

Yule Trees Can Be Kept Safe From Fire

Be careful, home Santa Clauses, when you handle that Christmas tree. It takes just a spark to turn a beauti-

ful spruce into a blazing inferno in your living room. Christmas trees are full of flammable pitch and resins, and burn furiously even when fresh cut. To help you keep Christmas merry, the National Board of Fire Underwriters offers these safety rules for installing and decorating your Christmas trees:

1. Choose a small tree, instead of

USS CORPORAL (SS 346), A CONVERTED U.S. FLEET TYPE SUBMARINE—Conversion of this submarine to a Guppy-type was accomplished by superstructure stream-lining and increasing battery capacity to give greater submerged speeds. The name "Guppy" stems from the name of the conversion program—Greater Underwater Proposed Propulsion. Approximately 24 U.S. fleet type submarines have been converted to the Guppy class.

a big one. It will be just as pretty and much less hazardous.

2. Keep your tree outdoors until just before Christmas. Install it in the coolest part of the room, away from fireplaces, heaters or radiators.
3. Do not, under any circumstances, use cotton or paper on the tree or around the tree for decoration.
4. Do not place electric trains around the tree.
5. Use electric lights for illumination. Never use candles. See that all wires are in good condition. Use Christmas tree lighting outfits which have been tested by Underwriters Laboratories, Inc. These can be identified by a tag bearing the name of Underwriters Laboratories, Inc., attached to the wires.
6. Do not plug or unplug the electric cords beneath the tree. Provide a switch some distance from the tree to turn the light off or on.
7. Do not leave lights burning when no one is in the house. From time to time inspect the tree to see whether any needles near the lights have started to turn brown. If so, change the position of the lights.
8. When the needles start falling, take the tree down and discard it.

390 Take Part In Skeet Club Shoot

Affair Forced to Be Postponed Due to Sleet and Snow

Chowan County's Skeet Club held another successful turkey shoot Friday at the skeet range near the U. S. Fish Hatchery, when 390 persons took part. Twenty shooters went away with a Christmas turkey. While officials were delighted with the number participating, it is the belief that many more would have taken part if the shoot could have been held Thursday.

The shoot was scheduled to be held Thursday, but it was postponed until Friday due to snow and sleet.

Winning two turkeys each in Friday's shoot were H. G. Evans, P. G. Perry and J. H. Conger. Single win-

RELIEF AT LAST For Your COUGH

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

CREOMULSION for Coughs, Chest Colds, Bronchitis

night, when husbands and wives of members were special guests.

A Christmas tree was the center of the party, when presents were exchanged and refreshments served.

Mrs. Willie O'Neal was in charge of the entertainment, Mrs. Sam Allen supervised the refreshments and Mrs. Erie Haste had charge of the decorations. It was the first social affair of the new organization, which was thoroughly enjoyed by all who attended.

The highest purpose of intellectual cultivation is, to give man a perfect knowledge and mastery of his own inner self. —Novalis.

NERVOUS STOMACH

ALLIMIN relieves distressing symptoms of "nervous stomach"—heaviness after meals, belching, bloating and colic due to gas. ALLIMIN has been scientifically tested by doctors and found highly effective. World famous—more than a 1/4 billion sold to date.
