developed and generally in better con-dition than cotton in any other area. Talent Contest in **Connection** With Farm-Home Week Total of \$160 Will Be Offered In Prizes During Affair

PACEDERCHIC

The North Carolina Farm Bureau is sponsoring each evening during Farm and Home Week a talent contest. There should be some interest in this contest from people of Chowan enjoyment to the programs in the evenings during Farm and Home Week, which will be held at State College in Raleigh the week of August 8-12.

The requirements for talent contest are as follows:

1. Kind of Talent Permitted in Contest: No limit placed on this; some suggestions would be choruses, solos, musical instruments, ballads, recitations, folk dancing, tricks, stunts, etc.

2. Who Can Enter: Any farm group or individual. (Paid agricultural professional workers not allowed).

3. How Many May Enter Each Evening? Four may enter each night of August 8, 9 and 10. An elimination contest will be held each day to reduce the number to four. The evening of August 11 the first winners of the three previous nights will compete for final honors and prizes.

Each contestant will be limited not to exceed five minutes.

evening including the last evening, or a total in prizes of \$160.00. All prizes are furnished by the N. C.

Thursday, July 28.

Survey Shows Heavy

Four Out of Five Fields In State Reported In State Reported Infested

The boll weevil survey for the first week of July revealed that four out of five North Carolina cotton fields were infested heavily enough to warrant dusting, Walter M. Kulash, entomologist for the Agricultural Experiment Station, reports. The survey covered 20 southern and eastern counties.

The heaviest infestations were still being reported from Scotland, Hoke and Robeson Counties. Hoke had a 64 per cent infestation last week; Robeson, 55 per cent and Scotland 61 per cent. The survey showed infestations of 35 per cent or more in Harnett, Northampton and Sampson Counties.

Kulash says the average square infestation for the 20 counties checked was 26.83 per cent. Last year at the same time, only 2.27 per cent of the squares had been punctured in the same counties. "In view of the present high infestations, dusting to control weevils is highly desirable," the entomologist concluded. "Many farmers are already carrying out this dusting program.

In a further report of general crop conditions, Kulash says that blooms have been reported in nearly all cotton-growing counties. However, only in scattered fields of the State's southern counties is cotton blooming extensively. Throughout the area around Kinston cotton is large, well-

For Friends -- Roamers --

But it's far more than something exclusive, as you'll soon see when one takes its place in your garage.

For those times, for instance, when house guests arrive - what smarter equipage could you send to the station, what greater comfort, what handier way to manage the luggage problem?

And when the Lord and Master yearns for a few days away from it all - what's handier than this nimble gadabout, that lets him fold down a back seat at nightfall and enjoy fulllength double-bed sleeping space?

And that place in the country, calling for a car that can go just about everywhere, do just about everything . . .
