Only Way Farmer Can Be Certain of Best Product

Only by purchasing certified seed can a farmer make certain that he is getting the best product available, says Dr. R. P. Moore, director in charge of the North Carolina Crop Improvement Association at State College.

Dr. Moore says seed are unique in that their breeding cannot be determined from appearance alone. To determine in advance the type of crop which a particular lot of seed can produce, it is necessary to know the history of the seed and the conditions under which they were grown.

In the production of hybrid corn, the plant breeder probably will know much about the performance of the proposed hybrid before it is actually produced. After it is produced, it is put through a series of tests to determine how its performance compares with that of commonly grown varieties or hybrids.

This type of information, Dr. Moore points out, is accumulated, summarized, and made available for all growers who wish to take advantage of it. On open-formula hybrids, similar information is available to reveal what the hybrid is, what it will do, and what it will not do.

Farmers wishing to take advantage of this type of protection, says the Crop Improvement directors, are urged to make use of certified seed.

Mrs. Sallie Williams Dies After Long Illness

Mrs. Sallie Williams Long, 64, died Sunday night at 6:30 o'clock at her home near Edenton on the Edenton-Hertford highway, following a long illness. She was the widow of the late Sidney C. Long.

Surviving are seven sons, Seth W., Claude M., Ervin C., Freeman S., Ambrose B., Ernest W., and Howard E., all of Perquimans County; two daughters, Mrs. Wilma V. Brabble and Miss Eunice Long, both of Perquimans County, and one brother, Samuel T. Williams of Norfolk, and 12 grandchildren.

The body was removed to the Williford Funeral Home, where it remained until the funeral service in the Bethel Baptist Church Tuesday afternoon at 3 o'clock. The Rev. E. G. Willis officiated, assisted by the Rev. John T. Byrum. Interment was made in the Bethel Cemetery in Perquimans County.

Sentinels of Health

Don't Neglect Them!
Nature designed the kidneys to do a marvelous job. Their task is to keep the flowing blood stream free of an excess of toxic impurities. The act of living—life itself—is constantly producing waste matter the kidneys must remove from the blood if good health is to endure. When the kidneys fail to function as Nature intended, there is retention of waste that may cause body-wide distress. One may suffer nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feel tired, nervous, all worn out. Frequent, scanty or burning passages are sometimes further evidence of kidney or bladder disturbance. The recognized and proper treatment is a diuretic medicine to help the kidneys get rid of excess poisonous body waste. Use Doan's Pills. They have had more than forty years of public approval. Are endorsed the country over. Insist on Doan's. Sold at all drug stores.

Our policy on prices

"It has always been our goal to put a bigger, better automobile within reach of more people. To that end, we have bought the huge factory at Willow Run, and have a great engine plant in Detroit. In Cleveland, we have acquired the world's largest blast furnace for the making of steel. Our engineering-production team and our vast dealer organization have worked overtime to reduce manufacturing and distribution costs. In line with the settled policy of our Corporation, we are giving substantial savings to the public in the form of greatly reduced prices... even sooner than we expected. Now, almost any American family can own a really big, fine car!"

Kaiser-Frazer Corporation

HENRY J. KAISER Chairman JOSEPH W. FRAZER Vice-Chairman
