

Chowan Enters 59 Hogs In Elizabeth City Fat Stock Show

Affair Held Tuesday And Wednesday of This Week

Chowan County 4-H Club members and adult farmers are represented in the Elizabeth City Fat Stock Show and Sale, the show being staged Tuesday of this week and the sale Wednesday afternoon at 1 o'clock. It was the first time for some of Chowan's entries to be represented in the affair.

Chowan entered a total of 59 fat hogs in the show. Wilbur Harrell of Rocky Hook entered 12 hogs, A. C. Griffin 12, Tom Asbell of Tyner 11, E. M. Howell of Tyner 8, and Julian Ward, who farms near Ryland, entered 16 hogs.

Rufus Smithson, Jr., of Tyner, and Bezar Davenport of Edenton entered fat steers in the show and sale. These two 4-H boys have spent a great deal of time feeding, grooming and caring for their steers and each is determined to be a winner. Rufus has an Aberdeen-Angus beef calf and Bezar has a Hereford.

The show and sale was held at Fred Webb's warehouse on Westover Boulevard.

4-H Club Girls Make 20 Million Meals In 1948 Food Program

Experience Helps Girls To Understand Food Values

Will 20 million meals placed end-to-end reach around the world? Nobody seems to know. But it is a fact that some 400,000 4-H Club girls last year planned, prepared and served 20 million meals as part of their training in the National 4-H food preparation program. In North Carolina, 8,555 were enrolled in the project, according to L. R. Harrill, State Club Leader, and the 1949 program is off to a good start.

Designed to help 4-H'ers understand food values from both health and economy standpoints, the program also develops desirable personal food habits. The youthful cooks range in age from 10 to 21 years, and as in all 4-H Club activities they "learn by doing." Use of home-produced food is stressed.

Merit awards will again be provided by Servel Home Economics Department. They are educational trips to the National 4-H Club Congress for state winners, gold-filled medals for county winners, and six \$300 scholar-

ships for members of a special blue award group. The Cooperative Extension Service supervises the program.

Mary Farmer of Tomotia won the 1948 state and Cherokee County awards. There were 59 additional county winners in North Carolina.

Beer Taxes Pay More Into State Treasury

Beer taxes collected by the State in April totaled \$471,393.37, an increase of approximately \$20,000 above the \$451,927.62 collected from beer in April, 1948, the State Department of Revenue has reported.

Total collections for the first four months of 1949 total \$1,502,848.53. Half of the excise tax is distributed annually to counties and municipalities which license beer sales.

The tax totals do not include the State sales tax on beer or license taxes levied by the Federal and local governments.

Minutes Of County Board Of Education

The Chowan County Board of Education met in regular session May 2, 1949, with the following members present: G. E. Nixon, Carey Evans, D. H. Berryman, Lloyd Briggs, J. I. Boyce and G. B. Potter.

The meeting was called to order by Mr. Potter, chairman. The secretary read the minutes of the previous meeting, and upon motion made and seconded, same were approved.

The Treasurer's report for the month of April was read, and upon motion made and seconded, same was approved.

R. E. Aiken, Jr., CPA, presented an application for making the annual audit, contingent upon the action of the County Commissioners. Mr. Aiken stated that it would not be to the advantage of the School Board nor to himself, unless he was given the County auditing. The Board agreed, and let the application rest until further information on the action of the Commissioners.

The Superintendent reported that he had received one estimate on the labor cost of painting Chowan High School inside and out. It was the opinion of the Board that other estimates should be submitted.

The Superintendent reported the election of teachers by the committee, April 26, 1949, as follows:

Chowan High School—W. J. Nichols, Principal and Mathematics; Mrs. Phoebe B. Owens, English, French and

Arthur Wills, 6 1/2 acres Holley Grove	1.97

Sentinels of Health
Don't Neglect Them!
Nature designed the kidneys to do a marvelous job. Their task is to keep the flowing blood stream free of an excess of toxic impurities. The act of living—life itself—is constantly producing waste matter the kidneys must remove from the blood if good health is to endure. When the kidneys fail to function as Nature intended, there is retention of waste that may cause body-wide distress. One may suffer nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feel tired, nervous, all worn out. Frequent, scanty or burning passages are sometimes further evidence of kidney or bladder disturbance. The recognized and proper treatment is a diuretic medicine to help the kidneys get rid of excess poisonous body waste. Use Doan's Pills. They have had more than forty years of public approval. Are endorsed the country over. Insist on Doan's. Sold at all drug stores.
