowd of County Commissioners planked themselves in front of the table. Postscript—If you get your paper late it's because I just couldn't resist staying away when Mrs. Byrum urged me to be on hand. "We have chicken," she said. That sounded good, but when she said "We also have ham," well, that did the trick, so whether The Herald is late or not, I'm leaving this instant to eat dinner with West Byrum and his group of County Commissioners.

Without doubt Doc Murphy, Edenton Colonial peppy third sacker, was the happiest man in Edenton Saturday night. Doc envied practically every member of the team for smacking out a home run during the season and while he hit 'em all over the park, against the fence and even over for foul balls, yet he was able to hit his first home run Saturday night in the final game of the championship series. What made the circuit clout more satisfying is the fact that it was made with a former major league pitcher on the mound for the Windsor Rebels. Doc was as happy as a kid on Christmas morning and his joy was also shared by all Colonial fans, who were pulling for him to hit a homer.

I haven't taken particular notice recently, but I heard a fellow on the bleachers at the baseball park last week say that he doesn't find any worms in peanuts these days. "I have often found worms in peanuts," said the fellow, "but they're not so plentiful any more—especially since the price of meat has skyrocketed." Maybe he has something there.

Dances Resumed At Legion Hut

Opening Affair Scheduled Saturday Night, September 18

Officials of Ed Bond Post of the American Legion announced Wednesday morning that the Saturday night dances at the Legion Hut will be resumed, starting Saturday, September 18.

For the opening dance the music will be furnished by Buddy Butterton and his orchestra of Portsmouth.

The Saturday night dances attracted large crowds before they were abandoned for the summer, so that it is expected that the forthcoming events will again be very popular.

Successful Revival At Rocky Hock Church

A very successful revival meeting at the Rocky Hock Baptist Church closed Sunday night, during which 22 were added to the church by confession of faith and three others affiliated with the church by transfer from other churches.

The preacher for the revival was the Rev. W. H. Hollowell, a former Rocky Hock resident, now serving a pastorate at Castalia, N. C.

Successful revivals were also recently completed at the Center Hill Church and the Warwick Church. The Rev. Robert L. Costner of Knightdale, preached at Center Hill, while the Rev. W. C. Pate of Gaffney, S. C., preached at Warwick.

In rivers and bad governments the lightest things swim at top.

—Benjamin Franklin.

Edenton Base Will Be Reactivated

(Continued from Page One)

with the reactivation in a manner that will allow ample time for the present users of the property to make other arrangements.

"A fully operations Marine Corps

You'll agree that Capudine is wonderfully fast and effective. Relieves so quickly because it's liquid. Follow directions on label.

Air Station will be a valuable asset to the community, and I believe the reactivation of the Edenton station will be welcomed by the local civic and business groups. It is estimated that the civilian and military payroll at the station will be approximately \$5,000,000 annually. In addition, a considerable amount will be spent locally for supplies and services necessary for the operation of the air station.

It is possible that the consummation of the Marine Corps plans for Edenton may meet with opposition from some of the present users of the property. However, it is felt that the compelling need for these facilities for the defense of our country should far outweigh these objections. It is with these latter thoughts in mind that I am forwarding this information to you so that you may be fully informed as to our plans for the Edenton Air Station.

"Please be assured that we are extremely anxious to work these problems out to the mutual satisfaction and benefit of both civilian and military interests, and I should be happy to receive any expression from you as to your own views. This letter is being sent to provide you with advance information and to keep you abreast of Navy thinking.

"I desire to reiterate that no final action can be taken with regard to Edenton until the study for joint use of reactivated facilities has been approved by the joint Chiefs of Staff

and the Secretary of Defense. For that reason it is requested that the information contained in this letter not be made public at this time.

"You will be informed as soon as the plans for the reactivation of the Edenton Naval Air Station have been approved and can be released for publication."

Demonstrations such as this show how the Maytag Dutch Oven Gas Range cooks on stored-up heat—long after gas is completely disconnected.

See how it saves you time, work, fuel... keeps kitchen cooler!

Come in today and see this unusual, new kind of range. Cooks superbly by usual methods, or automatically, by the never-equalled Dutch Oven principle, which made the cooking of colonial days so famous. Put your meal in the oven, set the dial... and you're free till mealtime. Gas burns but a fraction of the cooking period... turns off automatically at the speci-

fied time. Cooking is finished by stored-up heat, bringing out matchless flavors known only to genuine Dutch Oven Cooking. Maytag is the only range that automatically turns off the gas and keeps right on cooking. Come in today! Let us show you how its many marvelous features make your cooking easier and better.

When people everywhere agree on a product, you know that product is good!

All America Likes CHEVROLET'S Bodies by Fisher

...bodies that are exclusive to Chevrolet in the low-priced field!

More Value IN RIDING COMFORT

Your own tests will show that Chevrolet has more riding comfort—thanks to its Unitized Knee-Action Gliding Ride and its world-famous Body by Fisher.

More Value IN PERFORMANCE WITH ECONOMY

You'll enjoy lively, dependable performance—at lower operating cost—with the extra-rugged "World's Champion" valve-in-head Chevrolet engine.

More Value IN BRAKING EFFICIENCY

Chevrolet's Positive-Action Hydraulic Brakes are especially designed to achieve greater brake-lining contact—for greater safety at all speeds.

More Value IN ALL-ROUND SAFETY

There's super-safety in Chevrolet's Fisher Unitized Body Construction, Unitized Knee-Action Gliding Ride and Positive-Action Hydraulic Brakes.

Behind each Chevrolet body by Fisher is forty years of motor-car coachcraft experience... forty years of building master bodies for precision-minded America. To matchless craftsmanship have been added the methods and the metals of modern body engineering. Today, as you revel in the comfort, the luxury and the safety of your Chevrolet body by Fisher you will more clearly understand why MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CAR.
