

Projects For Flood Control Approved

Bill Now Ready For the Signature of President Truman

A public works bill, authorizing the construction of four river and harbor and flood control projects and surveys for three others in northeastern North Carolina has received the final approval of Congress, it needs only the President's signature to become law.

Congressman Herbert C. Bonner reported immediately following passage of the bill that four projects in the First Congressional District of North Carolina were authorized for construction. They were:

(1) An \$860,000 Oregon Inlet and Manteo Bay project which is expected to accumulate annual benefits of over \$193,400, including a \$150,000 increased catch of fish;

(2) A \$110,000 flood control project in the Pasquotank River basin which will enhance farm land from the Tadmire section of Pasquotank County to Elizabeth City.

(3) An \$80,600 project in Far Creek near England which will widen and deepen the creek channel from the Pamlico Sound to about 200 feet below the bridge at England; and

(4) A \$112,400 Inland Waterway project in the vicinity of Fairfield, N. C., which will recover for cultivation some 2,500 acres of farmland.

The bill authorizes a river and harbor survey in Middle Creek and flood control project surveys in the Perquimans River and Filbrets Creek at Edenton.

Congressman Bonner explained that

the appropriations for the authorized projects will have to be made in the next appropriations bill. The projects were not authorized in time to be included in the appropriations bill this session.

178 Receive Old Age Assistance In April

During the month of April 176 persons in Chowan County benefitted by old age assistance, when \$4,531 was distributed. There were also 29 aid for dependent children cases who received \$1,229 and 15 aid to blind cases who received \$435.

During the month the local Welfare Department rendered general assistance to eight persons in the amount of \$207.42. Other financial aid included four persons hospitalized in the county, four hospitalized outside the county and medicine for two persons.

(Service cases included eight child labor certificates issued; three children referred to the Blind Commission for eye examinations; three received care from Veterans Rehabilitation in cooperation with the Welfare Department, and 30 children received individual service.

One's first lesson is to learn one's self; having done this, one will naturally, through grace from God, forgive his brother and love his enemies.

—Mary Baker Eddy.

\$450 LESS THAN ANY OTHER V-8

ONLY LOW-PRICED CAR WITH A V-TYPE ENGINE

Yes, only in cars costing hundreds higher can you equal Ford's V-type power. In fact this Ford V-8—the type of engine used in America's costliest cars—is yours for hundreds less than most "sixes." (And Ford's "Six" is yours for even less money.)

"TEST DRIVE" THE ONE FINE CAR IN THE LOW-PRICE FIELD!

White sidewall tires available at extra cost

IT'S THE "BIG ECONOMY PACKAGE"

With all its quality, Ford's an economical car to buy and to own. Your present car probably covers the down payment. Quality keeps Ford's upkeep and maintenance cost down. And with Ford's fine car coachwork, you can expect a higher resale price.

"YOU CAN EVEN HEAR ITS QUALITY"

New super-fitted pistons, a new "silent-spin" fan and the new hushed timing gear bring you power at a whisper. Even the body has been "sound-conditioned" to bring you this new quality quiet.

CHECK YOUR CAR • CHECK ACCIDENTS
