

Veterans Urged To Follow Plan To Get Insurance Dividends

Service Officer and Vet Groups Glad to Render Assistance

Here are the most important things for World War II veterans to remember when applying for their National Service Life Insurance dividend, according to J. M. Caldwell, director of the N. C. Veterans Commission.

No. 1—Wait until August 29 before doing anything.

No. 2—Fill out and sign a dividend application form from one of the offices of the local County Veterans Service Officers or from any local veterans organization or any post office.

No. 3—Read the first section of the form, which is devoted to instructions, and decide whether the procedure is understood. If not, ask the County Service Officer or volunteer veterans service worker for help in filling it out correctly. (This will mean more prompt action on the part of the VA, and quicker monetary return to the veteran.)

No. 4—When filling out the form, be as neat as possible, especially in name spelling and address listing. Be sure to list an address at which mail can be received for the six-month period following the date of application.

No. 5—If the veteran does not remember his policy number, which is requested on the blank, don't worry about it. The VA wants those numbers for ready reference, but they are not essential. There is also a blank space for veterans to write in their "claim numbers," if any. If a veteran has been issued such a number, the Service Officer will have it in that vet's records. If none was issued, forget it. The VA has the name, rank and serial number of every eligible veteran.

No. 6—Once the application is in the mail, don't worry about how soon payment will be made, and don't use the anticipated amount as a promissory note for personal debts. The VA will have about 17,000,000 veterans' records to check, so individual correspondence will only delay your dividend.

Beneficiaries of deceased veterans who are entitled to a share of the refund need not bother with the form. They will be mailed a check by the VA.

Veterans may clip out this article to serve as a guide in applying for the dividends. Do not clip represented forms from newspapers and submit them, however, only the government printed cardboard forms will be accepted and processed.

The local County Service Office and the District Service Offices of the N. C. Veterans Commission will be glad to aid veterans in filing for the NSLI refund, and so will post officers of all the veterans organizations or their representatives.

Simonds Move To Edenton From N. J.

Interesting Story of Departure In Ridgewood Newspaper

Mr. and Mrs. Fred W. Simonds, parents of Mrs. George S. Twiddy, have recently moved to Edenton from Ridgewood, N. J., and it will be interesting to Edenton people to

know what the Ridgewood newspaper had to say regarding their leaving.

The following story appeared in a recent issue of The Ridgewood Herald-News:

"Ridgewood is to lose this month two of its well-known residents who have made their home here, with the exception of a few years, since 1911. Mr. and Mrs. Fred W. Simonds have sold their home at 418 Addison Place and will soon leave to make their home at Edenton, North Carolina, where they will be near their daughter, Mrs. George S. Twiddy, the former Doris Simonds.

"Mr. Simonds, who is an engineer, came to Ridgewood with his family from New England, on May 1, 1911, and bought out the surveying practice of W. L. Thompson at the start of Commission Government in Ridgewood. He was appointed Village engineer, the first salaried engineer in Ridgewood's history.

"He served here eight years, leaving to enter the sanitary engineering field, which branch he has followed ever since. He was located for a few years in North Carolina, which is to be his future home, returning to Ridgewood in March, 1923. With the exception of the war years he has been associate engineer with N. S. Hill, Jr., and his successors, Buck, Ceifert & Jost, Consulting Sanitary Engineers in New York City, now engaged in extensive water and sewer improvements in Puerto Rico and Ecuador.

"During World War II, Mr. Simonds spent a year and a half in the West Indies on the design of water and sewer utilities for the various United States Army bases in those islands. He is a member of Fidelity Lodge, A. F. & A. M., and of the American Society of Civil Engineers. He was formerly affiliated with Bethlehem Commandery Knights Templar.

"Both Mr. and Mrs. Simonds have been loyal members of the First Presbyterian Church throughout their residence here. Mrs. Simonds has been active in the church musical circles and organized and directed the Girls' Choir for six years. Possessed of a clear soprano voice she has contributed her talent in the musical circles of the Village. She was an active member of the Music department of the Ridgewood Woman's Club, joining in the early years, and was a member of the Cecilia Society. She served as soloist of Emmanuel Baptist Church choir for five years. A member of the Wyckoff Colony of the National Society of New England Women, she has long proved her interest in this patriotic organization.

"Mr. and Mrs. Simonds have two daughters: Doris, Mrs. George S. Twiddy, who lives with her husband and four children in Edenton, N. C., and Alice, Mrs. John A. Fletcher, who makes her home in Lexington, Mass., with her husband and their three children.

National Guardsmen Enjoying Camp Life

Local Members Learn to Use Weapons Assigned to Them

By PETER CARLTON

Despite heat and alternating rainy spells, the Albemarle National Guard units have been too busily engaged in their training schedules to pay much attention to the weather. The morale of the men is high is the report from observers on the scene and it is stated that the food has never been better.

Edenton's Heavy Mortar Company is getting much sought after training with the weapons assigned to them, the 4.2 mortars which proved to be so powerful during the latter part of World War II. Each man

from Edenton participating in the training is actually firing the mortar and learning to use skillfully the weapons on tactical problems.

It is generally agreed that comparison with the training period at Fort Bragg last year, this schedule of activities has been accomplished more easily and with less strain on the men.

The City of Columbia, South Carolina, six miles away with its many air conditioned restaurants and theatres and points of interest, is the mecca for all Guardsmen off duty after 5 o'clock in the evening. You can imagine the picture with 13,000 or a good portion of them, thronging the streets. It was also interesting to note the large percentage of men who attended the Sunday Church services, without coercion.

Visitors to the encampment included Mr. and Mrs. Asa Griffin and Mr. and Mrs. Frank Jones, and daughter. With the many activities constantly going on, it is difficult for this writer to be able to find time away from his functional duties to do any writing. No one is sick. All seem to be enjoying the experience and will be home late Saturday night to tell you about it themselves.

P & Q Celebrating First Anniversary

Two Partners In Modern Store Appreciative For Business

P & Q, Edenton's modern food center, is this week celebrating its first anniversary and as a result is receiving congratulations from a host of friends and customers.

The modern self-service store began operations a year ago at the corner of Broad and King streets with Henry G. Quinn and Haywood Phthisic as partners. They have enjoyed a business far above their original expectations and upon arriving at the first milestone in their joint business career, they express their sincere appreciation to their customers, as well as a group of loyal employees who, together, have made the first year of business so pleasant and successful.

In honor of the event, P & Q is this week offering attractive prices on a store-wide basis.

CIRCLE MEETS MONDAY

The Ruby Daniels Circle of the Baptist Church will meet Monday afternoon at 4 o'clock at the home of Mrs. Sue Parker, all members are urged to attend.
