

## Annual Meeting Of Albemarle Electric Corp. March 25th

### L. Y. Ballentine on Program as Principal Speaker

Announcement is made by Gilbert L. Whitley, manager of the Albemarle Electric Membership Corporation, that the annual meeting of the organization will be held on Saturday afternoon, March 25, at 2 o'clock in the Perquimans County High School auditorium at Hertford.

The principal speaker for the meeting will be L. Y. Ballentine, Commissioner of Agriculture for North Carolina. Dudley Bagley of Moyock, first chairman of the North Carolina Rural Electrification Authority, is also expected to attend, as well as representatives from REA of Washington, D. C.

Mr. Whitley announced that some appliance dealers and manufacturers also plan to exhibit the latest in electrical appliances. Several valuable prizes, which have been donated by local firms, and electrical manufacturers will be awarded during the meeting. A good representation from the more than 1,700 consumers and their families are expected to attend.

At the meeting nine directors will be elected from the counties within the service area. Those placed in nomination are as follows:

Pasquotank County—Tommy Temple, R. C. Hewitt, J. Haywood Bright, W. K. Jones, Kenneth W. Markham, R. T. Meads, Walter R. Lowery.

Camden County—L. W. Stallings, W. E. Meiggs, J. Wilson Jones, E. L. Hale, J. A. Whitehurst.

Perquimans County—Charles E. White, Floyd Matthews, A. T. Lane, George S. Caddy, W. A. Chappell, E. W. Long.

Chowan County—J. A. Wiggins, John N. Bunch, C. E. Asbell, L. E. Overton.

## 328 Victims Of TB Rehabilitated In Year

### Majority Cases of Disease Found In 25-45 Year Group

During the year 1948-49 a total of 328 North Carolinians who were handicapped by tuberculosis were rehabilitated into gainful employment through the services of the Division of Vocational Rehabilitation. The group included 191 men and 137 women; 247 white clients and 81 Negroes.

Of interest to those persons who are concerned about the fact that tuberculosis strikes during the productive years of life is the age distribution of this group:

AGE	NO.
16-20	2
21-25	31
26-30	68
31-35	53
36-40	25
41-45	76
46-50	33
51-55	19
56-60	17
61-65	4

The majority falls in the 26-45 year age group. Without the services of the DVR it is possible that many of

these young people might not have been able to again become useful citizens in their community.

According to a report released by Charles H. Warren, Director, Division of Vocational Rehabilitation, only twenty of this group of 328, were employed at the time of acceptance. The average earning power was \$1.24 per week. After rehabilitation there are 234 persons employed and their average earning power is \$33.95 per week. The various types of employment are: Bookkeepers, secretaries, housewives, general farmers, teachers, laboratory technicians, retail managers, general clerks, barbers, beauticians, repairmen and textile workers.
