

Rotary Governor Installed July 9th

District Assembly Will Be Held at Morehead City

Newly-elected Governor H. B. Spruill, of the 278th Rotary District, will be installed at the District Assembly of Rotary Clubs, to be held at Morehead City on July 9-10. Governor Spruill won the nomination at the District Convention in Pinehurst in May and this nomination was confirmed at the International Rotary Convention in Detroit in June.

Spruill succeeds Zeb Brinson of Tarboro, who was installed a year ago.

Among those who will take part in the Assembly are former district Governors Zeb Brinson, Edmund Harding, Vic Huggins, John Holmes, Sherwood Roberson and Robert Madry. Edmund Harding, known as "North Carolina's Ambassador of Good Will," of Washington, N. C., will be the principal speaker at the Sunday evening "Fellowship Dinner", which will be held at the headquarters hotel, the Ocean King, at 7:30.

Lost Colony's 10th Season Under Way

Scheduled for 57 Showings; Closes on September 3rd

The Lost Colony, described by Brooks Atkinson, New York Times drama editor as having the longest run of any single production in the summer theatre got off to an exceptionally good start on the week-end of July 4th. Thousands of persons witnessed performances during the first four nights of the 1950 season.

The Lost Colony will be shown for 57 nights this season with the final performance of 1950 scheduled for Labor Day Eve on Sept. 3. While many of the first patrons came specifically to see the famed symphonic drama by Paul Green, a large percentage came to Roanoke Island and its environs to combine a vacation trip with their visit to the Waterside Theatre where the show is presented every night except Monday. The vacationists for the most part stopped at the Dare beaches which comprise the oceanside communities of Nags Head, Kill Devil Hills and Kitty Hawk. The ocean beaches are reached by modern highway and state bridges from Roanoke Island and are only a few miles distant from The Lost Colony theatre which is presented at actual site of English-America's birthplace.

Specialists Observe Local Peanut Stands

Dr. E. R. Collins, agronomy specialist, and Dr. Gregory, Experiment Station peanut breeding specialist visited Chowan County's peanut variety test demonstrations last week, making observation of the growth and appearance of the various new varieties developed by the experiment station. The local stand is perhaps about 80% or better and the peanuts in general are looking good. Some differences can already be observed in one or two of the varieties.

This demonstration is being conducted on the Strawberry Hill farm of A. C. Boyce near Edenton.

VFW Renews Efforts For War Memorial

(Continued from Page One)

contacted other veterans organizations for financial and mental aid with this plan but cannot get a response to the plea. We ask no credit for our small part. We merely wish to honor our fallen heroes, your fallen heroes; for were it not for the blood that they so gallantly gave, our children and your children would not be happy, because our lives and your lives would not be worth living.

"Gentlemen, we know why our dead comrades should be honored. Yes, we know because we held their heads out of the mud when they were dying. We lit their last cigarettes. We heard their last words. We helped them pray their last prayers. Yes, we know, as only we can know, why the brave dead of Edenton and Chowan County should be honored.

"It is hoped by the V. F. W. members that these bodies, Town Council and County Commissioners, will grant us the use of the said fund. We wish to erect the monument for one specific cause—To show our community, our tourists and the spirits of our comrades that the blood they gave saved the blood that we kept." We feel that this erection will be an asset to the morale and the hearts of the people of our community as well as to our many visiting tourists.

"We are striving to erect this said monument to show mothers, wives, kindred, and friends of these fallen heroes that they who gave so much are not forgotten by so many."

The letter is signed by Henry G. Quinn, Elwood Nixon, Bill Harris and James Bond, members of the VFW Memorial Committee.

The County Commissioners, by motion, asked for VFW and American Legion committees to meet and agree upon the type of memorial to be erected and then meet jointly with the County Commissioners and Town Council for the purpose of officially releasing the fund.

Bishop Harrell Will Be Guest Theologian On Roanoke Island

Bishop Costen J. Harrell of the Western North Carolina Methodist Conference with headquarters in Charlotte will be the guest theologian in Waterside Theatre at Manteo on Sunday, July 9. He will be the second person to preach at the site of the Lost Colony landing on Roanoke Island during the current season of the show which opened last Saturday and will be presented each night except Monday during its current 57-night schedule which will be concluded on September 3.

Guest minister in The Lost Colony's theatre last Sunday was Dr. William Crowe, Jr., of Wilmington, N. C., where he is pastor of the First Presbyterian Church. Mr. Crowe's sermon subject was "The Eternal Life."

Bishop Harrell has announced that his sermon subject will be "The Faithful," and the closing hymn of the services which are held in the guest amphitheatre overlooking Roanoke Sound will be "Faith of Our Fathers."

The Sabbath morning religious worship periods have been a feature of The Lost Colony for several years. The services held each Sabbath by a different guest minister of a different religious creed, attract many persons to the open air theatre which literally becomes a "Cathedral-by-the-Sea" on Sundays. Music is furnished by the famed Lost Colony Chorus.

Aid Provided For Veterans With TB

Veterans of World War II who develop pulmonary tuberculosis within

three years from date of discharge from service are granted new presumptions of service-connection for purposes of compensation, provisions and out-patient medical treatment under the provisions of Public Law 578, approved by the President June 23.

The previous law provided a presumptive period one year generally for chronic diseases, with additional presumptions running up to two years for varying stages of tuberculosis.

Presumption of service-connection means that, in the absence of evidence to the contrary, a disease which becomes manifest within the specified period to the extent that it is at least 10 per cent disabling is presumed to have had its origin while the veteran was in service.

World War I veterans were granted a presumptive period for tuberculosis which extended up to January 1, 1925. The purpose of the new law is to provide a comparable presumptive period for World War II veterans.

The Veterans Administration announced it is at present drafting regulations to administer the new law for World War II veterans.

State Accepts 4-H Programs For Girls

Three national 4-H awards of special interest to rural girls have been accepted for the current year by the North Carolina State Club office, it is announced by the National 4-H Committee. They are Girls' Record, Canning and Dress Revue.

County winners in each will receive honor medals, and State champions will get educational trips to the National 4-H Club Congress in Chicago next November.

National awards are \$300 college scholarships in Girls' Record and Canning, and leather-cased scissors in Dress Revue. Donors of awards in the respective programs are Montgomery Ward, Kerr Glass and Simplicity Pattern Co. The programs are conducted under the direction of the Cooperative Extension Service.

North Carolina state winners in the programs last year were: Doris Strickland of Halifax in Canning, and Carolyn Miller of Statesville in Girls' Record. They also won national honors. State winner in Dress Revue was Audrey Pearce of Edenton.

County Extension Agents will furnish full information on these programs.
