

Extension Is Given Milk Distributors

Meeting of Health District Held Thursday In Elizabeth City

A thirty day extension, to July 1, was granted for the new amendment to the U. S. Health Ordinance last Thursday, May 13, when the Perquimans - Pasquotank - Camden - Chowan Health board met and heard the public and the dairies concerned express their opinions on the order.

G. C. Coleman, president of Birtcherd's Dairy in Norfolk, stated to the board that Birtcherd's Milk was first brought into this territory by request of Government installations, then at the request of the people. He further stated that Birtcherd's milk was sold from one to three cents higher than that of local dairies and presented petitions signed by Birtcherd customers.

J. D. C. Rockefeller, president of Miller's Dairy, who supplies Albemarle Dairy of Edenton with milk, merely requested a six months extension of time in order to consider the erection of a bottling and packaging plant in the area. Mr. Rockefeller offered no petitions and was highly commended by Dr. Weeks, member of the board, on his attitude toward the ordinance.

Woody Foreman of Elizabeth City stated that local dairies wanted to get Norfolk Dairies out of this district in order to get a sale for their own products rather than losing them.

Jimmie Church of the Albemarle Dairy in Edenton, speaking strictly in his own behalf, told the board that he had gone heavily in debt over two years ago in order to deliver a vital food to the children of Chowan County when no local dairy or concerns would take the chance on this step. He implied that he felt that he was being given a raw deal by being thrown out on a thirty day notice, not being given a chance to repay his debt in full.

Several local producers and distributors spoke to the board, all implying that they could not sell their milk to the public against competition from Norfolk Dairies.

Two Birtcherd customers, R. K. Renton and Macon Johnson of South Mills asked the board for the continuance of Norfolk milk.

Jimmie Church has announced to his customers and to the public that no matter what the rumors have been, neither he nor Miller's Dairy have any intention of going out of business in Chowan County. However, he states that they will comply and cooperate with the rulings of the Health Board. Mr. Church also stated that he or Miller's dairy did not draw up a pe-

tion because they respected the Board of Health and did not wish to direct public sentiment against the action. He stated that if his products were not good the people would not pay a premium price to get them.

U. S. SENATE VOTE SHOWS:

Graham Favors No Segregation In Washington, D. C. Schools

In 1949 the U. S. Senate was considering a bill known as "Home Rule for the District of Columbia," which would give Washington City Council the right to abolish existing segregation in their schools.

Senator Eastland of Mississippi proposed an amendment which would give the people of Washington a right to vote on whether they desired to abolish segregation in their schools.

This amendment was designed to give the people in Washington, D. C., the right to vote on segregation.

Every Southern Senator Voted For This Amendment

— EXCEPT —

GRAHAM, PEPPER AND KEFAUVER

Three weeks ago the people of Florida repudiated and defeated Pepper for renomination by an overwhelming majority.

Nineteen Southern Senators voted for this amendment, including SENATOR HOEY of North Carolina, BUT it was defeated by Graham-Pepper-Kefauver, who voted with Northern Republicans and Democrats. Thus,

Graham Denied People of Washington, D. C., the Very Same Rights as Are Guaranteed North Carolinians

Yet, he talks glibly about handling the race problem in the North Carolina Way.
